**Executive Summary**

**1.0 Purpose Of This Report**

**1.0** This report introduces Inspector Tom Horner from West Yorkshire Police who will give an update on Community Safety Issues in Outer West Leeds over the past 8 weeks and Detective Inspector Simon Atkinson who will present a DVD on the use of capture houses and cars within the division.

Inspector Horner will provide an update on the vehicle and burglary crime initiative focusing on the Pudsey, Calverley and Farsley wards and also provide an update on the Police and Communities Together meetings in Outer West.

**2.0 Capture Houses and Capture Cars**

**2.1 Capture House**

This is a rented house made up to look like an occupied property with furniture, etc and a window left open. The property would have cameras and a trackable asset placed within it, such as a laptop with a tracking device. Once activated the Police are notified and are able to track the asset through the tracking device and Global Positioning Relay Service (satellite navigation). This will show where the asset is taken and how long it is at a particular location (eg. If it is taken to someone's house then this is known and can be added to intelligence information about those handling stolen goods and investigated).

## **2.2**     Capture Car

A car made up to look like any other car fitted with cameras and with a trackable asset on show (usually a laptop or Satellite Navigation device). Once activated the Police are notified and are able to track the asset through the tracking device and GPRS. This will show where the asset is taken and how long it is at a particular location (eg. If it is taken to someone's house then this is known and can be added to intelligence information about those handling stolen goods).
