report

Ward Members consulted  
(referred to in report)

### Executive Summary

**This report will outline the key health and wellbeing issues being considered by the West North West partnership. Health and Wellbeing issues affecting Outer West Leeds will be discussed in the presentation to the committee.**

#### 1.0 Purpose Of This Report

1.1 To explain background of the health and wellbeing partnerships and how initial priorities have been developed.

#### 2.0 Background Information

2.1 Citywide partnership arrangements for health and wellbeing were established in 2008 to complement existing themed partnerships around children, worklessness, community safety and officer coordination groups. Consultation workshops in March 2009, involving over 150 people led to Health and Wellbeing partnerships being formed for each of the three city wedges (East North East, South East and North West North) which since February 2010 in the West North West of the city have begun to help partners to work together at the local level. The partnerships are based on the area management divisions of the Council and each is supported by a joint funded LCC/NHS Leeds Health and Wellbeing Improvement Manager.

2.2 The area partnerships have representation from a number of key agencies including: area management, NHS Leeds, Community Healthcare Services, Adult Social Care, Children's Services, Housing, Practice Based Commissioning and Leeds Voice Health Forum. In addition, elected member health champions from each of the ten Area Committees are also included on the partnerships.

### **3.0 Main Issues**

3.1 See appendix 1

### **4.0 Implications for Council Policy and Governance**

4.1 The partnerships will through identification of shared priorities encourage a more responsive and seamless service delivery approach, increasing efficiency, reducing duplication and ultimately re-investment of resources.

### **5.0 Legal and Resource Implications**

5.1 None

### **6.0 Recommendations**

6.1 That OW area committee note progress to date and discusses and advises on the development of the area partnerships work programme priorities.
