

Scrutiny Board (Children and Families)

External Placements

Terms of reference

1.0 Introduction

- 1.1 The Scrutiny Board has been tasked with carrying out a piece of work this year on each of the three Children and Young People's Plan (CYPP) obsessions. The first of these relates to reducing the number of looked after children.
- 1.2 The council has adopted an Outcome Based Accountability approach to addressing the obsessions, drawing up plans to 'turn the curve' and improve performance. In relation to this particular obsession, earlier intervention is seen as key to achieving the Children and Young People's Plan priority to help children and young people to live in safe and supportive families.
- 1.3 The Board is also aware that the key budget challenge for Children's Services is managing expenditure on external placements for looked after children. This includes both the use of independent fostering agencies in addition to council foster carers and also residential placements for children and young people outside of the council's own residential provision, in some cases outside of the Leeds area.
- 1.4 The current trend of both an increasing dependence on external placements and rising costs is not unique to Leeds, but it is an area that we must address if we are to be able to manage our budgets effectively at a time of diminishing resources, and also be able to reinvest in early intervention to meet our aspirations for 'turning the curve'. We have therefore decided to focus our scrutiny inquiry for this obsession on the issue of external placements.
- 1.5 We also want to emphasise at the outset that we are clear as a Scrutiny Board that safeguarding our children and young people cannot be compromised, as reflected in the CYPP outcome that our children and young people should be safe from harm. Any recommendations we make will take account of the need to ensure that our children and young people are safely provided for.

2.0 Scope of the inquiry

- 2.1 The purpose of the Inquiry is to make an assessment of and, where appropriate, make recommendations on:
 - Opportunities to safely reduce reliance on external placements; and
 - Scope to reduce the costs of external placements that continue to be needed.

- 2.2 The Board hopes that its findings will provide a timely and positive contribution to tackling this particular obsession within the Children and Young People's Plan.

9.0 Measures of success

- 9.1 It is important to consider how the Board will deem whether its inquiry has been successful in making a difference to local people. Some measures of success may be obvious at the initial stages of an inquiry and can be included in these terms of reference. Other measures of success may become apparent as the inquiry progresses and discussions take place.
- 9.2 The Board will look to publish practical recommendations.
