

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

Main aim

1. The rapidly increasing birth rate in Leeds has required the Council to create new reception places in order to fulfil its statutory duty to ensure sufficiency of school places. The Learning Places Programme represents the Council's response to the demographic growth pressures on the school provision in the city.
2. As part of this programme, it is proposed that Hunslet Moor Primary School increases its roll starting at reception level from 45 to 60 places (1.5 to 2 FE) on a permanent basis with effect from September 2018. The project is required to deliver the 15 place increase in intake in order for the school to accommodate an additional 105 pupils in total.
3. The proposal for the extension to this school forms part of the on-going work to address capacity and sufficiency across all of Children's Services, which includes provision for primary and secondary school places, early years, as well as specialist provision. These proposals form part of the Council's Learning Places Programme that embeds the 'one council' approach that has achieved shared ownership of proposed solutions.

- **Purpose**

A screening exercise has been carried out to determine whether future building projects associated with this report have the potential to impact on equality, diversion, cohesion and integration.
