Re the Application for the above.

Thank you for your letter sent to the two of us ref . the above. Dated 17<sup>th</sup>. Oct 2011.

What has happened to the cumulative impact policy.? More and more licenced premises seem to be able to apply and be granted extra hours.

The impact of this is more rubbish and noise.

Last summer well after the Festival music had stopped, alcohol fuelled men came into our cul-de-sac and went into various drives, and broke a valuable plant in our garden before leaving.

This is all part of the late night culture which is prevailing in Chapel Allerton. Needless to say we object to any further late night applications.

Yours sincerely
