Re JD Wetherspoon, Headingley Lane, Leeds LS6 1BX

As a neighbour I wish to object to the licence application to turn the Elinor Lupton building into a public house

I understood there was a Cumulative Impact Policy to restrict the number of sources of alcohol in our area where there are already too many licensed premises. I am worried about the effect that a pub of such large capacity will have on our lives. There is bound to be increased traffic as well as noise outside the building causing extra public nuisance not to mention no adequate parking in streets already overcrowded with cars.

I would urge the licensing authority to refuse this application.

Alan Hayward
