

10.0 Recommendations

The Executive Board are asked:

- 10.1 To note the progress made so far in the day services transformation programme as approved by the Board in January 2009, in particular the successful re-provision of services at Moorend Fulfilling Lives Service and the next steps for West Ardsley by the end of 2011.
- 10.2 To approve the proposal to re-design the pattern of service provision to a maximum of two days per week for those who live in accommodation based services.
- 10.3 To note the proposal to cease the delivery of day services from Horsforth and Wetherby by the end of 2011 and develop more local community based services in consultation with service users, their carers and a range of alternative service providers. A further report will be provided to Executive Board to advise of the alternative community facilities to be used prior to implementation.
- 10.4 To note the further review of both Potternewton and Ramshead Wood in early 2012 to determine which day centre could be re-provided once current and future need has been determined, the outcome of which will be reported to Executive Board.
