

# Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Decision for the 12-month extension of an existing cooperation agreement with Leeds Community Healthcare NHS Trust (LCHT) for continued delivery of the multi-disciplinary model of adoption assessment and support across West Yorkshire in 2024/25. This model, which was the first of its kind developed as part of the government's adoption regionalisation reforms, continues to demonstrate positive impact for families and is supported by health and local authority funding partners across West Yorkshire. This agreement is an essential element of the model, ensuring clear expectations and objectives are in place with LCHT to deliver the health posts which are embedded in the multi-disciplinary team.

### 3. Relevance to equality, diversity, cohesion and integration

All the council's strategies and policies, service and functions affect service users, employees or the wider community – city wide or more local. These will also have a greater or lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

Please provide specific details for all three areas below (use the prompts for guidance).
