	Following an enquiry mad	de by Otley Ward Members to repair the wall to the					
	ramp back in January 202	22; Highways Asset Management looked into the					
	status of the ramp to All S	o All Saint's Church on Burras Lane in Otley which was					
	not previously considered to be part of the adopted highway.						
	HAM engaged the services of colleagues in legal to investigate, who came						
	to the conclusion that this	is area should be shown as adopted highway and					
		y the highway authority. The reasons given by Legal

construction of the UDC and therefore we as successor highway authority have responsibility for it; OR

• at the time it was constructed, it was constructed as part of the highway by the (then) highway authority and not constructed on behalf of another person / party that was not (at that time) the highway authority (Highways Act 1980: s36(2)(a)) – i.e. going back to those very early maps, it seemed to fall within the trackway that was used to navigate between the buildings that existed at that time.

This would continue to be the case unless any of the following, accepted exceptions apply:

- someone else has become liable for the maintenance under statute, or by reason of tenure, inclosure or prescription (s50 Highways Act 1980);
- · there has been extinguishment of the maintenance liability by court order;
- there has been extinguishment of the highway itself by court order or an administrative process.

Notwithstanding the above it does seem likely that there was something that would be regarded as a highway existing here before 1835. This would then bring into play the provision under HA 1980 that all highways in existence either (1) before 31 August 1835 or (2) after 31 August 1835 where it can be shown that at some time there has been maintenance at the public expense = to be regarded as way maintainable at the public expense. Therefore, the work done to date has given a precedent that we appear to have taken responsibility in this instance, and should continue to do so.

Brief details of any alternative options considered and rejected by the decision maker at the time of making the decision

Considered leaving it as is, with no registered owner and no confirmed responsibility for maintenance.
