

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening
<p>Following changes in national procurement rules, the Council is about to tender for suppliers to join a Dynamic Purchasing System (DPS) in order to be in a position to deliver future Employment and Skills provision in a more efficient and responsive manner. A DPS is an electronic tendering system for the application and selection of organisations that comply with minimum service requirements.</p> <p>Dynamic Purchasing Systems do not operate in the same way as a traditional contract or framework in that it is an 'open market' product designed to provide access to join a list of pre-approved suppliers, which can be constantly refreshed to bring on new suppliers as needs change. Specific delivery call-off contracts are procured via Mini-Competitions between suppliers admitted to the DPS.</p> <p>Establishing a DPS with multiple suppliers creates an environment which encourages fair competition and is designed to allow new suppliers to join at any time during the life of the DPS, facilitating a much more flexible and responsive delivery model. It would also enable the service to respond quickly to future funding opportunities.</p> <p>A DPS also allows the ability to develop a longer term arrangement for 10 years (+1 year Council option) enabling us to develop stronger, long lasting relationships with suppliers and work with them to develop high quality provision that is aligned with Council priorities.</p>

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

4. Considering the impact on equality, diversity, cohesion and integration

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?**
(**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings**
(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**
(**think about** how you will promote positive impact and remove/ reduce negative impact)

5. If you are not already considering the impact on equality, diversity, cohesion and integration you will need to carry out an impact assessment.
