**Subject:** RE: LA03 Application for 5 Briggate, LS1 3LZ

Hi Nicola

With regard to the below and challenge to the CIP policy Environmental Protection has no comment to make. The original formal objection (attached) remains. The department works with Licensing and West Yorkshire Police with regard to applications, in this instance it is considered the application will give rise

to more members of the public on the street in the early hours with the potential to cause noise nuisance & disturbance in an already identified problematic area.

Regards

Trevor Porter

**Subject:** LA03 Application for 5 Briggate, LS1 3LZ

All,

I write concerning the LA03 Premises Licence application for 5 Briggate, which was adjourned from the meeting of the LSC on 10 October 2017 to allow the applicant provide further written submissions following the representations of the Applicant's Counsel, Mr Charalambides, against the Council's Statement of Licensing Policy (SOLP).

I attach a copy of the decision notice for your information, together with the Applicant's submission document which we have recently received. Please note that there was some delay in receiving the document. It should have been provided by Wednesday 25 October 2017. It was received by LCC on 6 November 2017 and it appears that it was supplied to the Applicant's solicitors on Monday 30 October 2017.

As forewarned at the LSC, the submission attempts to find fault in the SOLP/City Centre Cumulative Impact Policy and the manner in which the City Centre cumulative impact assessment/map is annually reviewed and consulted upon. The full grounds are set out in the attached document.

In conclusion the submission suggests that the course of action would be for the LSC to set aside the entirety of section 7 of the SOLP (CIP).

In accordance with the decision notice it was directed that the Responsible Authorities would have 14 days to respond to the Applicant's submission. It would be appreciated therefore if you could provide a response to the Applicant's submission by 23 November 2017. If you are unable to respond within that time please let me know and I will seek an extension from the Applicant for extension on the basis of their delayed provision.

Regards,

Nicola
