Summary of main issues

West Yorkshire Fire and Rescue Service are currently undertaking consultation on a series of seven proposals to deliver significant efficiencies over the next few years. The proposal of significance to the Inner North East Area Committee is for the introduction of a Fire Response Unit and Resilience Pump at Moortown to replace the 2nd fire appliance and the removal of up to 12 fulltime posts by way of planned retirements. Consultation is also ongoing regarding the construction of a new fire station at Killingbeck to replace Gipton and Stanks fire stations in the adjoining Inner East Area Committee area.

Station Commander Tony Head will attend the Area Committee to present the case and answer any questions.

Recommendations

That the Area Committee note the report.

Purpose of this report

1. The purpose of this report is to introduce Station Commander Tony Head who will present the business case for the introduction of a Fire Response Unit and Resilience Pump at Moortown to replace the 2nd fire appliance and the removal of up to 12 fulltime posts by way of planned retirements, and the construction of a new fire station to replace Gipton and Stanks fire stations. The business cases are attached as Appendix A and B to this report.

Background information

2. West Yorkshire Fire and Rescue Authority faces some difficult challenges in meeting its objectives and at the same time delivering significant efficiencies over the next few years.
3. On 9 September 2011 the Fire Authority agreed that the recommendations from the Chief Fire Officer be published for a 12-week period of public consultation.
4. These recommendations include a draft Integrated Risk Management Plan (IRMP) for 2012-13 with a supporting business case for each of the seven proposals.
5. A further report will then be considered by the authority in December 2011. If the proposals are approved they will be implemented between 2012 and 2017.

Main issues

6. The proposal of significance to the Inner North East Area Committee is the introduction of a Fire Response Unit and Resilience Pump at Moortown to replace the 2nd fire appliance and the removal of up to 12 fulltime posts by way of planned retirements.
7. Independent research has assisted WYFRS in determining the potential impact that the implementation of each proposal would have on fire appliance attendance times to operational incidents. A simulation model has been used to identify the potential impact of implementing a range of options upon fire appliance attendance times to operational incidents.
8. A copy of the Moortown business case is attached as Appendix A to this report.

Corporate Considerations

Consultation and Engagement

9. WYFRS consult regularly on proposals for improving fire cover. Full consultation on these proposals is open until 9 December 2011, and formal representations must be made in writing/email to Stephen Hardy, Consultation Co-ordinator, West Yorkshire Fire and Rescue Authority, Oakroyd Hall, Bradford Road, Birkenshaw, BD11 2DY or stephen.hardy@westyorksfire.gov.uk

Equality and Diversity / Cohesion and Integration

10. WYFRS perform at the excellent level of the Fire and Rescue Service Equality Framework and are the first fire and rescue service to achieve this level. They also have a continued presence in the Stonewall top 100 Workplace Equality Index.

Council Policies and City Priorities

11. WYFRS are a member of the Safer Leeds Partnership.

Resources and Value for Money

12. There are no resource implications.

Legal Implications, Access to Information and Call In

13. There are no implications to Council Policy and Governance. This report does not require a major or key decision therefore is not eligible for call in.

Risk Management

14. A Community Risk Management Strategy is contained within the 2011 – 2015 Service Plan.

Conclusions

15. WYFRS works closely with the communities it serves to improve its understanding of local needs and prioritise resources where they are most needed and deliver services in the most cost effective ways.

Recommendations

16. It is recommended that the Area Committee note the report.
