Overview

All actions are progressing well with some actions completed well in advance. It is becoming increasingly apparent that actions which are jointly owned by ASC and NHS Leeds must go through their individual governance systems which delays in completing these actions on target. Work on some actions have exceeded the original requirements.

- Service Users and Carers involvement in majority of actions has given a new dimension to the service provision.
- Different methods are being used to ensure greater and more meaningful involvement of citizens to develop Adults Safeguarding Charter for Leeds.
- Leeds has attained a rating of excellent for it's involvement of people in planning services.
- File Auditing undertake so far has set a baseline with regards to quality of recording and provided a foundation for measuring quality improvement.
- Independent File Auditing has been commissioned and commenced.
- Performance and Quality Assurance systems are developed and baseline agreed to ensure all services are provided to the set standards and vigorous monitoring systems are strengthened internally and externally with other partners.
- Advocacy review has been completed and final report with recommendations was presented to the ASC Commissioning Board. A group is being established to progress these recommendations.
- Communication and Marketing Strategy is being implemented. Improved carers website and marketing has resulted in 300% increase in web hits.
- To ensure Carers Strategy is widely publicised, carers special news pages will be added to Spring edition of 'About Leeds' which will go to every household in Leeds

Risks

There are some actions which might not be completed in the set target time due to:

- Partners such as NHS - Leeds required to seek approval of procedures, system, protocols and joint policies through their own governance system.
- Participation of all parties (service users, carers, staff and other partners) to gain comprehensive and meaningful reviews.
- Whilst working to progress some actions other issues have come to light which needs to be resolved before work could be completed on some of these actions.

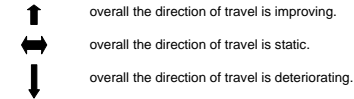

Amendments to the Action Plan

No amendments are requested
