## Describe the steps you intend to take to promote the four licensing objectives

### a) General – all four licensing objectives (b, c, d, e) (please read guidance note 10)

The applicant is aware that the premises are situated within the city centre cumulative impact zone and has sought to address the licensing objectives carefully to take this into account. Mr Hussain has 30 years of experience in the provision of food to the public and has had 15/16 restaurant/shop outlets over that time, 10 of which have had late night refreshment licenses. He is acutely aware of his responsibilities as a premises license holder and the need to ensure that there is no crime and disorder or public nuisance as a result of opening this outlet and to maintain both public safety and the protection of children from harm.

He proposes the detailed measures set out below will not impact upon the cumulative effect of opening within the red light area of the City Centre CIP. He is aware that new applications in the red zone area will only be granted in exceptional circumstances.

He currently has several restaurants/takeaways in Leeds including Chicos Fast Food at 51d New Briggate, Leeds, Istanbul at 19 Merrion Street, Leeds and Nash's Fish and Chip Restaurant at 51c New Briggate, Leeds. Mr Hussain has always worked co-operatively with the police and licensing authority and will continue to do so with these premises.

Mr Hussain intends to work from the premises. The manager will be his nephew, who has gained 5 years of experience working with Mr Hussain in the food takeaway business. He has knowledge and ability to deal with any customers who may be problematic, having held a hackney carriage license for 14 years and good links with local taxi operators and knowledge of where taxi ranks/operators are, close to the premises, to assist in dispersing customers from the premises quickly after purchasing food.

Mr Hussain is fully conversant with the position of the premises in close proximity to pubs and clubs within the area. He has undertaken a risk assessment of the proposed premises in this context against the four licensing objectives.

It is noted within the Statement of Licensing Policy that Leeds population is set to rise to around one million and that the increase in city centre residential and mixed use has many benefits including the creation of a vibrant 24 hour city.

Mr Hussain proposes the following -

- 1 His premises are small and will not be supplying alcohol. They are not alcohol led and will be run in the same style of business as at his existing premises.
- 2 All staff will be expected to supply references and to agree to DBS checks.
- 3 CCTV with facility to record for at least 28 days has already been installed both within and outside the premises (including the rear). The CCTV will cover the main thoroughfare of Briggate to the front.
- 4 There will be 2 door supervisors during the hours of the operating schedule – one inside and one outside the premises.
- 5 No bottles or glass receptacles will be used at the premises for customers. Rather cups or plastic containers made from recyclable material.
- 6 A full-time cleaner will be employed during the hours of the operating schedule to ensure cleanliness, reduce the accumulation of debris and to deal with any spillages. At the end of each opening session the footpath/area immediately outside the premises at the front on Briggate will be washed down.
- 7 Litter bins will be provided at the premises for waste debris from customers and will be emptied and cleared every 2 hours.
- 8 Customers will be offered the provision of telephoning for a local taxi if required (using the contacts of the business in the immediate area) to collect customers outside to disperse them after obtaining food as quickly as possible. There is a taxi rank within 50 yards of the property.

9 In addition the contact details of local private hire/taxi firms will be displayed for customers

10 Signs will be placed at the exit to the premises to encourage customers to be quiet until they leave the area and to respect the rights of many local residents to sleep Door supervisors will play a role in this

11 Children will not be allowed in the premises during the hours of the operating schedule unless accompanied by a responsible adult

12 The applicant proposes that the speedy dispersal of customers will reduce potential waiting times at other similar premises nearby eg McDonalds

13 The full planning permission for the premises includes a condition that plant and machinery shall be operated at a noise limit at least 5dBA below the existing background noise level

#### **b) The prevention of crime and disorder**

Mr Hussain proposes the following -

- 1 His premises are small and will not be supplying alcohol, are not alcohol led and will be run in the same style of business as at his existing premises
- 2 All staff will be expected to supply references and to agree to DBS checks
- 3 CCTV with facility to record for at least 28 days has already been installed both within and outside the premises (including the rear ) The CCTV will cover the main thoroughfare of Briggate to the front
- 4 There will be 2 door supervisors during the hours of the operating schedule – one inside and one outside the premises
- 5 No glass bottles or glass receptacles will be used at the premises for customers rather cups or plastic containers made from recyclable material
- 6 Customers will be offered the provision of telephoning for a local taxi if required (using the contacts of the business in the immediate area) to collect customers outside to disperse them after obtaining food as quickly as possible There is a taxi rank within 50 yards of the property
- 7 In addition the contact details of local private hire/taxi firms will be displayed for customers
  
- 8 The applicant proposes that the speedy dispersal of customers will reduce potential waiting times at other similar premises nearby eg McDonalds

#### **9 Public safety**

- 1 All staff will be expected to supply references and to agree to DBS checks
- 2 There will be 2 door supervisors during the hours of the operating schedule – one inside and one outside the premises

--	--

**3 The prevention of public nuisance**

- 1 There will be 2 door supervisors during the hours of the operating schedule – one inside and one outside the premises
- 2 No bottles or glass receptacles will be used at the premises for customers rather cups or plastic containers made from recyclable material
- 3 A full-time cleaner will be employed during the hours of the operating schedule to ensure cleanliness reduce the accumulation of debris and to deal with any spillages At the end of each opening session the footpath/area immediately outside the premises at the front on Briggate will be washed down
- 4 Litter bins will be provided at the premises for waste debris from customers and will be emptied and cleared every 2 hours
- 5 Customers will be offered the provision of telephoning for a local taxi if required (using the contacts of the business in the immediate area) to collect customers outside to disperse them after obtaining food as quickly as possible There is a taxi rank within 50 yards of the property
- 6 In addition the contact details of local private hire/taxi firms will be displayed for customers
  
- 7 Signs will be placed at the exit to the premises to encourage customers to be quiet until they leave the area and to respect the rights of nay local residents to sleep Door supervisors will play a role in this
  
- 8 The full planning permission for the premises includes a condition that plant and machinery shall be operated at a noise limit at least 5dBA below the existing background noise level

**9 The protection of children from harm**

- 1 Children will not be allowed in the premises during the hours of the operating schedule unless accompanied by a responsible adult
- 2 All staff will be expected to supply references and to agree to DBS checks

**Checklist**

Please tick to indicate agreement

- I have made or enclosed payment of the fee X

- I have enclosed the plan of the premises
- I have sent copies of this application and the plan to responsible authorities and others where Applicable
- I have enclosed the consent form completed by the individual I wish to be designated premises supervisor if applicable
- I understand that I must now advertise my application
- I understand that if I do not comply with the above requirements my application will be rejected

Applicable to all individual applicants including those in partnership which is not a limited liability partnership but not companies or limited liability partnerships

- I have included documents demonstrating my entitlement to work in the United Kingdom (please read note 15)

**IT IS AN OFFENCE, UNDER SECTION 158 OF THE LICENSING ACT 2003 TO MAKE A FALSE STATEMENT IN OR IN CONNECTION WITH THIS APPLICATION THOSE WHO MAKE A FALSE STATEMENT MAY BE LIABLE ON SUMMARY CONVICTION TO A FINE OF ANY AMOUNT**

**IT IS AN OFFENCE UNDER SECTION 24B OF THE IMMIGRATION ACT 1971 FOR A PERSON TO WORK WHEN THEY KNOW, OR HAVE REASONABLE CAUSE TO BELIEVE, THAT THEY ARE DISQUALIFIED FROM DOING SO BY REASON OF THEIR IMMIGRATION STATUS THOSE WHO EMPLOY AN ADULT WITHOUT LEAVE OR WHO IS SUBJECT TO CONDITIONS AS TO EMPLOYMENT WILL BE LIABLE TO A CIVIL PENALTY UNDER SECTION 15 OF THE IMMIGRATION ASYLUM AND NATIONALITY ACT 2006 AND PURUANT TO SECTION 21 OF THE SAME ACT, WILL BE COMMITTING AN OFFENCE WHERE THEY DO SO IN THE KNOWLEDGE, OR WITH REASONABLE CAUSE TO BELIEVE, THAT THE EMPLOYEE IS DISQUALIFIED**

**Part 4 – Signatures** (please read guidance note 11)

31 August 2017

Dear Mr Wood

## **Licensing Act 2003**

**Name and Address of Premises: 5 Briggate, Leeds, LS1 3LZ,**

We refer to your licensing application for the above premises. We believe that your application does not give enough information about how you intend to meet an important objective of the licence, which is to prevent public nuisance. We therefore confirm that we are submitting a formal objection to your application.

We base our objection on the following matters:

- The application premises are situated within the red area of the City Centre Cumulative Impact Policy (CIP) area; where we will seek the refusal of all applications on the basis that the impact on the licensing objectives are such that the area cannot support any more premises opening or extending their hours no matter how impressive the concept. It is the council's policy, on receipt of relevant representations, to refuse all applications in the red zone.
- The application will give rise to more members of public on the street in the early hours with the potential to cause noise nuisance and disturbance in an already problematic CIP area.

Having read the matters we describe below if you feel we should consider anything else please do not hesitate to contact us.

## **Description of the surrounding area**

Please refer to Appendix 1 Map of Surrounding Area

## **Description of the applicant venue and the application:**

Proposed takeaway on established street with late licence bars which already cater for late night refreshment indoors.

We understand that the Sub-Committee may take a different view and grant the application. We recommend that if that is the case we should be given the opportunity to suggest measures as conditions on the licence. We do not say that conditions would effectively prevent public nuisance but that they may go some way to reducing the potential impact.

Yours sincerely

A black rectangular box redacting the signature of Mr Trevor Porter.

Mr Trevor Porter  
Environmental Health Officer

**RE: 5, BRIGGATE, LEEDS, LS1 3LZ(?)**

**APPLICATION FOR A NEW PREMISES LICENCE – LICENSING ACT 2003:  
POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY:**

Thank you for submitting your application for the above premises, received at the address above on 16<sup>th</sup> August 2017.

The application relates to premises which fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2014-2018, issued by Leeds City Council as the licensing authority.

The area concerned in this particular case is **Area 1 Leeds City Centre**.

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the Cumulative Impact Policy (CIP) of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected.

The proposed premises are located in the current red zone in the cumulative impact area. The Council's policy states:

*7.20 "The council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is. The council will only grant applications in the red zone in exceptional cases", and*

NOT PROTECTIVELY MARKED

## NOT PROTECTIVELY MARKED

7.24 *"It is the council's policy, on receipt of relevant representations, to*

- *Refuse new and variation applications in the red area*
- *To seek additional measures for new and variation applications in the amber area*
- *To seek good quality applications for application in the green area*

7.25 *"This applies to alcohol led premises such as bars, pubs, and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants".*

The location of these premises is in very close proximity to a multitude of other licensed premises in this area. It is an alcohol related violent crime hotspot for robbery, assault and theft. The peak time for crime is between midnight and 05:00 hrs. The majority of hours of operation applied for by the applicant, 23:00 until 04:00 Mon to Sunday, therefore fall right in to these peak times.

The latest analysis of crime data provided to Leeds City Council upon which the Cumulative Impact Policy is based shows that the Briggate/Call Lane area has experienced a 17% rise in reported crime since the last review of crime statistics a year ago. The peak times for crime in the Night Time Economy have also extended to 05:00hrs from 04:00hrs, and assaults and thefts have risen. The highest concentration of offences in the city remains in this area, and has slightly extended compared with the previous 12 months. The area is not improving – it is deteriorating – and this is the area where the applicant wishes to open a new business.

This is the second application by the same applicant for a premises licence at this address. The first application, objected to by this department, offered scant measures which suggested that the applicant had little or no idea of the issues in this area of the city after midnight. The first application attracted other objections and was withdrawn prior to being heard at a scheduled licensing hearing. The applicant is now represented by a licensing solicitor and is a better quality than the first with a multitude of measures offered – but the issue remains the same: this is an application for late night refreshment in the most problematic area of the city centre which is covered by a cumulative impact policy with the presumption that it shall be refused.

Extra police resources have to be deployed to this area on Friday and Saturday evenings, and over Bank Holiday weekends, in an attempt to help reduce the crime and disorder associated with people frequenting the large amount of licensed premises in the immediate area. These crimes/incidents range from thefts and robberies to public order offences, assaults, serious disorder and also sexual offences. An ambulance is also regularly parked at the junction of Briggate/Boar Lane and Duncan Street to help deal with the amount of injuries sustained due to assaults and accidents caused by over intoxication in the Night Time Economy (NTE). This is in an attempt to help reduce the strain which the NTE puts on the Accident & Emergency Department of the NHS.

The saturation of the area is such that determining which venues may bear some responsibility for the issues is practically impossible, and means that they cannot be dealt with by way of review or enforcement meetings. A strong Cumulative Impact Policy is therefore imperative to prevent already existing venues extending their licensable hours, and to prevent further premises licences being granted in that area which would add to the considerable impact already being felt.

In this new application mention is made of venues which the applicant already operates in the city centre – none of these are in the red zone of the CIP, and there is crime and disorder associated with Chickos in particular.

NOT PROTECTIVELY MARKED

## NOT PROTECTIVELY MARKED

Much is made of the intended manager, the applicant's nephew, with years of experience and links with taxi operators to aid quick dispersal. This lower end of Briggate can be completely blocked by taxis, private hires and private vehicles in the early hours of the morning due to the volume of people and vehicles in the area. We have had complaints from late night bars about the issues with the taxis and vehicles pulling on to the pavement and collisions with pedestrians. If one has not seen this in person it is hard to imagine how congested it is. More people attracted to the area for food, and then needing a taxi to take them home, will only add to this problem. It is impossible to get a quick dispersal from this area at certain times of night and even the emergency services struggle to get through at times.

I will address some of the numbered points made in Section M of the application:

1. The fact the premises will not be supplying alcohol or be alcohol led is irrelevant – they will be dealing with inebriated customers and all the issues associated with drunkenness, albeit they have not fed them the alcohol. The applicant's business, Chickos on New Briggate, also attracts inebriated customers in the early hours which has led to public order incidents in the past.
3. Any CCTV would be expected to retain footage for 31 days.
4. 2 door staff have been offered. Door staff are helpful but do not generally prevent issues when people are drunk – they help deal with the outbreaks of drunken violence. So this would help deal with issues arising from the unit being open, but would not prevent them in the first place.
5. No glassware is a must.
6. At 4am it is proposed that a cleaner is going to wash down the footpath outside – this may well prove impossible given how busy the area will be, and I would have concerns for the cleaner's safety.
8. Already addressed
9. Already addressed
10. Signs are inadequate when dealing with people in drink.
11. Children should not be anywhere near this part of town after 11pm at night.
12. There will be no speedy dispersal of customers due to the congestion with taxis and private hires.

Therefore, in terms of location (RED ZONE), and in terms of applying for a new premises licence to provide late night refreshment from 23:00 until 04:00, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in the red area, and advise that it be refused, unless the presiding Sub-Committee are convinced that the grant of this licence will not negatively impact on the cumulative impact of existing licensed premises in the area.

Your ref:

11<sup>th</sup> September 2017

Dear Mr Wood

**Café/Restaurant, 5 Briggate, Leeds LS1 4AF  
Application for a grant of a premises licence under the Licensing Act 2003  
Licensing Authority Letter of Representation**

Thank you for submitting your application for the above premises.

The area in which the subject premises is located is within a cumulative impact area. It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in this area for alcohol led premises such as bars, pubs and nightclubs and for premises seeking late night refreshment such as takeaways and late opening restaurants, unless the applicant can demonstrate that their application would not impact on the cumulative effect of such licensed premises in the area.

Specifically your application falls within the red area of the City Centre CIP. As stated at 7.20 of the Statement of Licensing Policy 2014 to 2018 the council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their operation no matter how impressive the concept or application is.

I refer you to 7.67 to 7.70 of the Policy which describes how, when considering the presumption against grant in a CIP area, the council will need to be satisfied that the grant of this variation will not impact on the cumulative impact of existing licensed premises in the area. It will be for you to advise the council how your application would allow Members to make an exception to the policy.

I also refer you to 7.69 of the Policy which describes examples of factors the licensing authority will not consider as meeting the standard of rebuttal include:

- That the premises will be well managed and run as all licensed premises should meet this standard.
- That the premises will be constructed to a high standard.
- That the applicant operates similar premises elsewhere, such as in another licensing authority area, without complaint.

I note that the application is for late night refreshment to 4am, 7 days a week.

You have provided a number of measures in Section M of the application that you believe address the issues operating a late night establishment in this area may experience. These are:

- Food led premises
- DBS checks for staff
- CCTV
- 2 door supervisors
- No bottles or glasses to be used
- A full time cleaner for the premises who will clean the outside of the premises at the end of the business day
- Litter bins within the premises
- Provision of a telephone to ring a taxi if required, along with details of local firms
- Signs at exits
- No access to children
- Speedy dispersal of customers
- Low plant and machinery noise

Late night refreshment applications are considered within scope of the CIP as they add to the cumulative impact of licensed premises in the area. Instead of dispersing away from the area, late night takeaways hold people in areas where there is already an accumulation of people. This area already suffers from an accumulation of people, most of whom are in drink, and who already have a significantly negative impact on the licensing objectives. Providing a takeaway in this location would not reduce the cumulative impact of licensed premises in the area but increase it.

Bearing in mind the severity of the problems being experienced in the area with this area suffering from the highest levels of violent crime and disorder incidences in the city centre, with an increase in the last 12 months of over 17% in this area, the Licensing Authority is of the opinion that despite your application offering a number of measures it still does not contain sufficient information about how your proposed business would not add to the impact already being experienced in the area.

The licensing authority requires good quality applications for any part of the city centre, as per the Statement of Licensing Policy (paragraphs 7.20 to 7.22), and to assist prospective applicants the licensing authority provides a cumulative impact assessment and a risk assessment proforma to guide them in proposing measures that mitigate against the issues being experienced in the area. Although this application includes some measures it does not adequately address the issues of how an area which is already suffering from the number of people using it, between 11pm and 5am, would not be impacted by a new premises whose customer base are those very people. The answer to reducing waiting times at McDonalds, which is slightly away from the red zone area, is not to provide another late night refreshment premises in the red zone area.

The applicant takes great store in his links to the local taxi trade and uses this connection to seek to reassure the Licensing authority of a speedy dispersal from his premises. This area of the city is extremely busy throughout the night with private hire and hackney carriage vehicles using all three lanes of Lower Briggate. This traffic has increased since the road closure on Call Lane, put in place to reduce the risk of harm and death from vehicles colliding with people who are in drink.

Even if there are strong links, and the Licensing Authority has no way of confirming this, it seems that the availability of taxis to disperse people away from the area will be impacted by the number of vehicles using this area now. Not only will this slow down dispersal from 5 Briggate, but the additional traffic may increase the traffic issue in this area.

Therefore the licensing authority submits a formal representation against your application on the grounds of the prevention of crime and disorder and will strongly recommend to the licensing sub-committee that this application is refused.

Should you have any questions, please contact us.

Yours faithfully

A solid black rectangular box used to redact the signature of Susan Holden.

Susan Holden  
Principal Licensing Officer  
Entertainment Licensing

Area 1 relates to the city centre. West Yorkshire Police has shared information and statistics that show that the nature of the city centre is such that the cumulative impact of licensed premises leads to problems that aren't experienced in other parts of the city and this can be attributed to the density of licensed premises in specific areas. The number and close proximity of venues on a street can result in difficulties in identifying individual premises as causing problems and so action planning and reviewing individual licences is not possible.

The closure or opening of businesses can have a dramatic effect on reported crime and incidents in an area. While problems at individual premises are dealt with using action planning and the review process, there are areas in Leeds city centre which become saturated as new businesses open or existing businesses change their style of operation.

In addition the council recognises that a previous problem area can be improved by the introduction of new styles of business types, such as food led premises and seeks to encourage this.

The dynamic nature of the city centre has created difficulties in setting a policy that will be relevant for five years until the next formal review of the Licensing Policy. Therefore the council has adopted an approach of designating areas within the city centre CIP as 'red' or 'amber' based upon an analysis of crime and disorder in the night time economy and will review these areas on an annual basis.

Areas that are considered highly saturated and that are experiencing particularly high levels of crime, disorder and/or nuisance will be designated as red areas. The policy states that the council will seek to refuse all applications in these **red areas** on the basis that the impact on the licensing objectives is at such a level that the area cannot support any more premises opening or extending their operation and that the council will only grant applications in the red zone in exceptional cases. Exceptional does not mean that an application is innovative or novel, but that it allows Members to make an exception to their policy. Those exceptional cases would be where the premises can demonstrate that they will not impact on the issues already being experienced in the area, i.e. by containing their operation within the hours of the daytime and early evening economy.

Any variation that will effectively increase the occupancy of premises will be viewed in a similar light to a new application as it may increase the available capacity in the same way a new premises in that area would, which in the red area would be unacceptable. Similarly new businesses seeking to introduce a new concept, and so attract different people into the area, may be acceptable in the amber area but in the red area the problems are exacerbated by the sheer number of people on the street during the peak hours and introducing a new or extended business, even with a different concept, would add to the impact rather than reduce it.

Management controls such as door staff will not be adequately effective in preventing an increase in the number of people within the red zone.

The **amber area** is an area which is of concern, based upon an analysis of issues within the night time economy that are relevant to the licensing objectives, and the council will expect applicants to offer additional measures tailored to the problems in that area. Applicants are strongly advised to consult with West Yorkshire Police and the licensing authority during their application process. By working together, the responsible authorities and businesses can establish working practices that reduce crime and disorder and so benefit the long term aims of the city to be a vibrant, thriving economy.

All other areas within the city centre CIP will be designated **green areas** where good quality applications will be generally be more acceptable even though the area is a CIP area.

It is the council's policy, on receipt of relevant representations, to

- refuse new and variation applications in the red area
- to seek additional measures for new and variation applications in the amber area
- to seek good quality applications for application in the green area

This applies to alcohol led premises such as bars, pubs and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants.

Extra scrutiny is given to applications which appear to adopt a number of different styles during their trading. For example businesses that purport to be food led but seek late opening hours may be judged to be predominantly alcohol led due to their late night activities. It is for the applicant to demonstrate how their business will not impact on the licensing objectives.

## Changes in the last year

There are two distinct areas in the city where extra police resources are deployed on a regular basis. These areas are the Call Lane area and the Albion Street/ Woodhouse Lane area. Premises in those areas deploy street marshals at their own expense as it has been recognised that incidents on the street require extra attention and that early intervention can prevent an escalation in the severity of incidents on the street.

As police resources are reducing each year, priorities have been realigned. There has been a small reduction in the number of arrests for drunk and disorderly but an increase in assault. The increase in assaults could be due to early intervention methods being cut back, such as the street marshalling scheme and intervention at an early level (i.e. arresting people for being drunk and disorderly), and so the low level offences are escalating to the more serious assault charge.

The issues with disorder in the street on Call Lane has led to a road closure between 11pm and 5am on the Friday, Saturday and Sunday night which took effect in October 2015. The sheer numbers of people, often intoxicated, in the street during these hours highlights the need for the overall capacity of the red area to decrease, not increase.

The Council continues to receive applications within the areas designated as red. There has been a trend for existing operators to apply for minor and full variations to bring into use areas which were unlicensed previously. In all cases the premises licence holder has undertaken to keep their capacity the same. However this trend for increasing the licensed area is concerning as the ability to control capacity is difficult. Any application seeking an increase in floor space, even without an increase in stated capacity, can expect close scrutiny.

## Police Crime Reporting

West Yorkshire Police has produced a crime report *"2016-10 Night Time Economy – City v4"* dated October 2016 which has been referred to when reviewing the red and amber zones for 2017. This report is referred to as the Police report in this document. It uses reported crime figures from 01/09/2014 – 31/08/2016.

In 2014 Her Majesty's Inspectorate of Constabulary made recommendations to change crime recording practices. This resulted in an increase in the number of recorded crimes in West Yorkshire in 2015. Analysis of the changes in crime levels, along with a number of other measures, concluded that a proportion of these recent increases were related to administrative change rather than an increase in criminality. Specifically this change in recording practise has impacted on the level of 'violence against the person', in particular 'violence without injury' as many lower level offences were not previously being recorded.

The police report only compares statistics from the last two years, as the statistics are not comparable going further back than that due to the changes in the way in which crime is recorded.

The following data tables and key findings (signified by bullet points) have been extracted from the police report.

## City Centre

<b>Total</b>	<b>2734</b>	<b>3132</b>	<b>398</b>	<b>15%</b>

Figure 5 shows the offences during the NTE (18:00 – 05:59) between 01/09/2014 – 31/08/2016

The tables clearly show that there has been an increase in crime across the city centre. The police report conclusions state:

- An analysis of the examined offences shows overall offending in the City Centre has increased by 13% compared with the previous examined period.
- During 01/09/2015 – 31/08/2016 Assaults and Public order offences have seen the highest increases in terms of volume compared with the previous year. Public Order and Robbery offences have experienced the greatest percentage change. The majority of the examined offences experienced an increase with the exception of Drunk and Disorderly and Murder / Manslaughter offences.
- Assaults and Thefts have the highest number of offences with a licensed premises flag and experienced the greatest increases during the period 01/09/2015 – 31/08/2016 compared with the previous 12 months.
- Assaults continue to be the highest alcohol related crime, followed by Drunk and Disorderly offences. Only Drunk and Disorderly and Theft Non Specific offences had a reduction.

- Assaults and Thefts are the top offence categories for both the day time economy and night time economy. For both time periods, the highest increases were in Assaults and Public Order offences.
- In both the examined periods there are more reports of 'off street' offences than 'on street'. The number of assaults occurring 'on street' or 'off street' are fairly similar in both years. There are slightly more assaults which occur 'on street'.

## Street Level Data

The tables below relate to Leeds City Centre night time economy offending only (18:00 to 05:59) and show the top ten streets and the top ten streets of increasing concern for the night time economy offending. The table shows the percentage of the street compared with the city centre total as shown in Figure 5.

### Top 10 Street Names

	2014-2015	% of City 2014-2015	2015-2016	% of City 2015-2016	Change +/-
Briggate	484	17.7%	572	18.3%	88
Call Lane	457	16.7%	531	17.0%	74
Albion Street	209	7.6%	263	8.4%	54
Woodhouse Lane	169	6.2%	213	6.8%	44
Boar Lane	130	4.8%	140	4.5%	10
Cookridge Street	103	3.8%	99	3.2%	-4
Merrion Street	84	3.1%	113	3.6%	29
Duncan Street	113	4.1%	77	2.5%	-36
New York Street	65	2.4%	76	2.4%	11
The Headrow	48	1.8%	88	2.8%	40

### Top 10 Street Names Of Increasing Concern

	2014-2015	% of City 2014-2015	2015-2016	% of City 2015-2016	Change +/-
Briggate	484	17.7%	572	18.3%	88
Call Lane	457	16.7%	531	17.0%	74
Albion Street	209	7.6%	263	8.4%	54
Heatons Court	25	0.9%	72	2.3%	47
Woodhouse Lane	169	6.2%	213	6.8%	44
The Headrow	48	1.8%	88	2.8%	40
Merrion Street	84	3.1%	113	3.6%	29
New Briggate	39	1.4%	63	2.0%	24
Hirsts Yard	25	0.9%	44	1.4%	19
Assembly Street	10	0.4%	23	0.7%	13

Figure 6 shows the top streets 01/09/2014 – 31/08/2016 during the night time economy.

These clearly show that the Briggate and Call Lane areas are responsible for 35% of crime reported in the city in the last year. 15% of crime was reported in the other red area of Albion Street/Woodhouse Lane.

The police report conclusions were:

- Call Lane, Briggate, Albion Street and Woodhouse Lane are the top streets for offending in the night time economy for both examined periods. These streets are located within the two city centre CIP red areas, supporting the view that both red areas should be maintained.

### Red Area Comparisons

The stated crime figures and time analysis is taken from offences occurring within the red outlining square, between 18:00 – 05:59. Assaults, theft from person, theft non-specific, robbery and sexual offences have been included in this analysis.

### Call Lane Red Area

<b>NTE: Year 2014 – 2015 (Sept – Aug)</b>	<b>NTE: Year 2015– 2016 (Sept – Aug)</b>
<p>Crime:</p> <ul style="list-style-type: none"> <li>▪ Assault: 347</li> <li>▪ Robbery: 13</li> <li>▪ Sexual Offences: 20</li> <li>▪ Theft From Person: 410</li> <li>▪ Theft Non Specific: 355</li> </ul>	<p>Crime:</p> <ul style="list-style-type: none"> <li>▪ Assault: 420 (21% increase)</li> <li>▪ Robbery: 27 (107% increase)</li> <li>▪ Sexual Offences: 26 (30% increase)</li> <li>▪ Theft From Person: 487 (18% increase)</li> <li>▪ Theft Non Specific: 382 (7% increase)</li> </ul>
<p>Total: 1145</p>	<p>Total: 1342 (17% increase)</p>
<p>Time Analysis: Peak Time: 0000 – 0400</p>	<p>Time Analysis: Peak Time: 00:00 – 05:00</p>
<p>Risk days: Friday, Saturday &amp; Sunday</p>	<p>Risk days: Thursday, Friday and Saturday</p>

Figure 8: Call Lane red area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- The Call Lane red area remains the predominant hot-spot area. Geo-spatial analysis shows the main risk area within the city centre is the area of Call Lane and Briggate. The highest concentration of offences remains in this area and has slightly extended compared with the previous 12 months, but still falling within the existing designated area. The peak time for offending in the Call Lane area is now 00:00 - 05:00.
- Within the Call Lane area, all the examined offences namely assaults, robberies, sexual offences and thefts have increased during 2015-2016 with assaults and theft from persons experiencing the largest gains.

Not only have all crimes increased in this area by 17%, the peak times have lengthened from midnight to 4am to midnight to 5am. The risk days have changed from Friday, Saturday and Sunday to Thursday, Friday and Saturday. Most worrying are the increases in assault and theft from person.

This shows not only how important it is that the number of people using this area during the night time does not increase but that it would be desirable for the number of people using this area during peak hours to reduce. Therefore any change to the current licences, either new premises or any increase in the operation of the existing premises should not have the effect of increasing visitors to the area.

Furthermore the Council will be investigating ways in which assault and theft can be reduced, in liaison with the operators and agencies.

In the last year the Licensing Authority has received three applications in this red area. One was for the lengthening of operating hours into the peak hours and was refused. The subsequent appeal was withdrawn before it was heard with all costs recovered from the appellant. Another application was received for a substantial increase in the size of the premises. The applicant agreed to a range of amendments to the application which took the operation of the additional area out of the peak hours for crime and disorder. The third was only partially granted but with the imposition of restrictive conditions.

Any operator seeking a variation to their current licence must be mindful of the problems being experienced in the area and must ensure that the additional measures they offer will result in no impact on the licensing objectives. A responsible operator will always be seeking ways in which they can contribute to the efforts made to reduce the crime statistics, and would not be satisfied with merely maintaining the status quo.

## Albion Street / Woodhouse Lane Red Area

NTE: Year 2014 – 2015 (Sept – Aug)	NTE: Year 2015 – 2016 (Sept – Aug)
<p>Crime:</p> <ul style="list-style-type: none"> <li>▪ Assault: 164</li> <li>▪ Robbery: 1</li> <li>▪ Sexual Offences: 9</li> <li>▪ Theft From Person: 128</li> <li>▪ Theft Non Specific: 131</li> </ul> <p>Total: 433</p> <p>Time Analysis:</p> <ul style="list-style-type: none"> <li>▪ Peak: 0100 – 0400</li> <li>▪ Secondary peak: 2300 - 0100</li> </ul> <p>Risk days: Friday, Saturday</p>	<p>Crime:</p> <ul style="list-style-type: none"> <li>▪ Assault: 228 (39% increase)</li> <li>▪ Robbery: 3 (200% increase)</li> <li>▪ Sexual Offences: 7 (22% decrease)</li> <li>▪ Theft From Person: 126 (1.5% decrease)</li> <li>▪ Theft Non Specific: 150 (14.5% increase)</li> </ul> <p>Total: 514 (19% increase)</p> <p>Time Analysis:</p> <ul style="list-style-type: none"> <li>▪ Peak: 00:00 - 0400</li> <li>▪ Secondary : 23:00 – 00:00</li> </ul> <p>Risk days: Monday, Friday, Saturday</p>

Figure 9 Map showing the Albion Street red area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- Within the Albion Street / Woodhouse Lane Red area, the hot-spot areas have remained the same in both examined periods, specifically the bottom of Woodhouse Lane and top of Albion Street, as shown in Section 7.2. During the period 2015-2016 the peak time is 00:00 – 04:00, compared with 01:00 – 04:00 over the previous 12 months.

The licensing authority hasn't received any new or variation applications in the last year. However the overall 19% increase in crime and the lengthening of the peak hours is worrying.

As with the Call Lane/Lower Briggate area this shows not only how important it is that the number of people using this area during the night time does not increase but that it would be desirable for the number of people to reduce. Therefore any change to the current licences, either new premises or any increase in the operation of the existing premises should not have the effect of increasing visitors to the area.

Furthermore the Council will be investigating ways in which assault and theft can be reduced, in liaison with the operators and agencies.

**Cross Belgrave Street / Merrion Street / New Briggate:**

The following area is not a designated 'red area' in the existing CIP; although, it has been noted as an emerging area of popularity during the 'Night Time Economy'.

<b>NTE: Year 2014 – 2015 (Sept – Aug)</b>	<b>NTE: Year 2015 – 2016 (Sept – Aug)</b>

Figure 10: Map showing New Briggate area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- Within the Merrion Street / New Briggate area the hot-spots have remained the same in both examined periods, as shown in Section 7.3. The peak time has extended from 01:00 – 02:00 to 01:00 – 04:00.

As reported last year, this area in Leeds has been developed in the north of the city and is proving very popular. The lengthening of the hot spot period and the overall 13% increase is in common with the two red areas. When compared to the other areas in the city, in figure 6, Merrion Street lies in 7<sup>th</sup> on both tables.

This area remains in the amber area this year, as this provides the most flexibility to negotiate with applicants regarding safeguards that can be put in place. However if crime levels increase further this area will be subject to further review next year and may face being placed in a red zone.

### City Centre A&E Assault data

A&E data and road traffic incidents data are new additions to the review this year. The licensing authority was keen to see the crime statistics in context to ensure that the peak times for reported incidents was supported by other data specific to the night time environment.

The police report states A&E data was provided for the period 01/09/2014 – 31/08/2016. A notable proportion did not have a location address or did not specify an exact address, for example “on street” or “on bus”. Assaults which could be attributed to occurring in the City Centre accounted for 12% of all assaults. Where the time of the assault could be ascertained, overall the peak time was 01:00 – 04:00, with secondary peaks between 23:00 – 01:00 and 04:00 – 05:00. 85% were recorded as being a male patient. Alcohol was the main contributing factor.

	Year	
	2014-2015	2015-2016
<b>Time Analysis</b>		
Peak Time	00:00 - 04:00	01:00 - 04:00

A58	13	16	3
A58(M)	8	11	3

Figure 14 shows the top streets 01/09/2014 – 31/08/2016 for road traffic incidents during the night time economy.

The police report conclusions were:

- Overall there are more day time economy road related incidents than during the night time. OPL (over the prescribed limit) and Road Related offences were higher during the Night Time Economy.
- During the NTE the main hot-spots for 2014-2015 for Road Related Incidents were around Woodhouse Lane and the Boar Lane / Briggate / Call Lane area. There was also a concentration of incidents in the vicinity of the Headrow / Westgate area.
- Overall during 2015-2016 the peak time for Road Related incidents is 13:00 – 18:00, there was a secondary peak between 02:00 – 03:00. The area reduced around Woodhouse Lane. The hotspot around Boar Lane / Briggate/ Call Lane remained, however the number of incidents in this area reduced compared with the previous 12 months. Boar Lane experienced an increase in Road Traffic Incidents, however incidents halved on Call Lane. This is possibly due to the road closure in effect since October 2015 on Call Lane between 11:00 - 05:00 on a Friday, Saturday and Sunday night.

## Conclusion

With the police report conclusions in mind the Licensing Authority has determined that the red areas be maintained. Merrion Street/Cross Belgrave Street area and the Boar Lane areas will be closely monitored with a view to placing them in a red zone should the crime figures not improve in the next 12 months.

The increase in theft and violent crime in the two red areas is concerning. The council will work with the businesses and partners to establish if further work can be done to reduce these crime figures over the next 12 months.

The Licensing Committee will bear in mind that in the next 12 months there may be significant changes to the way late night levies can be introduced and may also consider the option of an early morning restriction order if these figures do not significantly reduce over the next 12 months.
