1.0 Executive Summary

This report provides Members of the Area Committee with an overview of the performance of the North West Divisional Community Safety Partnership and includes details of the initiatives that have been delivered in local communities to reduce crime and disorder. The report focuses upon the period 1st September 2008 to 30th September 2009.

2.0 The purpose of this report is to:

- Update Members on progress and outputs of the Multi-agency partnership Tasking Arrangements
- Report on Thematic Sub Groups and activities
- Report on the Performance of the NE Police Division and partnership
- Summary of ward crime statistics, public confidence and user satisfaction
- Report on multi agency 'Operation Champions'

3.0 **Divisional Community Safety Partnership Strategic Plan**

3.1 The Divisional Community Safety Partnership (DCSP) Strategic Plan has now been updated to include the Safer Leeds Priorities for 09/10. The document will be the framework upon which the DCSP will develop activity and manage performance against strategic outcomes of the City, Safer Leeds Strategy 08 – 11 and the Area Delivery Plan. The updated DCSP Strategic Plan for 09/10 is attached at Appendix 1.

Our Mission - what we want to achieve

The overall mission of North West Divisional Community Safety Partnership is:

‘Creating Secure, Strong and Safer Neighbourhoods in North West Leeds’.

The priorities are:

1. Creating safer environments by tackling crime
2. Improving lives by reducing the harm caused by substance misuse
3. Supporting victims and reducing the risk of victimisation
4. Reducing offending and managing offending behaviour
5. Improving community confidence and public satisfaction

4.0 **Multi-Agency Tasking Teams**

4.1 The co-chairs have responsibility for monitoring performance and local delivery which is overseen by the Area Community Safety Co-ordinators. The introduction of the action template has proved valuable in recording evidence of supporting locality focussed working. A summary of local actions from each multi-agency partnership tasking team is now included in the quarterly Divisional Community Safety Highlight reports.

5.0 **Key Achievements 08/09**

Ward Based Activities – Calverley Farsley, Farnley Wortley, Pudsey.

5.1 **Reducing Acquisitive Crime**

A Burglary and vehicle crime initiative took place in Outer West December – January 08 - The main outcome of the operation was catching and convicting persons responsible for serious acquisitive crime in the Pudsey and Calverley and Farsley area.

Funding was secured to fit door restrictors for areas vulnerable to burglary in Outer West through Community Action and Support Against crime (CASAC).

Operation Alderminster took place during January and February 09. Additional Police Funding was secured which provided additional resources to tackle burglary dwelling crimes in the Pudsey and Calverley/Farsley wards.

A three day Automatic Number Plate Recognition (ANPR) operation held in the

Woodhalls and Calverley area to combat criminals travelling into the area to commit burglaries. The operation also tackled speeding on Woodhall Road and the surrounding area. This was a joint Neighbourhood Police Team/Roads Policing initiative. Numerous motorists were stopped and advised, however, there were no arrests to report.

There was an operation across the division over 2 days of the Easter weekend involving the off road bike team and Police Community Support Officers (PCSO's) to tackle off road motorbikes being ridden by youths in an anti-social manner. Gallagher Leisure Park was also targeted for the operation due to the number of complaints. The operation was successful.

An Automatic Number Plate Recognition (ANPR) operation took place in Wortley, a joint Neighbourhood Police Team /Roads Policing initiative to tackle travelling criminals and their poor manner of driving.

Additional uniformed officers were deployed from Neighbourhood Police Teams and crime team in the Fulneck area working in plain clothes, undercover in order to tackle the increase in vehicle crime. Leafleting of residents was conducted detailing crime prevention measures they should take. Police Community Support Officer's took details of cars which had valuables on display in order to notify residents through the Vehicle Crime Recording Action Team (VCRAT) process.

A Hairy Arm campaign has been conducted in Pudsey, Farnley, Calverley and Farsley in hot spot areas in order to deter them from leaving their doors and windows open to prevent sneak-in burglary. Where doors and windows are found open, the Police Community Support Officers have been posting a hairy arm with advice on the back through people's doors.

Operation Alpost September 09 – targeting rising burglaries across West Inner and Outer areas. Neighbourhood Police Team Officers, Mounted Officers, CID, Road Policing working in hotspot areas targeting known offenders working until 4 am, with early team starting at 4 am, giving 24/7 cover for a week.

Consideration is being given to restricting access on the back street of Somerset Road as there have been quite a number of burglaries and anti-social behaviour complaints over a period of time. Consultation will be taking place during December 09 to gauge support for local residents for this project.

A week of action with a number of agencies is being organised by the Environmental Action Team is to be undertaken in Pudsey Centre at the end of November to deal with shoplifting, anti-social behaviour, littering and truancy.

The rate of house burglaries is improving in West Outer. For the period mid to end of October 09 there were 22 house burglaries reported to the Neighbourhood Police Team, compared to during the summer when there were 21 per week. This is due to proactive initiatives working until 5 am targeting those committing burglaries, making arrests and disrupting their activity.

5.2 **Reassurance**

A multi-agency action day took place on 2nd December 08 on the Tong estate, Farnley with over 100 crime prevention packs distributed which included light bulbs and timer switches as part of the Christmas light up initiative.

The Home and Away campaign was undertaken targeting Christmas shoppers during 2008 in Pudsey giving out timer switches and low energy light bulbs as well as purse alarms to protect shoppers from purse thieves.

A number of smaller multi-agency action days organised by the Neighbourhood wardens have taken place over the last 12 months in order to provide crime prevention advice to residents and tackle environmental issues, targeting the Bawns and Butterbowls, Heights and Gamble Hill area.

Probation Unpaid Service Team have been involved in weekly projects with the Neighbourhood Wardens. These included work on the Gamble Hills painting handrails by the high rise flats, clearing footpaths and over grown shrubbery, and the removal of graffiti in areas such as the Bawns in Farnley.

There was a visit by the Home Secretary and members of the Cabinet Office for the launch of the Policing Pledge by Outer West NPT in Calverley/Woodhall neighbourhood with representatives from the local community. The Policing Pledge has been rolled out looking at the 3 main priorities of local communities within West Leeds.

In October 08 - A community feedback event was organised at Hillside Community Centre from 5 – 8 p.m. so that members of the public could call in to find out a bit more about Operation Champion, speak to agencies involved and to raise any concerns or issues.

In November 08 - Market Stall event held at Greenside primary School on the Gamble Hills with information/advice from Police, ASBU, EAT, Area Management and the Neighbourhood Warden.

On 28th to 30th January 09 Operation Champion took place on the Gamble Hills and Greenthorpes, with 9 arrests, 3 x fine default warrants, 1 x s.39 assault, 3 x burglaries, 1 x Possession with intent to supply (PWITS) Class A & B following a drugs warrant and 1 x 2 x damages and 3 breach of non molestation order. Hi-visibility patrols conducted in the area by Police Community Support Officer's(PCSOs), Neighbourhood Police Team (NPT), Police Constable's (PC), Crime Team and Mounted Section. Crime prevention leaflets and crime survey undertaken during the 3 days and environmental improvements made to the estate.

Joint NPT/Road Safety initiative with local school children at Parkside School, Calverley to tackle speeding.

For throughout March additional funding was secured from Safer Leeds to

provide Police Community Support Officers/Police Constables reassurance patrols outside and near to Priesthorpe school following incidents of robberies.

During January and February reassurance mapping was conducted in New Farnley by West Outer Police Community Support Officers. The purpose of which was to gauge public confidence and satisfaction in the Police Service and to identify local issues/priorities in the neighbourhood. 365 residents were visited and questionnaires completed.

Local Police And Communities Together meetings were established in all 8 NPT neighbourhoods during January and February in support of the West Yorkshire Policing Pledge. These continue to be held on a monthly basis, and focus on 3 priorities raised by the public at the meetings.

Your Communities, Your Priorities events attended by the Neighbourhood Police Team with, Anti-Social Behaviour Unit (ASBU) Neighbourhood wardens and Community Safety across the 3 ward areas providing information, advice and leaflets on crime prevention.

On 20th – 22nd May 09 Operation Champion took place in the Pudsey area. Staff involved were 10 PC's, 8 PCSO's, 2 Off Road Motorbike PC's, 2 Proactive Traffic PC's, 2 Mounted Section PC's. Leaflet drops were conducted in Fulneck in relation to sneak in burglary and car crime, ASB patrols in Rokers/Pudsey park areas, pro-active traffic patrols around Pudsey centre and arterial routes, off road motorbike patrols around Kent Road/Galloway Lane/Fulneck, Mounted section patrols around Fulneck resulting in pro-active arrests/enquiries. Other activity included:

- Pudsey market stall attended by various agencies providing leaflets and advice.
- 1 drugs warrant executed.
- 3 arrests
- Fine default warrant arrests and recovery of over £250.00 in fine defaults.
- Over 30 vehicles identified with valuables on display in Fulneck. Forms submitted and advice given, 37 vehicles also stopped.
- 8 fixed penalty notices for traffic offences
- 3 vehicles seized
- Numerous stops of known criminals recorded
- DPPO patrols and licensing visits conducted on all Pudsey public

Operation Champion held on 24th – 25th Sept 09 in Farnley. The results are as follows:

- 16 people were arrested for a variety of offences (FD warrants, Burglary, S18 assaults, damages, court warrants) and 1 x CID 8 for cannabis.
- There were 20 stops and 12 stop searches.
- 40 cans of beer, 3 litres of cider and a bottle of vodka were disposed of from under age persons.
- ANPR operation resulted in 3 vehicles seized for having no insurance and

one arrest, fine default warrant - 2 x endorsable and 2 x non endorsable tickets and 3 form A's.

- The Smiley SID was deployed at various sites. 17 vehicles caused a sad face. Details were collated and letters sent regarding speeding.
- The Neighbourhood Wardens worked with Probation clearing gardens and cutting back shrubbery for the elderly on Butterbowl Gardens.
- Ongoing work with Youth Services to develop diversionary activities.

Operation Adjacent – targeting offenders in the Designated Public Places Order areas in West Inner and Outer with dedicated staff working from 9 p.m. – 2 am mainly at the week-ends commenced in September 09 continuing into December 09.

Tuesday 29th September saw the re-launch of North West Leeds, West Inner and Outer Neighbourhood Watch Schemes.

Pudsey Police Station open day was held on Saturday 12th September 09. Members of the public were invited into the Police station. They were given the opportunity of a guided tour of the operational station and could see on display outside the vast array of resources from within the police and from partner agencies that are available to assist them. Over one thousand one hundred and eighteen people visited the station.

The Face the People event at Pudsey Civic Hall held on 22 October 09 went very well with a good number of agencies and public attending. Agencies had a good amount of contact by members of the public.

The Neighbourhood Police Team provided a presence at the Pudsey lights switch on in order to deal with any anti-social behaviour that may arise and also to have a market stall providing crime prevention advice, particularly regarding the light-up campaign which encourages people to have energy saving light bulbs and to fit timer switches to deter burglary during the darker nights.

Bobby in a Lobby in West Outer providing a Police presence and giving reassurance and crime prevention advice to the public to reduce crime in the run up to Christmas. This is to commence shortly. Energy saving light bulbs and property marking kits are being handed out to the public.

An environmental action day is being planned for Cottingley Springs in December 09 involving the travelling community in a clean-up on site. Consideration is being given to have a community facility on the site also.

5.3 **Community Cohesion and Preventing Violent Extremism**

During 2008 a multi agency project Steering Group lead by Area Management was established to focus on cohesion in the Armley area.

The purpose was to identify four priority areas within Armley to focus activity within Wythers, Armley Moor Top, Cedars, and New Wortley. The first phase has been to focus on the Wyther area.

Independent consultants have been conducting focus groups sessions and questionnaires on the Wyther estate, which will then inform the Cohesion action plan. Once all the information is collated, an action plan will be established focusing on the priorities that local people identified for their neighbourhood.

The Neighbourhood Police Team have established excellent links with Armley Mosque over the last 12 months and have arranged sessions with young people from the mosque ranging from sporting activities to sessions on staying safe. Ongoing work seeks to bring together a group of young Muslim women from the Armley community thereby giving them a communal voice and position of influence. The organised activities are a platform for engagement across generations, faiths and also with statutory bodies. This will negate some of the messages of isolation and conflict often used by those promoting violent extremist messages.

In June 09 the GW Theatre company did two performances called One Extreme To The Other which explores/challenges extremism at Priesthorpe School.

Foundation for Peace have been working in Priesthorpe School and will continue to deliver to deliver a conflict transformation programme examining extremism, racism, prejudice and discrimination. Staff will also receive training on how to tackle extremism, racism, prejudice and discrimination in the class room. Student will be trained and supported in setting up a peers support programme.

Leeds is a trailblazer for Preventing Violent Extremism (PVE). A workshop was held at Headingley Carnegie Stadium in September 09 to ensure that partner agencies in the North West Division are aware of what PVE is about and how they could contribute. The workshops gave a national and local perspective to partner agencies working in West and North West Leeds including what is being done in Leeds regarding the Prevent agenda and how it can be embedded in strategy.

5.4 **Violent Crime**

Over three weekends in March 2009, a knife crime initiative was undertaken with additional resources directed to the Pudsey and Armley Designated Public Places Order (DPPO) to provide reassurance patrols, enforce the DPPO and conduct licensing visits in support of Pubwatch members.

A new multi agency Divisional Community Safety Partnership sub-group has recently been developed chaired by Community Safety and a Detective Inspector from the North West Division to agree priorities and joint initiatives to tackle violent crime. One of the areas identified is alcohol related crime and ASB.

5.5 **Domestic Violence**

Multi-agency Risk Assessment Conference (MARAC)

Over the last 12 months the MARAC have met each month to review and

discuss actions in support of victims of high risk/repeat instances of domestic violence incidents West Leeds. The multi-agency partnership since September 08 – October 09 have dealt with the following number of referrals in the West Leeds area.

81 cases discussed

19 repeat cases

97 children in the household (total across all the 81 cases)

7 of the cases were from the BME community

3 of the cases involved people registered disabled

Of the total 81 cases, 6 involved male victims.

5.6 **Weapons Awareness**

All youth work staff have received Weapons Awareness training and will be working with young people in relation to weapons awareness issues. The Safer Schools Officer for Priesthorpe, Crawshaw, Farnley Park and Swallow Hill High Schools have delivered weapons awareness sessions to year 7 pupils.

5.7 **Hate Crime Focus Group**

The North West Division has refocused the Hate Crime meeting and developed a victim and perpetrator action plan to support victims and target perpetrators of hate crime throughout the division. Monthly hate crime meetings are held to discuss cases brought to the attention of the Police, Leeds City Council and other agencies, tensions that have arisen and to update the action plan. The meeting focuses on providing support for victims and taking action against known perpetrators.

Over the last 12 months the partner agencies have been proactive in tackling incidents of Hate Crime that are referred to the West Leeds multi-agency hate crime partnership meeting. The meetings focus on three strands, Victim, Location and Offender.

Victim – over the past 12 months the partnership have supported 13 victims, some carried over from previous meeting.

Offenders - focused actions on 8 perpetrators.

Locations - Cedars, Wythers, Whincovers, Broadleas, Nutting Grove Terrace, Wortley Towers, Wortley Rec, Stanningley Road, Canal Road, Stonebridge Grove, Priesthorpe Road, Bruce Lawn, Pasture Mount, Raynville Court. (14)

All these areas have been targeted with hate crime leaflets and have been paid attention to by the Neighbourhood Policing Team, Stop Hate UK and Victim Support.

5.8 **Reducing The Harm Caused by Substance Misuse**

Additional police patrols conducted over the Christmas and New Year period 08 in the DPPO area in Pudsey to tackle issues in relation to alcohol related incidents.

In February 09 a joint test purchasing operation took place with Police and

Trading Standards targeting the illegal sale of alcohol to under age young people. Six licensed premises were visited, 5 committed offences and have been dealt with by way of fixed penalty tickets and action plan.

National Drugs week June 2009 - this saw drugs warrants executed at address in Pudsey and Swinnow for seizures of class b and class a drugs, arrests were made .

Education work done in West Outer schools via Safer Schools Police Officers outlining dangers of drugs use.

Proceeds of crime act display at Owlcotes and good media all round.

Further Warrants also executed on the Heights with large amount of amphetamine (class B (recovered and 2 arrests) and Gamble Hill Grange with cannabis recovered and 1 arrest.

From August 09 work as been on going to establish a Designated Places Order for Farsley. In November the Licensing Committee has approved the introduction and implementation of a Designated Public Places Order (DPPO) for Farsley Town with additional resources agreed by Outer West Area Committee. The DPPO come into effect from the 18 December 09. The police are currently drawing up an operational order to police the DPPO.

Operation Alphamstone is ongoing, a divisional wide operation with designated NPT staff patrolling hotspot areas seizing alcohol from children/youths between 5 p.m. and midnight on a Friday and Saturday night. The names are forwarded on to Youth Services for intervention, health awareness sessions and to ASB officers. The second phase of the operation is to target those selling the alcohol with Trading Standards.

Funding agreed from both Inner and Outer Area Committee for a thermal imaging camera to assist the Neighbourhood Police Team to identify Cannabis premises. There have been a number of properties identified in Outer West , and a number of arrests have been made.

The Outer West Neighbourhood Police Team continue to execute drugs warrants with greater frequency now given Police Constable time being freed up from other crime investigations.

5.0 **Anti Social Behaviour**

The anti social behaviour team has had a very productive twelve months in Inner and Outer West. They have been granted a full Anti Social Behaviour Order (ASBO) to prevent a sexual predator entering Armley/Farnley , our police colleagues have gained three bolt on ASBO's, we have agreed 12 Acceptable Behaviour Contracts (ABCs)'s, and been granted 7 injunctions, we have also closed crack houses and served a number of Notice of Intention to Seek Possession.

We have strengthened our partnership working in particular with the Police and

the Attendance Management Strategy team, we have worked on a number of initiatives including some innovative projects.

A DVD has been produced focusing on Acceptable Behaviour Contracts (ABCs) that can be used as a tool in schools. Sessions are to be arranged with schools to raise awareness of what these are. The first cut of the DVD called YABC which was scripted by an Anti Social Behaviour Unit West enforcement officer and involved West Leeds children in all aspects of the production has taken place. The Anti-Social Behaviour Unit are impressed with the professionalism of the production, the partnership involved and the strong message about the benefit of ABC's, and are looking forward to receiving the final cut and working on the training pack which will accompany the DVD.

Through the Outer West Multi-Agency Crime and Grime meetings, the following were identified as hotspot areas that partner agencies focused on during the last 12 months.

5.1 **Pudsey**

On going work between the Anti-Social Behaviour unit (ASBU), police and partner agencies targeting complaints of anti-social behaviour is being conducted around the Pudsey area.

There has been a reduction of Anti Social Behaviour and criminal damage in Pudsey park with several arrests being made and the Anti Social Behaviour Unit pursued an Anti Social Behaviour Order (ASBO) on one nominal. The Police and other agencies continue to monitor the youths congregating in the park. This includes truancy sweeps being conducted and Police Community Support Officers with head cams being deployed. Discussions are taking place with Metro with a view to extending the coverage of the CCTV to cover the park that will be included as part of the development of the bus station. The Police Community Support officers are working along side youth services with diversionary/educational programmes.

There has been excellent partnership working resulting in the Black Bull pub going before the licensing committee and having its license revoked, due to issues around noise, nuisance, drugs and assaults. The issues around the Black Bull Pub in Pudsey have been resolved through positive interventions with partner agencies and local ward members. The pub has now reopened with a new landlady. The landlady has been visited by the Police to ensure any incidents which may arise are reported.

5.2 **Swinnow**

Officers from the Anti Social Behaviour Unit have been involved with a case involving the safeguarding of a vulnerable adult. They took the client to casualty and spent several hours there. They are now working on enforcement procedures against a number of individuals to protect the client in the future.

5.3 **Farsley**

Issues of anti-social behaviour around the Farfield area have been highlighted by partner agencies. Discussion and meetings have taken place to look at where appropriate enforcement actions and diversionary activities. From the joint meetings and in order to improve co-ordination and integration of youth provision in this area it was agreed that:-

Regular meetings between police, Farsley youth Development Project, the youth service, Police, Anti-social behaviour Unit would take place for 1 hour at Pudsey Police Station to discuss issues/concerns, ideas, funding opportunities and joint working.

Work on increasing publicity - possibly produce a general information leaflet/flyer and aiming to look 4 projects with partners over a 12 month period

5.4 **Gamble Hills/ Heights**

In November 08 a tenancy action evening took place with staff from West North West Homes, police, Community safety, Anti-social behaviour unit at Gamble Hill Grange. The action evening provided residents with crime prevention advice, gathering of intelligence of issues of people causing ASB in the block. The information in relation to youths causing problems in the area highlighted to youth services to target diversionary activities.

Three sessions were held before the end of March of the Revisit programme on Gamble Hills. It was a rigorous programme 10 week programme covering various topics such as weapons, drugs, domestic violence. The sessions were attended by youths involved in low level crime.

5.5 **Farnley**

Anti-social behaviour on Nutting Grove Terrace is currently a hotspot. Acceptable Behaviour Contracts are being taken out on these youths where appropriate and West North West Homes is in contact with their parents regarding their tenancies. The Police and Anti Social Behaviour Unit officers have been out speaking to groups of youths and a list of names is being considered by the Youth Service and Youth Offending Service for the Revisit programme to prevent Anti Social Behaviour. It is an 8-10 week programme addressing issues such as the impact of their behaviour on victims. West Yorkshire Police are deploying head cams to target the perpetrators.

West North West Homes Leeds are in the process of implementing a masterplan for the Bawns and Nutting Groves to make environmental improvements and reduce the crime. A questionnaire is being conducted across all the estate to ask residents their opinions. There are archways where youths have been congregating which are in the process of being closed, subject to rights of way issues being resolved.

Regular meetings are taking place between a number of agencies and the Youth Service putting youth provision in place to divert youths away from anti-social behaviour and criminal damage. The meetings discuss issues/concerns, ideas,

funding opportunities and joint working. Work is to be done on increasing publicity - possibly producing a general information leaflet/flyer. 4 projects to be considered with partners over a 12 month period.

The 3 Youth Service LS Cash bids for Pudsey, Swinnow and Farnley were successful to take youths horse riding. Police Community Support Officers are going to be involved.

6.0 Total ASBO's in Outer West – November 08 – November 09

Anti Social Behaviour Orders by ward:

Calverley/Farsley Nil
Farnley/Wortley - 1 Full, 1 Bolt-on
Pudsey - 1 Full,

Injunctions

2 Farnley/Wortley
1 Pudsey

Acceptable Behaviour Contracts (ABCs)

4 Farnley/Wortley
1 Pudsey
1 Gelderd Road

analysis of data supplied by the Anti-Social Behaviour Unit

(These figures are not inclusive of those undertaken by the Arms Length Management Organisation)

7.0 North West Division off Road Motor Bike Unit Tackling Nuisance Bikes

- 7.1 Over the period September 2008 to September 2009 Ibis / STORM calls have unfortunately increased by approximately 7.5% re nuisance motorcycles. The majority of this increase in nuisance motorcycles calls occurs in the months of June July and August. Without a shadow of a doubt this is due to the closure of the Flapits area in Denholme by Bradford council, in June this year.

Despite the increase of 7.5%, in nuisance motorcycle calls between September 2008 – 2009, since their inception the Off Road Motorcycle Unit have reduced the number of calls from 1414 in 2006 to 618 to date this year. We have also seized 63 vehicles and issued 68 section 59 warnings this so far this year.

In a total 198 motor vehicles have been seized and 231 Section 59 warnings issued.

There is no doubt that despite the small increase in nuisance motorcycle calls during the last year, that were it not for the Off Road Bike Unit, these calls for ASB nuisance motorcycles would have increased over the last 3yrs. Not only would this have a huge negative effect on figures for the Division, but it would also make a huge impact on the quality of service provided to the local community by North West Leeds.

Statistics obtained from IT (Ibis) and Storm show that the busiest days in order, are as follows: - Saturday, Sunday, Wednesday, Monday, Thursday, with Tuesday and Friday being equal.

The busiest time periods being:-

60% of calls being between 15:00hrs and 20:59hrs

27% of calls being between 07:00hrs and 14:59hrs

13% of calls being between 21:00hrs and 06:59hrs.

The Unit are involved in nearly all Divisional Operation Champions, and the bikes presence is much appreciated. We endeavour to liaise with the NPT Inspectors to assist in other Operations and ascertain problem area's within each ward.

This year amongst other operations, the team have been involved in both Operation Pit Stops (April & October). Operation Pit Stop was created by Leeds City Council Road Safety officer Dave Glanville and PC 442 Clarke of the Off Road Bike Team. The Operation's objective being to target 16 -19yr old riders of twist and go scooters and motorcycles up to 125cc. Statistics showed that this group of riders were the most likely to be involved in Killed or Seriously Injured collisions in the Leeds area. On being stopped the riders documents were checked and their bikes examined for modifications which may affect there insurance, they were also given advice on safety clothing and further training.

Our patrol time distribution means that we spend at least one whole tour of duty in each council ward. Time spent is dependant on Intel and ASB in the area. The more Intelligence we receive the more we patrol a particular area.

In Outer West two of the most notable success stories this year being:-

The recovery of a stolen £4,500 agricultural quad, this had been creating ASB and damage to Council owned football fields and greenspaces in the Swinnow area for a number of weeks. The quad was followed for approximately 10 min's by the Off Road Bike Team. The rider subsequently abandoning it, the passenger was arrested at the scene. The rider made off but was subsequently arrested and then positively identified by members of the Off Road Bike team in an identification procedure. The rider was charged with offences of Handling Stolen property, Dangerous Driving, Drive otherwise than in accordance with a Driving Licence, and No Insurance.

Residents in the Tyersal area had made numerous complaints over the last six months of a red and black moto cross bike being ridden through the estate in a dangerous and Anti Social manner on a regular basis, despite many hours sat on the estate carrying out observations, the bike never appeared. The bike was seen being ridden on the abandoned Phoenix park golf course and failed to stop for two members of the off road bike team, the bike made off along the public road and was seen to enter the Tyersal estate. The bike was followed throughout the estate and the rider (a local 15yr old youth) was subsequently arrested on suspicion of theft of the motorcycle dangerous driving and the obvious document offences. He was later charged with the offences of Dangerous driving no insurance and Drive otherwise than in accordance with a licence.

Our patrol's regularly cross with the Leeds City Council Park Warden's resulting in youths commenting on the group of 3 to 4 off road motorcyclists deterring them from using their mini motos, not to mention the public's perception of such a number of Police and LCC riders working together in any one area. This shows an excellent example of working with partner agencies to combat Anti Social Behaviour (ASB) issues.

Some inroad has been made towards becoming involved with the youth's who are causing the ASB and educating them as to safe riding practice's and we hope to develop some form of club as operated in other forces. Unfortunately this is still in its infancy and will take a great deal of time and effort as there is so much to do. But we strongly believe that targeting these youths and giving them something to get involved in, is the way forward in preventing ASB in the Division. This would also be an excellent avenue to follow re Offender Management.

We continue to make a positive contribution to the safety of the community and the reassurance of the public. Nuisance and Anti Social Behaviour re motorcycles will never go away due to the thrill it provides. We are having an impact but each generation creates a new problem.

7.2 OFF-ROAD MOTORCYCLES Ibis / Storm calls & Statistics 2006 To Date

Month	2006	2007	2008	2009

8.0 North West Division Performance Matrix

North West Leeds DCSP - Performance Matrix 2009/10 (September 09)

Safer Leeds

tackling drugs and crime

Key Performance Indicators	09/10 Target	YTD	RAG Trend	Assessment
Reduce the level of serious acquisitive crime	8026	4108	<input type="checkbox"/>  <input type="checkbox"/>	On track to meet target (variation = -28) Up 8.1% against previous year (308 more offences)
Reduce the level of assault with injury	1,791	889	<input type="checkbox"/>  <input type="checkbox"/>	Above the standard to meet target (variation = -22) Down 1.4% against previous year (23 fewer offences)
Reduce the level of serious violent crimes	172	62	<input type="checkbox"/>  <input type="checkbox"/>	Above the standard to meet target (variation = -25) Down 27.1% against previous year (23 fewer offences)
Increase the proportion of residents who agree that their local area is a place where people from different communities get on well together	61.6%	65.0%	<input type="checkbox"/>  <input type="checkbox"/>	This is a 4.9% increase on last year, on trajectory to achieve the year end target. (Policing Pledge)
Reduce the proportion of residents who believe that anti-social behaviour increased in their local area	16.2%	16.3%	<input type="checkbox"/>  <input type="checkbox"/>	This a reduction on last year of 1.2%, placing the division on trajectory to achieve the year end target. (Policing Pledge)
Increase the proportion of residents who agree that the police and local council are dealing with the ASB & crime issues that matter in their area	45.8%	46.1%	<input type="checkbox"/>  <input type="checkbox"/>	This is 5.3% increase on last year, on trajectory to achieve the year end target
Reduce the percentage reduction in repeat victimisation for those domestic violence cases being managed by a MARAC (Weetwood)	20.5%	30%	<input type="checkbox"/>  <input type="checkbox"/>	YTD = the rolling 12 month repeat rate figure. Sept 4 cases 1 repeat
Reduce the percentage reduction in repeat victimisation for those domestic violence cases being managed by a MARAC (Pudsey)	20.5%	25%	<input type="checkbox"/>  <input type="checkbox"/>	YTD = the rolling 12 month repeat rate figure. Aug 3 cases, 2 repeats
Increase the proportion of sanction detections for domestic violence	53.0%	57.1%	<input type="checkbox"/>  <input type="checkbox"/>	Above the standard to meet target (variation =4.1%)
Reduce the re-offending of priority offenders	- 17.0%		<input type="checkbox"/>	N/Av

Police based operational targets

9.0 Outer West Ward Crime Data

9.1 Data Sources

- **Crime Data:** Data drawn from Corvus, **2%** of the overall year's crimes could not be allocated to a ward due to complexities within the data.
- **Incidents Data:** Data drawn from Corvus, **2%** of the overall year's incidents could not be allocated to a ward due to complexities within the data drawn from Corvus. **ASB** is classed as any incident containing any "800-881" code on the 'disposition 1' finalisation code.
- Periods for ASB and Crime Data is **01 Oct 2007 00:00 hrs to 01 Oct 2008 00:00 hrs** for **07/08** figures and **01 Oct 2008 00:00 hrs to 01 Oct 2009 00:00** for **08/09** figures.

10.0 Legal and Resource Implications

There are no legal implications

There are no resource implications. However, the Area Committee currently supports the work of the Divisional Community Partnership by funding initiatives from the Well Being Budget to assist in reducing crime and disorder.

11.0 Priorities 2010/11

The three main priorities for the Divisional Community Safety partnership for 2010/11 have been identified as the following

- Reducing Burglary
- Tackling Anti-social Behaviour
- Reducing Criminal Damage

12.0 Recommendations

The Outer West Area Committee is asked to note the contents of this report of the North West Divisional Community Safety Partnership and the attached Performance Framework/Strategic Plan 2008-2011.

North West Divisional community Safety Partnership
Performance Framework/Strategic Outcomes

2008-2011

Our Mission - what we want to achieve

The overall mission of North West Divisional Community Safety Partnership is :

‘ Creating Secure, Strong and Safer Neighbourhoods in North West Leeds ’.

Our Strategic Outcomes

OVERALL VISION AND STRATEGIC CONTEXT

The Leeds Initiative (the **Local Strategic Partnership**) guides the work of all partnerships in the city towards achieving the long term ambition of the **Vision for Leeds (2004-2020)** of ‘making sure everyone has a better quality of life now and for generations to come’ The Vision commits Leeds Initiative and its partnerships to make sure they: ***‘tackle crime and community safety in everyone of the Vision’s programmes of work’***

The **Leeds Strategic Plan (2008-2011)** will set out how partners across the city will deliver measurable outcomes agreed with Government Office. The LSP has a number of themes. Within each theme are Strategic Outcomes which have a set of Improvement Priorities. These priorities will have a varying degree of relevance and local priority to different areas of the city.

Area Committees will be responsible for developing, agreeing and monitoring a local interpretation of the LSP through **Area Delivery Plans (ADPs)**. These will focus on those improvement priorities for which it has delegated responsibility and influence over (council functions). There is opportunity however to use this local delivery/service planning and public accountability framework for the work of the DCSP.

The North West Divisional Community Safety Partnership is an operational arm of the Safer Leeds Partnership (CDRP) which supports the delivery and co-ordination of activity at a local level.

To ensure consistency of approach across the DCSPs of the city, each will place equal emphasis on delivering these Strategic Outcomes:

- 1. Creating safer environments by tackling crime**
- 2. Improving lives by reducing the harm caused by substance misuse**
- 3. Supporting victims and reducing the risk of victimisation**
- 4. Reducing offending and managing offending behaviour**
- 5. Improving community confidence and public satisfaction**

The above 5 Safer Leeds outcomes translate across into the Leeds Strategic Plan mainly under the “Thriving Neighbourhoods” theme under the Strategic Outcome (and associated Local Improvement Priorities) of:

- **Reduced crime and fear of crime through prevention, detection, offender management and changed behaviours (Local Improvement Priorities: reduce crime and fear of crime, reduce offending, reduce the harm from drugs and alcohol to individuals and society, Reduce anti-social behaviour)**

There are further cross-cutting LSP outcomes that the DCSP will contribute towards but not have the lead role:

- **Improved quality of life through mixed neighbourhoods offering good housing options and better access to services and activities (Thriving Neighbourhoods)**
- **More inclusive, varied and vibrant neighbourhoods through empowering people to contribute to decision making and delivering local services (Stronger Communities)**
- **Improved community cohesion and integration through meaningful involvement and valuing equality and diversity (Stronger Communities)**

1. Creating safer environments by tackling crime

The public have the right to be safe and feel safe in their own home, on the streets and the places they go. Tackling serious crime and diffusing tensions in our communities is vital to peoples' quality of life.

Priorities

Our Delivery Activities & Accountability (08/09)

Reducing serious acquisitive crime:

(Burglary, robbery, theft of and theft from motor vehicle)

Develop an Acquisitive Crime Sub Group -

- Deliver a range of targeted campaigns to increase potential victims' awareness, prompt action and prevent opportunities for acquisitive crime to take place.
- Identify and deploy suitable situational crime prevention measures in key locations using a targeted approach.
- **Inner & Outer West & North West Crime & Grime Multi-agency Tasking Groups**
- Identify and target offenders committing acquisitive crime.
- Develop through partnership work targeted diversionary activities

Reducing violent crime:

(Assaults & wounding and alcohol fuelled violence)

Inner & Outer West & North West Crime & Grime Tasking Group

- Deliver activities that focus on alcohol related crime locally/ Target Activities around licensed premises and working in partnership with Licensed Public Houses
- Deliver activities that focus on reducing the incidence of weapon enabled crime, including the possession of knives and firearms
- Deliver a range of targeted campaigns focussing on the student population in partnership with the universities to reduce the number of students who are victims of crime
- **DCSP - Consider Designated Public Place Orders(DPPO'S) where appropriate**

Prevent, identify and respond to community tensions.

Inner & Outer West & North West Multi-agency Tasking /Neighbourhood Wardens

- Continue to develop and implement the intelligence assessment and response to community tensions, ensuring partners work closer with and within the communities where the greatest risks have been identified.
- Sharing of local intelligence
- Attendance at the City-wide Community Intelligence focus meetings
- Develop a partnership approach to PVE targets (Preventing Extreme Violence)

Note Performance indicators yet to be agreed

2. Improving lives by reducing the harm caused by substance misuse

Substance misuse affects the well being of individuals, families and neighbourhoods; it damages the health of individuals and undermines family life as well as having huge social and economic costs to the city. Reducing drug and alcohol related crime is vital to making people safer and improving lives.

Priorities

Our Delivery Activities & Accountability
(08/09)

Addressing alcohol misuse through a combination of prevention, control and treatment.

Operation Champion

- Develop with partners, effective communication and public information mechanisms to carry key prevention messages to promote a culture of Responsible Drinking.

Inner & Outer West/North West Tasking

- Work with licensed premises to ensure that the sale of alcohol and its consumption are managed in a responsible manner.
- Work with youth services to deliver educational programmes in relation to alcohol and responsible drinking
- Work with PCT/BARCA to identify targeted work to address alcohol related issues young people

3. Supporting victims and reducing the risk of victimisation

Victims have the right to expect that crimes they have reported are investigated and to receive information about what happens, the chance to explain how the crime or incident has affected them and for their interest to be taken into account. All victims should be treated with respect and sensitivity and be offered emotional and practical support.

Priorities

Our Delivery Activities & Accountability (08/09)

Supporting victims and reducing the risk of victimisation:

Domestic violence

Domestic Violence Sub Group

- Develop and deliver activities to support the refreshed city wide Domestic Violence Strategy including, raising public awareness, improving services to women, improving services to children, continued development of community support, supporting effective civil and criminal justice responses, developing preventative and educational work with children and young people, supporting the sustainability of domestic violence services and developing effective offender management interventions.
- **North West and West MARAC**
- Identification of and early intervention with victims and perpetrators of domestic violence to prevent escalation, and the continued implementation and roll out of the MARACs (multi-agency risk assessment conference) across the city.

Hate crime

North West Hate crime sub group

- Develop and deliver activities to support the refreshed city wide Hate Crime Strategy including, increasing victims' confidence in the reporting of hate crime incidents, improving service responses to victims of hate incidents, improving service responses to deal with perpetrators of hate crime, continue to develop preventative and educational activity to address hate incidents and implementation of actions to tackle hate crime in response to local assessment of need.
- Work with local communities in identifying community solutions to addressing hate crime and develop good practise

Children and young people

- Linking into the Locality Enabler posts for children & young people in West/North West Leeds and the Children's and Young people's Plan . Supporting the Children Leeds Partnership in delivering the stay safe theme for 'Every Child Matters', ensuring the views and concerns of young peoples are taken into account when identifying and developing community safety responses. Utilising safer schools partnerships to build relationships between young people and services as well as an avenue to support learning about safety in the home, streets and neighbourhoods and delivering targeted early year's preventative schemes and targeted diversionary programmes.

4. Reducing offending and managing offending behaviour

The community has a specific right to expect public agencies to work with known offenders. By placing increasing emphasis on managing or modifying the behaviours of offenders who create most harm in our communities, this will reduce the risk of them offending again and also reduce crime.

Priorities

Our Delivery Activities & Accountability
(08/09)

Reducing offending behaviour by addressing risks and harms.

- **Inner & Outer West & North West Tasking**
 - Sharing local intelligence and multi agency problem solving around prolific offenders
 - Working with Youth Inclusion Projects/Youth Offending Service/Youth service /Social Care to identify people at risk of being involved in offending behaviour and put partnership mechanisms in place to reduce risk
 - Multi-agency Panel referrals for young people who are involved in crime & ASB
 - Children Leeds Partnership to maximise opportunities to reach the most socially excluded young people and particularly those at risk of entering the criminal justice system.

5. Improving community confidence and public satisfaction

Communities expect public agencies to tackle anti-social behaviour in their localities in a responsive and effective manner. Communicating, engaging and involving local people in those issues of most importance to them is a vital component to providing public reassurance and reducing the fear of crime.

Priorities

Our Delivery Activities & Accountability (08/09)

Tackling anti-social behaviour and damage through a combination of prevention, diversion and enforcement activities.

- **Anti Social Behaviour**
- Continue to utilise effectively a range of tools for tackling ASB and damage (e.g. ASBOs, ABC, dispersal powers, parenting classes or orders, crack house closures as well as powers in the Clean Neighbourhoods and Environment Act 2005) as part of a package of responses to local issues.
- Development of a problem solving approach to tackling lower level ASB through early identification taking a partnership approach.
- The implementation of the Family Support and Parenting Strategy and programmes to support parents whose children are involved in or at risk of being involved in ASB activity, in particular targeted diversionary programmes.
- Work closely with Education Leeds and individual schools to create and develop local Safer Schools Partnerships.
- Operation Champion / Inner and Outer West/North West Crime & Grime tasking.
- Co-ordinate single days of multi agency action
- Continue with the targeted rolling programme of neighbourhood crime and grime initiatives such as Operation Champion.
-
- **ASB Problem Solving Group**
- Develop partnership mechanisms for measuring how satisfied victims of ASB are with the service the police and city council provide.
- **Multi –agency problem Solving Groups/Local Area Management Plans (LAMPs) and**

Improve public reassurance and the fear of crime by actively communicating,

**engaging and involving
local people.**

Neighbourhood

Improvement Plans (NIPs)

- Continue to actively promote community safety messages and increase awareness of crime prevention and community safety services.
- Local residents representatives at LAMPs and NIPs meetings

- **Neighbourhood Policing Team**
- Promote and Increase the neighbourhood Watch Schemes
- Increase the number of police contact points
- Attend local forums
-
- **Divisional Community Safety Partnership**
- Develop good news stories/Develop effective Media strategy
- Ensure agencies respond effectively to local need by integrating neighbourhood policing practice with area management delivery programmes.
- Communicate with local people
