## About the Inner West Community Committee

The Inner West Community Committee is part of Leeds City Council and is tasked with ensuring services are delivered in a way that meets local needs rather than a 'one size fits all'. Each year, the Committee focuses on a number of key topics that are important to local people and would benefit from a new approach. They also provide grant funding to organisations to make a difference within their communities. The Committee's meetings are open to all.

## What we do

The Community Committee aims to:

1. Increase community activity and local residents' involvement in decision making
2. Work with our partners to improve services in our local neighbourhoods
3. Support activities that make people and places feel safer
4. Enhance the quality of our parks and public spaces
5. Develop and make better use of community assets
6. Support children and young people to be engaged, active and inspired
7. Promote healthy lifestyles and tackle health inequalities
8. Provide opportunities for people to get jobs, volunteer or learn new skills
9. Improve access and engagement in sport and cultural activities

## Our Priorities for Inner West for 2016/17

- Support and promote communities that are welcoming to all and reflects the diverse cultures and backgrounds of the local area.
- Recognise the challenges facing those who are socially isolated or suffer from mental ill health, and help them access activities and services within their community.
- Influence, promote and improve district centres to work better for local communities.
- Working to improve opportunities and attainment as part of a Child Friendly City.
