**57 Minutes of the Health and Wellbeing Board and the Executive Board**

It was moved by Councillor Blake, seconded by Councillor Ogilvie that the minutes be received in accordance with Council Procedure Rule 2.2(i).

An amendment (reference back) was submitted by Councillor Golton, seconded by Councillor Campbell to add the following at the end of item 9:

'To ask the Executive Board to reconsider the decision in relation to the 'Cultural Cohesion Quality Mark' contained in minute 85 of the Executive Board minutes of 18<sup>th</sup> October 2017.

The amendment (reference back) was declared lost and upon being put to the vote it was

**RESOLVED** – That the minutes be received in accordance with Council Procedure Rule 2.2(i).

Council Procedure Rule 4, providing for the winding up of business, was applied prior to all notified comments on the minutes having been debated.

At the conclusion of this item Council adjourned from 16.25 to 16.55

**58 Report on Devolution**

It was moved by Councillor Blake, seconded by Councillor J Lewis and

**RESOLVED** – That the report of the Chief Executive updating Members on matters in respect of devolution be received.

**59 Procedural Motion - Suspension of Council Procedure Rule 3.4**

It was moved by Councillor Campbell, seconded by Councillor Golton that under the provisions of Council Procedure Rule (CPR) 22.1 (Suspension of CPRs), that CPR 3.4 (Time Limits for Business) be suspended to extend the debate on Cllr Buckley's white paper by ten minutes.

Upon being put to the vote the motion was lost.

**60 White Paper Motion (in the name of Councillor Buckley) - Travellers**

It was moved by Councillor N Buckley, seconded by Councillor Amanda Carter that this Council is concerned at the administration's proposals to accommodate Gypsies and Travellers on numerous undisclosed "negotiated stopping sites" across Leeds.

Council does not believe any new sites should be brought forward without full consultation and the support of local communities. Council calls on the administration to immediately publish a list of the intended locations of sites so that there can be proper democratic oversight of the proposals and to allow local communities to express their views on the plans.

Finally, Council requests the Director of Resources and Housing to set out in a report to Executive Board how the Council can become more innovative in its use of monitoring and enforcement methods, so that when disruptive or costly activities occur on unauthorised encampments, those responsible can be held accountable.

An amendment was moved by Councillor Leadley, seconded by Councillor Finnigan

Delete all after "This Council" and insert the following:

"is concerned by the administration's proposals to accommodate Gypsies and Travellers on numerous undisclosed 'negotiated stop sites' across Leeds.

Council does not believe that any new sites should be brought forward without local ward councillors, including those in Alwoodley and Headingley, being told in confidence, so that they can have goodly amounts of time in which to make plans to welcome Gypsies and Travellers into their communities.

Finally, Council requests the Director of Resources and Housing to set out in a report to Executive Board how the City Council can become more innovative in its use of monitoring and enforcement, with a view to showing whether negotiated stopping sites reduce expense to the City Council, environmental harm, and general nuisance to property owners and occupiers, and whether they are beneficial to Gypsies and Travellers."

A second amendment was moved by Councillor Coupar, seconded by Councillor R Lewis

Delete all after "This Council" and replace with:

"respects the cultural traditions of the gypsy and traveller community and believes Leeds residents have the right to live lives that aren't negatively affected by new encampments in their area.

Council notes the current Administration has a coherent strategy to work with the police and other key agencies to limit the impact of unauthorised encampments on Leeds residents, in direct contrast to when the Conservative and Liberal Democrat Groups were in Administration.

Council believes negotiated stopping is an innovative approach to addressing problems caused by unauthorised encampments, as it enables the use of behaviour contracts to help reduce any negative impact of encampments on residents of Leeds.

Council notes negotiated stopping forms one part of an overall strategy, which also includes support for travellers who wish to pursue permanent accommodation in Leeds.

Council notes there is no pool of sites as land used for negotiated stopping is land that is only available to be used for a limited period on a short term basis at the point when an encampment occurs.

This Council believes decent homes are a key element of any thriving sustainable community, including the Gypsy and Traveller Community, and confirms its commitment to meeting their needs within its overall vision for the city.”

The amendment in the name of Councillor Leadley was declared lost.

**61 White Paper Motion (in the name of Councillor Coupar) - Universal Credit**

It was moved by Councillor D Coupar, seconded by Councillor Smart that this Council is appalled to learn that in the first year of Universal Credit being rolled out to single unemployed people in Leeds, 25% of recipients were hit with sanctions. It is therefore of great concern that 50,000 current Housing Benefit claimants and 55,000 current Tax Credit claimants are due to transfer to Universal Credit by June 2018.

Council further notes the devastating impact of Universal Credit in areas where the benefit has been fully rolled out, particularly on families with children. Half of all council tenants across 105 local authorities who receive the housing element of universal credit are at least a month behind on their rent, with 30% two months behind.

Council is concerned a further damaging effect of Universal Credit is its impact on determining the eligibility of children from deprived backgrounds for Free School Meals, as well as an element of the Pupil Premium, meaning the risk of further cuts to vital Government funding and support for these children.

This Council therefore calls on government to immediately pause the roll-out of Universal Credit in order to prevent potentially significant hardship for thousands of Leeds residents, including families with children, and rethink its approach to welfare reform.

An amendment was moved by Councillor Finnigan, seconded by Councillor Leadley

Remove everything after This Council and replace with

This Council supports the principles behind the introduction of Universal Credit along with the rights and responsibilities its introduction brings.

This Council supports the proposals from Labour MP Frank Field to improve Universal Credit which include payment fortnightly in arrears (as with other benefits) and the removal of the rent element from all payments of Universal Credit with such rent payments to be returned to the standard housing benefit system.

A second amendment was moved by Councillor B Anderson, seconded by Councillor Stephenson

Delete all after: 'This Council' and replace with:

'notes with concern the impact universal credit has had with regard to rental arrears and believes that delays in payment should be kept to an absolute minimum in order to ensure that claimants are able to make timely payments of their rent under the new system.

This Council believes that the best way to break cycles of deprivation in Leeds is to encourage as many people back into the workplace as possible and notes the success achieved by the current and last Government in driving down unemployment rates in Leeds and nationwide.

Council is disappointed to see that the ruling administration appears content to allow the continuation of cycles of deprivation and worklessness that have left some communities in Leeds in the bottom 5% nationally in terms of levels of deprivation.

This Council supports the introduction of universal credit as a tool that will encourage more people back into work and increase social mobility.'

**62 White Paper Motion (in the name of Councillor Golton) - Housing Revenue Borrowing Cap**

It was moved by Councillor S Golton, seconded by Councillor J Bentley that this council acknowledges that the decades-long failure to build social and affordable housing has resulted in a desperate shortage of these forms of accommodation and too many people forced into low quality, insecure and expensive housing in the private rented sector.

This council calls on the Chancellor of the Exchequer to use the opportunity of the forthcoming budget to remove the Housing Revenue Borrowing Cap that needlessly prevents the council building new homes to address the dire shortage of social housing in the city.

This council believes that the administration could also do more to increase the supply of affordable housing in Leeds and calls on the Executive Member for Communities and the Executive member for Regeneration, Transport and Planning to consider options such as a joint venture or arms-length trading building company and bring proposals to the Executive Board at the earliest opportunity.

An amendment was moved by Councillor Coupar, seconded by Councillor R Lewis

Delete all after "This Council" and replace with:

"is dismayed that the failure of both the current Conservative and previous Conservative-Liberal Democrat governments has created a crisis in social and affordable housing.

Council is concerned by the devastating impact this crisis is having on young people, and in some cases entire communities, who are often forced to live in poor quality, insecure and expensive housing in the private rented sector.

This council calls on the Chancellor of the Exchequer to use the forthcoming Budget to remove the Housing Revenue Borrowing Cap that needlessly prevents the council building new homes to address the dire shortage of social housing in the city.

This Council further calls on government to allow councils to retain 100% of Right to Buy receipts for reinvestment in social housing; to end the ban on long-term council tenancies to give council tenants security in their home; and to drop legislation to force the sale of council homes through their high value levy.

This Council welcomes that, despite the dysfunctional state of Conservative government housing policy, the Council is embarking on a large-scale Council Housing Growth Programme to help alleviate the housing crisis in Leeds.”

‘the need to deliver more social and affordable housing and calls on the Chancellor of the Exchequer to consider, in his forthcoming budget, removing the Housing Revenue Account Borrowing Cap that prevents the council building more homes to address the shortage of social housing in the city.

Council notes the recent research carried out by Shelter that suggests that housing developers are not fulfilling their obligations on affordable housing as a result of viability assessments and welcomes the review of guidance on viability assessments contained within the Government consultation ‘Planning for the right homes in the right places.

Council further notes the efforts of the current Government to deliver an increase in the supply of affordable housing, as highlighted by the additional £2bn announced in October 2017 that will see a £9bn fund for affordable homes, delivering an additional 25,000 homes at rents affordable to local people.’
