

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

A review of housing related support has taken place over the last two years and new services have been commissioned. The new model for housing related support includes visiting support and accommodation services.

A review of the Raise provision within the context of the new housing related support model and in particular the services that may be required to support people who are homeless and / or rough sleeping is underway. The purpose of the review is to determine future commissioning needs and includes consultation with a range of stakeholders including members, council directorates, other partners, providers and service users.

The current contract will expire before this review can be completed. In order to maintain service continuity, the proposal is to use the available contract extension to run to 31st March 2019.

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected.

- **Key findings** (think about any potential positive and negative impact on different equality

characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**
(think about how you will promote positive impact and remove/ reduce negative impact)
