Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

The decision to award contracts to Brigshaw High, John Smeaton Community High and Swallow Hill academies under the exempt contracts clause of Contract Procedure Rules

We have a range of specialist education provision in Leeds to support SEND learners with a wide range of needs. We have a number of resourced & partnership provisions within mainstream schools that have been in place with Leeds schools and SILCs for a number of years. The provisions are funded through the High Needs Block. The arrangements have largely operated on an implied contract basis since their inception and we now wish to formalise these arrangements by putting in place formal service level agreements with the maintained schools/SILCs and contracts with the academies.

Formalising the arrangements will ensure we have clear expectations of all partners

and will ensure accountability for the high needs funding. It will also strengthen our partnership working with schools.

This decision relates to approval to award contracts where the resourced school is an academy.

The individual learners EHCP identifies their learning institution. The most appropriate learning institution is determined in consultation the learner and their parent/carer. The Casework Officer (SENSAP) will make a recommendation of provision based on the learner's needs and a consideration of best value for the council.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

| Questions | Yes | No |
|--|-----|----|

If you have answered no to the questions above please complete sections 6 and 7

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4.**
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5.**

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

• How have you considered equality, diversity, cohesion and integration? (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

• Key findings

(think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

• Actions

(think about how you will promote positive impact and remove/ reduce negative impact)

| If you are not already considering the impact on equality, diversity, cohesion and integration you will need to carry out an impact assessment. | | |
