To: Entertainment Licensing

Subject: objection to shop

To licensing officer with ref to our phone call on the 29 7 211

Regarding Licence application Nisa Local, 16/20 Fairleigh road, Tingley, WF3 1PW

My reasons for objecting are as follows.

We have sufficient alcohol outlets in this area being Westerton road [3], Bradford road [2].

Blackgates [costcutters]

The Fairleigh road shops have always been the scene of youths congregating and police have dispersed them, but as published in the 14th July edition of the evening post Mr Jamil himself was once again involved in a confrontation with some youths, it is important that you read the article hopefully it will assist your decision not to grant a licence at this shop.

Mr Jamil has 2 takeaways already on the Fairleigh road shops, whilst I can not fault anyone for being enterprising if he is granted a licence he will be or reducing the livelyhood of someone who has served the community adequately for quite some years on that row.

There are to be cut backs within the police and to create more problems by granting another licence in an already troubled area this will stretch their resources even more.

I would suggest Mr Jamil concentrate on the business in hand and leave the alcohol out. [REDACTED]
