Have your say on Neighbourhood Plans in outer east Leeds

The next Outer East Community Committee workshop will be held at Bowers Allerton Chapel Hall, Queen St (Bowers Row), Great Preston, LS26 8DF. It will take place 5.15pm - 6:30pm on Tuesday 13 June and will give communities an opportunity to explore how a neighbourhood plan can be delivered and what it can achieve for the local community.

There are currently two neighbourhood plans progressing in the outer east area; one in Garforth and one in Kippax.

The workshops will open with background information from Leeds City Council's neighbourhood planning expert Ian Mackay, followed by updates on the two progressing neighbourhood plans.

After this, the session will involve group discussions where residents, councillors and officers can share thoughts on what is needed in their area and how a neighbourhood plan could achieve that.

From 4-5pm, before the workshop, comes the Outer East

Community Committee business meeting where members of the public are welcome to observe proceedings and if you wish to speak on a community matter, you have the option within the *10 minute open floor* section but please let us know in advance of the meeting what you wish to raise with the Committee by giving us a call on **0113 378 5808** or emailing **southeast.ast@leeds.gov.uk** as we will also try to get an appropriate spokesperson to attend.

Leeds Health and Care Plan

The report on the Leeds Health and Care Plan provided the Community Committee with an overview of the emerging Leeds Plan and the West Yorkshire and Harrogate Sustainability Transformation Plans (STP).

We were informed there are significant challenges and changes ahead and there is a need for more engagement with Clinical Commissioning Groups (CCGs), voluntary services and other health partners to be able to carry out priorities at a local level.

Paul Bollom (Leeds Health and Care Plan); Dr Sarah Harding (Park Edge Practice, LS14) and Simon Neville (Leeds Teaching Hospitals

Trust) gave the Community Committee a presentation and the following points were highlighted:

- The plan had been produced through wide consultation with the Health and Wellbeing Board, and informed the long term ambition to improve healthcare in Leeds
- There is a need for broader engagement with local people

- The Leeds Plan and how it will inform the STP
- How to tackle the following gaps:
 - Health and Wellbeing
 - Care and Quality
 - Finance and Efficiency
- Health statistics for Outer East Leeds
- Preparing for the future – new housing and changing demographics
