Explanation: This is a very complex decision, initiated in 2004. Much of the original justification has proved to be erroneous, and some of the current justification is wrong or incomplete. Elected members and the public have been needlessly excluded from the decision making process, and as a result the Executive Board were unaware of important information that was material to their decision. Alternative outcomes have not yet been considered that would achieve a better match to national government policies, local aspirations and the council's published plans.

¹ In the case of decisions made by Area Committees, a Member cannot count as one of the two / five signatures if they are a member of that Area Committee.
