8. **East North East Employment & Skills Board Activities.** There are five priorities set by the Board for the East North East area that partners are developing activities to support.

1. Improve digital capacity
2. Improve the engagement of residents to connect to local provision
3. Improve business engagement
4. Availability of ESOL programmes
5. Support Employment Support Allowance (ESA) benefit claimants

There are three Learning Markets that will promote and raise awareness of Adult Learning and other opportunities that are available within the local area to improve skills and support residents into work:

- Monday 11th September – Compton Centre 1pm to 5pm
- Tuesday 12th September – Deacon House 1pm to 5pm
- Wednesday 13th September – Reginald Centre 1pm to 5pm

Additional Activities: For the second time the annual Leeds Apprenticeship Recruitment Fair was held at the First Direct Arena and was scheduled to coincide with the start of National Apprenticeship Week (Monday 6 March). Following the success of the 2016 event and the recommendation that the opening hours be extended, the fair opened at 4pm, an hour earlier than 2016, and closed at 8pm.

The final number of exhibitors present on the night was 132, an increase of 16% from 2016, and c6000 visitors attended the event, an increase of 20% on 2016. Once again this made it the biggest apprenticeship event in the North of England.

Conclusion

9. The Service has continued to support a number of residents from all wards across its provision. The employability support available to residents has increase significantly over the past couple of months as the city benefits from a number of initiatives funded through the European Structural and Investment Fund, ESIF. In combination, these programmes will offer employability and skills support to unemployed residents with specific and tailored support for those furthest from the labour market with multiple and complex needs.

- 10 Unemployment rates within the two main benefit types generally mirror the city picture. There has been a significant reduction over time in JSA volumes but a smaller reduction for those in receipt of health related work benefits particularly. The new programmes detailed above and the proposed new national Work and Health Programme will seek to address these challenges.
