Dear Ms Ingram

Licensing Act 2003

Name and Address of Premises: 11-13 Hirsts Yard, Leeds, LS1 6NJ

We refer to your licensing application for the above premises. We believe you have not given enough information about how you intend to meet a licensing objective, which is to prevent public nuisance. We therefore submit a formal objection to your application that includes information specifically associated with the premises and the area .

You could meet the objective by agreeing to certain measures that we suggest are reasonable and relevant to your application. Please see part 1 of the enclosed document.

If you agree with the measures please complete and sign part 2 of the enclosed form and return it to us as soon as possible. Once we receive the form we will take it that you wish the licensing authority to amend your operating schedule to include those measures as conditions on the licence. If you disagree with the suggested measures then please complete part 3 and return it to us as soon as possible.

If you feel we should consider anything else or you have any questions please do not hesitate to contact us.

If the opening hours you propose under this application differ to those on the current planning approval then you should also apply to Planning Services to vary the hours. If you operate without planning permission you may have not met the relevant planning condition. You can contact Planning Services on 0113 222 4409.

Yours sincerely

[REDACTED]
Mr Trevor Porter
Environmental Health Officer

PART 1

To be completed by the responsible authority

Leeds City Council's Environmental Action Service

Proposed Controlled Measures under the Licensing Act 2003

Name and Address of Premises: 11-13 Hirsts Yard, Leeds, LS1 6NJ

Entertainment Bar situated within Red Zone of the Leeds City Centre Cumulative Impact Policy Area. There are residential noise sensitive premises in the area with a history of complaints of noise nuisance associated with the applicant premises.

- The application premises are situated within the Red Zone of the City Centre Cumulative Impact Policy area; which is of concern based upon an analysis of night time economy-related issues that are relevant to the licensing objectives. We expect applicants to offer additional measures tailored to the problems in that area. You have offered insufficient measures to address concerns related to the prevention of public nuisance.

Having considered the application under the Licensing Act 2003 for the above premises, we consider that the following measures are relevant and reasonable in order to meet the following aim of the licence:

- Prevention of public nuisance

Noise and Vibration

1. Licensable activities shall be conducted and the facilities for licensed activities shall be designed and operated so as to prevent the transmission of audible noise or perceptible vibration through the fabric of the building or structure to adjoining properties.
2. Noise from a licensable activity at the premises will not be audible at the nearest noise sensitive premises after 23:00 hours and at all times if entertainment takes place on more than 30 occasions per year.
3. Doors and windows should be kept closed at all times to prevent noise breakout.
4. There shall be no external loudspeakers.
5. Bottles will not be placed in any external receptacle between 11 pm and 7 am the following day to minimise noise disturbance to neighbouring properties.
6. Noise from plant or machinery shall not be audible at the nearest noise sensitive premises during the operation of the plant or machinery. Plant and machinery shall be regularly serviced and maintained to meet this level.
7. The PLH/DPS will ensure patrons use beer gardens, external areas and play areas in a manner which does not cause disturbance to nearby residents and business in the vicinity. Patrons will not use such areas after 11 pm.
8. The activities of persons using the external areas shall be monitored after 11 pm and they shall be reminded to have regard to the needs of local residents and to refrain from shouting and anti-social behaviour etc. when necessary.

9. The PLH/DPS will adopt a “cooling down” period where music volume is reduced towards the closing time of the premises.

Litter

10. The PLH/DPS shall ensure that litter arising from people using the premises is cleared away regularly and that promotional materials such as flyers do not create litter.

Transport / Pedestrian Movement

11. Clear and legible notices will be displayed at exits, and other circulatory areas requesting patrons to leave the premises quietly having regard to the needs of local residents, in particular emphasising the need to refrain from shouting, and anti-social behaviour.
12. The designated premises supervisor and any door supervisors will monitor the activity of persons leaving the premises and remind them of their public responsibilities where necessary.
13. SIA registered door staff will be employed and used where queues are likely to form to manage the queues and ensure that queues are restricted to cordoned areas to prevent them obstructing footpaths and spilling out onto roads, and to keep noise and obstructions away from residential property.
14. A facility will be provided for customers to order hackney taxis/private hire vehicles. Telephone numbers for taxi firms/private hire companies will be displayed in a prominent position on the premises.
