Dear Sir/madam

**NISA LOCAL
16-20 FAIRLEIGH ROAD, WAKEFIELD, WF3 1PW**

I am a local resident in the local area and write in support of the opening of Nisa Local convenience store and off licence.

This store is much needed in the area because the alternatives are to travel to a supermarket which an inconvenience at the best of times.

I like the idea of a one-stop-shop because everything you need is under one roof just like a supermarket but only smaller and more convenient.

Having a shop that sells a good variety of alcohol and cigarettes is a bonus ! This facility will be most appreciated by the locals as again, to a get a decent choice on your doorstep, stops the need to travel elsewhere.

This is a great idea and wish someone had thought of it earlier !
