Date

Dear Sir,

PREM/03856/001 Premises Licence - New Application extending opening hours up to 3am Papa John's Pizza, 54, Austhorpe Road, Cross Gates, Leeds, LS15 8DX

This is an objection to the above application

Far from promoting the statutory licensing objectives under current legislation, this proposal, if granted, will actively work against them, as follows

PUBLIC NUISANCE This is a quiet residential area where, generally, folks are in bed by the current closing time of 11 30 pm. If this proposal is granted, there will be all kinds of nuisance late at night, vehicles stopping and starting, raised voices, slamming of car doors, customers on foot shouting and, perhaps, throwing unwanted food and food containers into residents' gardens

CRIME AND DISORDER Late night opening, as proposed here, can well create opportunities and a meeting place for criminal elements, who may go on to practise their activities in the immediate vicinity (garage/shed breakins, etc)

HARM TO CHILDREN Children of teenage years, especially those unsupervised and with minimal family or home life, may well congregate at an establishment such as this at late hours and all kinds of undesirable and untoward activity may follow

THREATS TO PUBLIC SAFETY Customers engaging in the above activities, if challenged by local residents wanting peace and quiet, may well respond in a physically aggressive manner, threatening public safety. The congregation of sizeable groups of customers on the forecourt of the premises may have the same effect.

DANGER OF TRAFFIC ACCIDENTS Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements. More traffic will increase accident risks

Hence, extension of opening hours to those requested is undesirable, and the application should be rejected

Dear Sir,

PREM/03856/001 Premises Licence - New Application extending opening hours up to 3am Papa John's Pizza, 54, Austhorpe Road, Cross Gates, Leeds, LS15 8DX

We would like to express our views and dissatisfaction, and formally register our strong objection to Application PREM/03856/001 by Papa John's Pizza, which is proposing to extend their opening hours at their premises at 54 Austhorpe Road, Cross Gates

The opening hours proposed are excessive and not appropriate for a takeaway located amongst a residential area

which is in extremely close proximity to the pizza bar, there are several reasons why we wish to contest this planning application and raise our concerns and strong objections for consideration. We strongly believe the extended opening hours proposed will have an adverse impact on the character of the neighbourhood as well as on the residential amenity of myself and my neighbours, due to reasons of noise, disturbance, and littering

Far from promoting the statutory licensing objectives under current legislation, this proposal, if granted, will actively work against them, as follows

PUBLIC NUISANCE This is a quiet residential area where, generally, folks are in bed by the current closing time of 11 30 pm. If this proposal is granted, there will be all kinds of nuisance late at night, vehicles stopping and starting, raised voices, slamming of car doors, customers on foot shouting and, perhaps, throwing unwanted food and food containers into residents' gardens. Logic would dictate that those seeking food at 1, 2, 3am in the morning are more likely to be highly intoxicated post-pub/club drinkers with 'the munchies' than ad hoc shift workers going about their business.

CRIME AND DISORDER Late night opening, as proposed here, can well create opportunities and a meeting place for criminal elements, who may go on to practise their activities in the immediate vicinity (garage/shed break-ins, etc)

The fact that we already have occasional cause to report unsavoury / suspicious activity, at the back of the shops to the local police, including gangs of youths congregating, suspected drug dealing and drug taking, which we can only assume will increase with the additional opening hours proposed

HARM TO CHILDREN Children of teenage years, especially those unsupervised and with minimal family or home life, may well congregate at an establishment such as this at late hours and all kinds of undesirable and untoward activity may follow

THREATS TO PUBLIC SAFETY Customers engaging in the above activities, if challenged by local residents wanting peace and quiet, may well respond in a physically aggressive manner, threatening public safety. The congregation of sizeable groups of customers on the forecourt of the premises may have the same effect.

DANGER OF TRAFFIC ACCIDENTS Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements More traffic will increase accident risks

LITTERING - I'd assume an increased volume of discarded waste and rubbish into an area where it is clear the council are already struggling to maintain acceptable standards, given the state of the streets and the rubbish already lying around which seems to take weeks to be cleared (and I would suggest ends up, more often than not, being removed by residents themselves). With several takeaways in the area, this will only get worse with the additional opening hours. Saturday and Sunday mornings are already a 'joy' on both the terrace and on North Road as we pick our way through discarded packaging and foodstuffs from the night before

This, and other recent applications for 'development' in Cross Gates all seem to be intent in turning what is a family-friendly suburb into Leeds town centre on a Saturday night

Hence, extension of opening hours to those requested is undesirable, and the application should be rejected

Subject PREM03856/001 - Papa John's Pizza, 54 Austhorpe Road, Leeds, LS15 8DX

Dear Sır/Madam

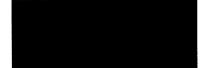

We write in respect of the above application for extended trading hours for the above pizza shop

We strongly object to the extension of trading hours to 1am Monday - Thursday and 3am Friday and Saturday nights. Much of the area in Crossgates around the site of this shop is residential. The noise nuisance that those visiting the shop would cause at these late hours is unfair to the residents in the locality and totally unnecessary. In addition there is the strong possibility, along with noise nuisance, of considerable littering in the surrounding area whether this be in the shopping area or in the gardens of residents en the route from the shop

We also feel that encouraging people into the area in the early hours of the morning could lead to more damage and possibly break ins and burglaries

Crossgates is a decent area with a number of good places to go and have a quiet evening meal with a drink but recently it seems that traders and potential traders in the area are attempting to make it into a 24 hour party location

Please note our strong objection

19 October 2016

Dear Sir,

PREM/03856/001

Premises Licence - New Application Papa John's Pizza, 54, Austhorpe Road, Cross Gates, Leeds, LS15 8DX

Cross Gates Watch Residents' Association objects strongly to this application

We understand that licensing objectives, under current legislation, are

- · the prevention of crime and disorder,
- public safety,
- · the prevention of public nuisance,
- the protection of children from harm

We are also aware that agencies such as Healthy Places, which focus on factors and features that are often not recognised or understood as having a potential impact on health in a local area, recommend that a health objective be added to the above. For the purposes of this objection, however, we will contain our comments and explanation to the four objectives designated by The Licensing Act.

However, to make this effective, we need to provide a number of elements of context in which to locate our objection and to make it clear

One of these is the exact location of the premises, which are at the extreme eastern edge of the area designated by LCC as Cross Gates 'Town Centre' (more on this later) The premises are, in fact, only just across the road (Back Austhorpe Road) from Marshall Street, a perfectly ordinary residential street, at the rear, and, at the front, only about 25m from the nearest private residence, No 43, across Austhorpe Road Two doors away are two flats at 45a and b. To the east, the premises are 50m away from the nearest residential property on the north side of Austhorpe Road at the four flats above No 55. Next is No 57, now for some years a care home. It is only about 70m from the nearest private residence, No 72, on the south side of Austhorpe Road. The area to the east is residential, including Manston Park. The current opening hours are 11.00-23.00, which we contend are entirely appropriate for a takeaway in a setting such as this (there are very few unemployed people near by, and many hard working people have to get up at 5am to go to work). Extension of these hours to Sun-Thurs 10am-1am, and Fri-Sat 10.30am-3am is grossly excessive for the following reasons.

Although the retail area of Cross Gates has been designated a 'town centre' by LCC, this is a misnomer A typical town centre is large and has a central feature, such as a town hall, a market square, a monument, a cinema, or a green open space. Cross Gates has none of these it is simply two roads, Station Road and Austhorpe Road, at right angles to each other, each with some, though not a vast number of, retail outlets and a shopping centre sandwiched in the angle between the two. To call such a locality a 'town centre' is entirely inappropriate and unfortunately has some, perhaps unintended but nevertheless real, negative consequences.

One of these is that the search engines used by agencies which supply data and information to businesses utilise keywords precisely such as 'town centre' in order to identify opportunities for business operations. We note that the applicant is located 130 miles away and, perhaps, working at the end of a computer, does not fully appreciate the quiet, suburban, residential nature of the environment in which the premises are located.

Cross Gates is not a 'town centre' at all in the usual meaning of that phrase but we suffer because distant applicants (such as here) often assume that we are

Some councils recognise that a significant number and type of licensed premises in a particular area may lead to problems of crime, disorder and nuisance and, in accordance with the Statutory

Guidance to the Licensing Act (2003), have applied cumulative impact policies whereby, generally, new premises licences, or applications to materially vary a premises licence, are refused — where material variations include, for example, an increase in permitted hours

An LCC cumulative impact policy exists in Horsforth, a suburb of similar size, and similar distance from Leeds City Centre, as Cross Gates but no such policy exists here. We certainly feel that it should as there are a considerable number of hot food takeaways in Cross Gates, most closing by 11.30 pm but one, in very close proximity to the application site, permitted to remain open until 00.30, Sun-Thurs, and 02.00, Fri-Sat. We feel that this particular section of Austhorpe Road, well away from the centre of Cross Gates, could become a magnet for anti-social behaviour and public nuisance and, quite possibly, crime (e.g., drug-dealing and associated violence) in the early hours of the morning when most local residents are at home in bed. Potential perpetrators may come from miles around and have no concern for the consequences of their behaviour re those living in very close proximity to the premises. This area is very quiet after 9pm, and after 11pm there is very little vehicular or pedestrian movement. We can provide data to show this

We see that the applicant is offering, 'free' as it were, to abide by certain non-mandatory conditions, including signage in the customer area requesting customers to leave quietly and to respect neighbours, no children are on the premises after 10pm, unless accompanied by an adult We are not persuaded in any way by these 'offers', which we find to be very loosely worded and virtually unenforceable. However, it is interesting that the applicant clearly recognises that there may be a threat to the amenity of those living close by and the possibility of harm to vulnerable children (and we are mindful of the fact that the UK Government has ratified the UN Convention on the Rights of the Child which defines a 'child' as everyone under 18) who may be on the loose, a source of nuisance to others, a danger to themselves, in danger of congregating in groups at late-opening venues such as this is proposed to be and, within such groups, falling into the 'wrong' company (e.g., drug-dealing and taking) and engaging in acts (e.g., vandalism) to which they would otherwise, and singly, not be prone

Consequently, far from helping to promote the statutory licensing objectives, this application actively works against them

STRONG POSSIBILITY OF PUBLIC NUISANCE Raised voices, slamming of car doors, general comings-and-goings at the times envisaged, immediately adjacent to a quiet, residential area, constitute public nuisance

POSSIBILITY OF CRIME AND DISORDER An operation such as this, at this time of night, has the distinct possibility of encouraging nefarious elements, local and from some distance away, to congregate in the one spot, with unlawful activities of many kinds (eg drug-dealing, a known problem in the area) ensuing

POSSIBILITY OF HARM TO CHILDREN Unsupervised, unwanted and 'feral' children of teenage years may be drawn to a facility such as this at late hours with all kinds of undesirable outcomes possible.

POSSIBILITY OF THREATS TO PUBLIC SAFETY If residents dare to complain or intervene in any of the possible untoward occurrences above, then they may be in a position where their safety and wellbeing may be threatened. The premises are midway between two public houses, The New Traveller's Rest, LS15 7PF, and The Barnbow, LS15 8EH. Patrons of these establishments lingering after closing time may well be drawn to the premises at a very late hour, much "the worse for wear", and may engage in all sorts of obnoxious and provocative activities on or around a takeaway establishment such as this

DANGER OF TRAFFIC ACCIDENTS Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements. While traffic levels are currently low, Austhorpe Road is a good straight road with a high accident rate and cars travel at a pace. More traffic will increase accident risks.

INCREASED LITTER PROBLEMS there must inevitably be an increased volume of discarded waste and rubbish into an area where the council already struggles to maintain acceptable standards. The attached picture illustrates the problem on the corner of North Road and North Terrace about 50-60 yards from the Livorno and Papa John takeaways on Austhorpe Road. The householder has not yet emerged to the sight on the doorstep. This is common. I live much further away, but must often remove a bagful of meal cartons, bottles and drink cans from in front of my house.

To conclude, we feel there is no case for allowing the extension of licensing hours at this premises, and certainly not to the extent asked for We ask for this application to be rejected

We note in passing that the hours asked for are not consistent with the current planning permission

Proposed extended opening hours Papa Johns Takeaway,, Austhorpe Road, Leeds

Dear sir,

I wish to object to the above proposal on the following grounds

Although the city council has designated this area as a "Town Centre", it is a quiet residential area, the take away premises being surrounded by high density population in terraced properties A large proportion are older people who have lived here many years, though others have small families with people who work early mornings. Several people in my own street leave for work as early as 5am. It is not acceptable that they and others are kept awake until 3am with vehicles leaving and arriving to collect take away food. The area is very quiet in the early hours of the morning and noise carries longer distances

To allow the proposal for extended opening until 3am could set an unfortunate precedent for other nearby restaurants and take away premises The city centre may proudly assert to be a "24

hour" city We certainly do not want Cross Gates to become a 24 hour area

The problems of increasing alcohol consumption are well documented and do not need to be repeated here To allow extended licencing until 3am can only add to those problems Yours faithfully

This is an objection to the above application

You may not be aware that a planning application to convert the top floor of the building into a House of Multiple Occupancy is currently under consideration by LCC Planning department. Whilst I understand that licensing and planning are separate entities one might influence the other in this particular case as they may well be in conflict and or have a bearing on the other.

General

Section 17 of the Crime and Disorder Act 1998 requires all local authorities to exercise their functions with due regard to their likely effect on crime and disorder and do all they can to prevent crime and disorder

The Area

This is generally a quiet residential area where the hustle and bustle of the Cross Gates Centre subsides on closure of the shopping Centre at 6pm, thus creating a harmonious relationship between the commercial interests of the centre and the rights of residents enshrined in law to enjoy a peaceful and crime free existence

Recent Trends

25 years, the takeaway is situated some 2 minute walk away

The area as in recent times—seen a decline in standards that the Licensing Authority are charged to maintain and improve, this will be accelerated by applications of this nature—Recent reported instances are detailed below

Moreover there would appear to be an attempt to turn the previously harmony relationship between the Centre and residents on its head by commercial organisations trying to create a night time economy on Austhorpe Road , the consequence of this will be a significant increase in Public Nuisance, Crime and Disorder, Threats to public safety and harm to children

Recent reported Incidents close to Applicants Business

1 $\,$ On the 20/10/2016 Fire In Ginnel between Church Lane and North Road (circa 200m N East of Applicants Premises

The fire brigade (circa 9 50 pm) were called out to a fire in the ginnel between Church Lane and North Road, the fire started deliberately causing damage to tarmac and fencing panels to adjoining house

2 My wife was assaulted on her way to Nevarno,s takeaway (next door to Pap Johns)- July 2016

The incident has a police report number. It occurred about 200m north east of the applicant's premises

This incident was also on Streetlife 7/8/2016 (Streetlife is a local social media site)

A little cautionary tale, my wife was accosted by a young man, who was high on drugs near the Seven Sports Building at 8 45 pm a few weeks ago, he leapt out from behind a hedge, she managed to push him aside and get away from him She was badly shaken. The incident was reported to the police and they regarded it as serious and told us that they would visit us in the hour

We stopped up until 1 am and the police did not arrive, there was no phone call Subsequently the community Police and Councillors were informed and some two weeks later the police apologised and told

us why they did not come out They were too busy dealing with drunks watching the Euro Final This is the real world

3 On the 29/6/2016 Cross Gates Watch Residents Association were informed about 2 separate drugs related incidents and fights in park (children), the details were passed on to the police

Resident/neighbours down Church Lane have reported to for reference to CGWRA that there have been two recent drugs related incidents and a violent incident in the park recently

1 in the Ginnel between Church Lane and the top of North Road syringes have been on the path for a fortnight, despite being reported to LCC a fortnight ago, they have been reported again today they were told that they would be removed in the next 24 Hours (The ginnel is about 200 m from the applicants premises

2 She was told by a mum that she saw a car parked on Sandbed Lane where 2 men with hoodies passed money into a car in exchange for what might be drugs

- 3 The fight in the park involved a group of youths attacking another youth with weapons
 - 4 Minutes of Cross Gates Forum Meeting dated 20/4/2016 (North East Community Committee-Chaired by Councillor Pauline Graham Grahame

This reports issues with youths arranging fights by face book in Manston Palk

Crime stats for criminal damage were also reported between 15/10/16 and 18/4/2016 as 28 incidents

5 Stone Throwing

Incidents of stone throwing by youths at cars in the area had been reported at the Forum Meeting of the 22/6/2016 and earlier meetings

We are well acquainted with drug issues in this area. Some years ago the then Arndale Shopping Centre featured on a national TV programme as a place where addicts went to do their first shop lift of the day to fund their first fix. Even now people are aware of it. One member said

6 Drugs Related -A report in the Yorkshire Evening Post on the 30 Oct 2015 stated

'A judge also ordered that Benjamin Osborne's moped be confiscated and destroyed because it was used in the omission of crime Osborne, 29, was arrested after an off duty detective spotted him handing over cannabis to a woman on Tranquillity Walk, Cross Gates' 'Osbourne pleaded guilty to possessing Class A B drug'

7 Shoplifting and Drugs

We are well acquainted with drug issues in this area. Some years ago the then Arndale Shopping Centre featured on a national TV programme as a place where addicts went to do their first shop lift of the day to fund their first fix.

8 Current Disturbance From Takeaways- Rubbish

It is a matter of fact that a substantial number of residents have already been subjected to increased disturbance with takeaway rubbish left in the street and thrown in gardens. Giving no thought to local residents. My wife very recently had to clean up copious amounts of sick with the remnants of Dona Kebab from the pavement outside our house, (before Children went to school)

I have witnessed Papa John's pizza boxes next to the bus stop opposite (even though there was a bin next to it

The local fox, crow and rat population have a field day

9 Disturbance From Takeaways- Delivery Scooters

These can drive you to distraction as they speed to and from deliveries with what can only be described as grossly inadequate noise suppression

The opening hours proposed is excessive and not appropriate for a takeaway in this area, the application should be rejected

PUBLIC NUISANCE

Customers will come from far afield including those worse for were in drink to disturb our way of life

If this proposal is granted, there will be all kinds of nuisance late at night vehicles stopping and starting, raised voices, slamming of car doors, customers on foot shouting and, perhaps, throwing unwanted food and food containers into residents, gardens

Antisocial behaviour will increase and the possibility of conflict between residents and customers

CRIME AND DISORDER

Late night opening, as proposed here, can well create opportunities and a meeting place for criminal elements, which may go on to practise their activities in the immediate vicinity (garage/shed break-ins, drug dealing and taking etc)

HARM TO CHILDREN

The local park will have long been locked up for the night

Children of teenage years, especially those unsupervised and with minimal family or home life will congregate at an establishment such as this at late hours and all kinds of undesirable and untoward activity may follow

THREATS TO PUBLIC SAFETY

Customers engaging in the above activities, if challenged by local residents wanting peace and quiet, may well respond in a physically aggressive manner, threatening public safety. The congregation of sizable groups of customers on the forecourt of the premises may have the same effect

DANGER OF TRAFFIC ACCIDENTS

Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements. More traffic will increase accident risks

Conclusion

Far from promoting the statutory licensing objectives under current legislation, this proposal, if granted, will actively work against them

It will undermine the work of the local policing team and the Youth Services Team

Hence, extension of opening hours to those requested is undesirable, and the application should be rejected

Nelson, Matthew

Date: 21/10/2016

Dear Sir.

PREM/03856/001 Premises Licence - New Application extending opening hours up to 3am. Papa John's Pizza, 54, Austhorpe Road, Cross Gates, Leeds, LS15 8DX.

This is an objection to the above application

Far from promoting the statutory licensing objectives under current legislation, this proposal, if granted, will actively work against them, as follows:

PUBLIC NUISANCE. This is a quiet residential area where, generally, folks are in bed by the current closing time of 11.30 pm. If this proposal is granted, there will be all kinds of nuisance late at night vehicles stopping and starting, raised voices, slamming of car doors, customers on foot shouting and, perhaps, throwing unwanted food and food containers into residents' gardens.

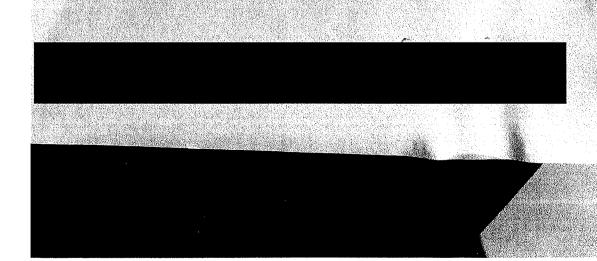

CRIME AND DISORDER. Late night opening, as proposed here, can well create opportunities and a meeting place for criminal elements, who may go on to practise their activities in the immediate vicinity (garage/shed breakins, etc.).

HARM TO CHILDREN. Children of teenage years, especially those unsupervised and with minimal family or home life, may well congregate at an establishment such as this at late hours and all kinds of undesirable and untoward activity may follow.

THREATS TO PUBLIC SAFETY. Customers engaging in the above activities, if challenged by local residents wanting peace and quiet, may well respond in a physically aggressive manner, threatening public safety. The congregation of sizeable groups of customers on the forecourt of the premises may have the same effect.

DANGER OF TRAFFIC ACCIDENTS. Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for. The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements. More traffic will increase accident risks.

Hence, extension of opening hours to those requested is undesirable, and the application should be rejected.

Dear Sir,

PREM/03856/001 Premises Licence - New Application extending opening hours up to 3am Papa John's Pizza, 54, Austhorpe Road, Cross Gates, Leeds, LS15 8DX

This is an objection to the above application

Far from promoting the statutory licensing objectives under current legislation, this proposal, if granted, will actively work against them, as follows

PUBLIC NUISANCE

This is a quiet residential area where, generally, folks are in bed by the current closing time of 11 30 pm If this proposal is granted, there will be all kinds of nuisance late at night vehicles stopping and starting, raised voices, slamming of car doors, customers on foot shouting and, perhaps, throwing unwanted food and food containers into residents' gardens. Late night opening, as proposed here, can well create opportunities and a meeting place for criminal elements, who may go on to practise their activities in the immediate vicinity (garage/shed break-ins, etc)

UNREQUIRED

The area a plentiful supply of fast-food outlets that does not need adding to There is the affect it will have on the local area turning the local economy into one that relies on late night fastfood outlets making money from people who drink until 3am at the proposed Wetherspoon's establishment is not the right way forwards. It will also continue this area's and indeed this country's unhealthy obsession with fast & damaging food choices. As a doctor dealing with the problems of over eating every day I find this particularly worrying & disappointing

HARM TO CHILDREN & CRIME AND DISORDER

Children of teenage years, especially those unsupervised and with minimal family or home life, may well congregate at an establishment such as this at late hours. Customers engaging in the above activities, if challenged by local residents wanting peace and quiet, may well respond in a physically aggressive manner

DANGER OF TRAFFIC ACCIDENTS

Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements. More traffic will increase

accident risks

I hope the above reasoning provides an insight in our worries a local residents. It seems that the area is slowly being turned in to village location for drinking and anti-social behaviour. We have a choice at this time to decide if we as residents want a thriving local economy supported by its local residents that is based upon care, shops, cafes, parks, restaurants and bars that supplement this idea rather than destroy it. Hence, extension of opening hours to those requested is undesirable, and the application should be rejected as surely it is clear that it is another significant erosion into this ideal that sure all business and homeowners in the area desire

Date: 19th October 2016

Dear Sir,

This is an objection to the above application.

Far from promoting the statutory licensing objectives under current legislation, this proposal, if granted, will actively work against them, as follows:

PUBLIC NUISANCE. This is a quiet residential area where, generally, folks are in bed by the current closing time of 11.30 pm. If this proposal is granted, there will be all kinds of nuisance late at night: vehicles stopping and starting, raised voices, slamming of car doors, customers on foot shouting and, perhaps, throwing unwanted food and food containers into residents' gardens.

CRIME AND DISORDER. Late night opening, as proposed here, can well create opportunities and a meeting place for criminal elements, who may go on to practise their activities in the immediate vicinity (garage/shed breakins, etc).

HARM TO CHILDREN. Children of teenage years, especially those unsupervised and with minimal family or home life, may well congregate at an establishment such as this at late hours and all kinds of undesirable and untoward activity may.follow.

THREATS TO PUBLIC SAFETY. Customers engaging in the above activities, if challenged by local residents wanting peace and quiet, may well respond in a physically aggressive manner, threatening public safety. The congregation of sizeable groups of customers on the forecourt of the premises may have the same effect.

DANGER OF TRAFFIC ACCIDENTS: Not only will there be more traffic, its behaviour is different and dangerous at the hours being asked for. The pizza takeaway next door attracts customers who park up on the pavement on both sides of the street, and execute dangerous turning movements. More traffic will increase accident risks.

Hence, extension of opening hours to those requested is undesirable, and the application should be rejected.
