**Premises Licence Holder(s):** Yorkshire County Cricket Club, Headingley  
Carnegie Cricket Club, Leeds, LS6 3BU

**Designated Premises supervisor:** Mr Robert Fogarty

**Access to the premises by children is unrestricted.**  
**Detailed in full on Part A of this licence.**

Licence Issued under the authority of Leeds City Council

Miss Victoria O'Brien  
Licensing Officer  
Entertainment Licensing  
Legal, Licensing and Registration

Licence produced on 17/01/2011

## Annex 1 – Mandatory conditions

1. Only individuals licensed by the Security Industry Authority may be used at the premises to guard against:-
  - a. unauthorised access or occupation (e.g. through door supervision), or
  - b. outbreaks of disorder, or
  - c. damage
2. No supply of alcohol may be made under this licence
  - a. At a time when there is no designated premises supervisor in respect of the premises licence, or
  - b. At a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.
3. Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.
4. The admission of children under the age of 18 to film exhibitions permitted under the terms of this licence shall be restricted in accordance with any recommendations made
  - a. By the British Board of Film Classification (BBFC,) Where the film has been classified by the Board, or
  - b. By the Licensing Authority where no classification certificate has been granted by the BBFC, or,
  - c. where the licensing authority has notified the licence holder that section 20 (3) (b) (74 (3) (b) for clubs) of the Licensing Act 2003 applies to the film.
5. The responsible person shall take all reasonable steps to ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises in a manner which carries a significant risk of leading or contributing to crime and disorder, prejudice to public safety, public nuisance, or harm to children -

- a. games or activities which require or encourage, or are designed to require or encourage, individuals to -
  - i. drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
  - ii. drink as much alcohol as possible (whether within a time limit or otherwise);
- b. provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic (other than any promotion or discount available to an individual in respect of alcohol for consumption at a table meal, as defined in section 159 of the Act);
- c. provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less;
- d. provision of free or discounted alcohol in relation to the viewing on the premises of a

sporting event, where that provision is dependent on -

- i. the outcome of a race, competition or other event or process, or
  - ii. the likelihood of anything occurring or not occurring;
- e. selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner.
6. The responsible person shall ensure that no alcohol is dispensed directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of a disability).
7. The responsible person shall ensure that free tap water is provided on request to customers where it is reasonably available.
8. The premises licence holder or club premises certificate holder shall ensure that an age verification policy applies to the premises in relation to the sale or supply of alcohol.

The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and a holographic mark.

9. The responsible person shall ensure that -
- a. where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures:
    - i. beer or cider. 1/2 pint;
    - ii. gin, rum, vodka or whisky: 25 ml or 35 ml; and
    - iii. still wine in a glass: 125 ml; and
  - b. customers are made aware of the availability of these measures

## **Annex 2 – Conditions consistent with the Operating Schedule**

### **Additional details in respect of Licensable Activities authorised by this licence**

#### **10. Performance of live music**

Location where activity will take place:

This activity will take place outdoors.

#### **11. Performance of recorded Music**

Location where activity will take place:

This activity will take place outdoors.

#### **12. Performance of dance**

Location where activity will take place:

This activity will take place outdoors.

**13. Provision of facilities for making music**

Location where activity will take place:

This activity will take place outdoors.

**14. Provision of facilities for dancing**

Location where activity will take place:

This activity will take place outdoors.

**15. Concerns in respect of children**

None defined

**Conditions consistent with the operating schedule relating to the licensing objectives**

**General – All four licensing objectives**

16. The Licence will be used for licensable activities on the occasions as specified.
17. The nature of the event / audience profile will not be changed without the consent of the Responsible Authorities.
18. The licensed site will be open to the public during the hours specified.
19. The public will not be admitted to licensed site until such time that the Licence Holder / nominated person is satisfied that the site is safe and suitable for its intended use.
20. Any authorised officer of the Responsible Authorities shall have free access to all parts of the licensed site whilst the licence is in force for the purposes of supervising the compliance of this Risk Assessment Proforma and Event Management Plan.
21. The Premises Licence Holder or a nominated person shall be in charge of and remain upon the licensed site whilst the site is being used for licensable activities.  
They shall not be engaged in any duties that prevent them from exercising general supervision and control.
22. An Event Safety Co-ordinator will be appointed who shall be of sufficient competence, status and authority effectively to take responsibility for safety at the event and be able to authorise and supervise safety measures. The Event Safety Co-ordinator and deputy shall have no other additional duties.
23. Comprehensive and detailed colour plans shall be supplied with the Event Management Plan to all Responsible Authorities. The plans shall be to a scale and grid referenced to the standards required by the Responsible Authorities.

The Plans should contain the following items (not exhaustive) :

- \* All boundary fencing (defining the arena, backstage areas, etc)
- \* All vehicle access routes, including routes for emergency vehicles
- \* The locations and reference number of all entrance and exit points/gates (including backstage and emergency access points);
- \* All structures (type / use identified)
- \* Fire Points
- \* First Aid Points
- \* Toilet Blocks
- \* Water Points

- \* Welfare provisions, lost & found etc.
- \* CCTV locations
- \* Security Control
- \* Production office etc

Plans should identify highway routes to the site, car parks, entrances/exits to car parks, pick up points, etc external to the site. It may therefore be necessary to supplement the site plans with colour coded/grid referenced area maps for this purpose.

There will be no changes to the plans without the consent of the Responsible Authorities.

24. Public Liability and Third Party Insurance adequate for the total capacity of the licensed site and the duration of the event shall be taken out and retained on the site.
25. A means to allow the Licensing Authority information as is necessary to enable an audit of ticket sales shall be provided.
26. Where the sale of alcohol is a licensed activity, all alcohol sales must be made under the authorisation of a Designated Premise Supervisor (DPS) who is a Personal Licence Holder.
27. A supervisor's register will be maintained at the licensed site to identify the names and licence details of any other Personal Licence Holders at the licensed site who are to authorise the sale of alcohol. This register will be produced for inspection by any authorised officer of the Responsible Authorities, and shall be retained by the Licence Holder / nominated person for a period of 6 months after the event.
28. The 'Check 21' Scheme will be used to prevent the sale of alcohol to persons under 18 years of age.
29. The security and safety of the public whilst on the licensed site will be the responsibility of the Premises Licence Holder.
30. A suitable CCTV system will be installed, maintained and be operated on the site at all times when the public are on the site.
31. The Event Management Plan will contain detailed information of the CCTV system to be used, including the location of cameras, monitoring and recording arrangements and the retention of recorded information.

Any changes to the CCTV arrangements may only be made upon agreement with the Responsible Authorities.

32. Sufficient number of security staff and stewards shall be provided in accordance with the current version of the HSE Event Safety Guide (Purple Book), or to any other standards / numbers as agreed with the Responsible Authorities.
33. The Event Management Plan will contain a Security and Stewarding Plan, including details of the security command structure, the numbers of security and stewarding personnel, their locations, duties and responsibilities, methods of communication, means of identification (including personal identification), briefing arrangements and contingency plans.

The Security & Stewarding Plan will not be changed without the agreement of the Responsible Authorities.

34. Security & Steward Personnel Register :

A register will be maintained to record all security and steward personnel working on the licensed site. Details recorded in the register will include: the full name of each individual employed, accompanied by their date of birth, home address, employer, their unique personal

identification number allocated for the purpose of the event, and registration number held with the SIA (if applicable). The register must also contain records of the date and times during which the individuals commenced and finished duty which a signed acknowledgement by each individual.

The register will be maintained at the licensed site and be produced for inspection by any authorised officer of the Responsible Authorities. The Licensing holder will retain the register for a period of 6 months following the event.

35. A Search Policy for patrons entering the licensed site will be provided to the satisfaction of the Responsible Authorities.  
A Search Policy will be contained within the Event Management Plan.
36. Notices will be displayed at the entrances of the site which state:  
" a search will be conducted as a condition of entry to the site;  
" incidents of crime and disorder will be reported to the police;  
" entry to the site will be refused to any person who appears to be drunk, acting in a threatening manner or is violent;  
entry will be refused to any person who has been convicted of an offence of drunkenness, violent or threatening behaviour or the use or distribution of illegal substances.
37. Members of the public who commit acts of anti-social behaviour will be removed from the site and prevented from returning.  
Any such instances will be recorded in the Incident Report Register.
38. Any seizure of drugs or offensive weapons shall be recorded in the Incident Report Register and reported to the West Yorkshire Police.
39. A suitable receptacle for the safe retention of illegal substances will be provided and arrangements made for the safe disposal of its contents as agreed with West Yorkshire Police.
40. Written records of all accidents and safety incidents involving members of the public will be kept in the form of an Incident Report Register.  
  
The register will be maintained on the licensed site and produced for inspection by an authorised officer of the Responsible Authorities.  
The Licensing holder will retain the register for a period of 6 months following the event.
41. Glass containers and cans will not be taken into the licensed area/s occupied by the public.
42. No glass bottles or cans shall be sold or supplied in the licensed area.
43. Notices will be prominently displayed at entrance/s to the site which inform customers that glass containers and cans may not be taken into the site.
44. Sealed skips will be used for the deposit of glass containers.
45. The Licence Holder shall ensure that the capacity of the site is controlled and does not exceed the figure as agreed with the Responsible Authorities.
46. The Event Management Plan will include policies and procedures on :  
" Entry to the site (including monitoring of any capacity limit)  
" Crowd control and management once the public are in the site (i.e. front stage pressure)  
" Capacity control within any structure/marquee  
" Egress from the Site - a policy to ensure the gradual dispersal of customers from the site  
" Emergency Evacuation of the site.

All relevant staff shall be trained on these measures, and all other matters relating to the safety

of the public.

47. All access and egress routes, sanitary accommodation, drinking water, first aid points, campsites, car parks and security control units shall be adequately and conspicuously signposted at all times. All access and egress gates are to be provided with relevant gate numbers identifiable from both inside and outside the arena and correspond with the site plan. Emergency exit gates shall be appropriately identified.
48. A fully navigable route for vehicle use avoiding conflict with pedestrian traffic will be provided to all areas of the licensed site.
49. Vehicular movement while the public are on the Licensed Site will be limited to those which are essential and will be controlled to ensure safety of the public. The use of 'golf type' buggies on the Licensed Site and back stage will be limited to essential use and will be controlled to ensure safety of public and staff.
50. Where vehicles conflict with pedestrians leaving the arena (i.e. vehicles travelling from the back stage area) there shall be an agreed vehicle curfew commencing from when pedestrians start leaving the arena until the arena has been cleared.
51. During the event of an evacuation of the site there shall be no vehicle movement until the Licence holder is satisfied that all pedestrians have vacated the area.
52. Concessions shall be briefed to the effect that vehicle movement within the licensed site is strictly prohibited.
53. Any person in charge of a vehicle shall be suitably qualified/trained.
54. Emergency vehicle access routes to the arena and all parts of the Licensed Site shall be provided to the satisfaction of the Responsible Authorities.
55. Emergency vehicle access routes shall be clearly signposted and shall be kept clear of obstructions at all times
56. Fire Safety provisions will be supplied in accordance with the current version of the HSE Event Safety Guide (Purple Book).
57. The Event Management Plan will contain a Fire Safety Plan, including details of :
  - " Fire Warning / Evacuation signal;
  - " Emergency Lighting incl. source supply;
  - " Fire Fighting Equipment;
  - " Details of Special Effects;
  - " Arrangements for the provision of Flame Retardancy Certificates for marquees, fabrics, temporary floorings and similar materials;
  - " Capacity Control;
  - " Arrangements for calling the Fire Service;
  - " Arrangements for dealing with incidents on site;
  - " Details as to the locations of fire fighting equipment.
58. All stewards and security will be instructed to watch for possible fire hazards, and be aware of the procedure for dealing with them.
59. All concession units and areas with cooking facilities shall be provided with their own fire fighting equipment.
60. All generators on the Licensed Site shall be diesel driven.  
Any small-scale plant shall be kept in a secure area.
61. Concession facilities e.g. pumps, cooking appliances etc. shall not be powered by the vendor's engine where this runs on petrol.

62. Prior to the admission of the public onto the licensed site, all systems used for giving warning in the event of fire and evacuation procedures shall be tested. Records of such tests will be maintained on site for inspection by any authorised officer.
63. All staff will be trained in operating the alarm system and be familiar with the evacuation procedures and fire and escape routes to be taken in the event of fire.
64. All access and egress gates are to be provided with signage and relevant gate numbers identifiable from both inside and outside the arena and correspond with the site plan. Emergency exit gates shall be appropriately identified.
65. All exit routes shall remain unobstructed at all times and exit gates will not be locked or fastened in any manner whilst the public are on the site.  
If exit gates are to be secured to prevent people gaining unauthorised access, then this will be in the form of a device which can be instantly removed. In this instance the gate will be staffed by security personnel with radio contact.
66. There will be no use of any special effects other than those hi-lighted in the Event Management Plan and approved by the Fire Authority.
67. Lighting will be provided in all key areas of the site to which the public have access inside and outside the site *including emergency and general access/exit routes, passages, corridors and stair cases, toilets, first aid points, car parks, designated pick up points, bus terminals and any campsites.*  
  
Enclosed structures, ie marquees, will be provided with exit sign boxes lit by both primary and emergency lighting.
68. An electrical emergency lighting system will be installed and maintained. The source of supply for this lighting will be separate from that for the general lighting.
69. The emergency lighting will illuminate all exit signs, gate number and exit routes from the site.
70. The general and all emergency lighting systems will be tested prior to the admission of the public. Records of such tests will be maintained on site for inspection by any authorised officer.
71. All curtains, fabrics, fillings and decorations will be fire retardant and certificates of compliance to the relevant British Standards will be available for inspection by an authorised officer.
72. A full safety check of the licensed site, including the availability of exit gates and routes for pedestrians and emergency vehicles, will be carried out prior to the admission of the public.
73. Periodic safety checks will be carried out whilst the public are on the site.  
  
Records of all such checks will be maintained on the licensed site and produced for inspection by an authorised officer of the Responsible Authorities.  
  
The Licence holder will ensure that such records are maintained for a period of 6 months after the event.
74. All electrical installations are to be certified by an electrician as approved to current British Standards as detailed in the HSE Event Safety Guide. All electrical installations and equipment must comply with the general requirements of the Electricity at Work Regulations 1989 or to any revised standards.
75. Electrical installations will be inspected prior to the start of the event by a suitably qualified person.
76. Portable electrical appliances including those brought in temporarily onto the site will be

checked on a regular basis by a suitably qualified person to ensure they are in a safe condition.

77. Temporary electrical wiring and distributions will be inspected by a suitably qualified person before they are put into use.
78. Records of all inspections and copies of certificates will be maintained on the licensed site and produced for inspection by any authorised officer of the Responsible Authorities.  
  
The Licence Holder will retain copies of such records and certificates for a period of 6 months following the event.
79. All staging, ramps, stairs front of house barriers and other structures erected on the Licensed Site in connection with the event will comply with the provisions of the HSE Event Safety Guide, and the relevant safety regulations appertaining to the structure.
80. The Event Management Plan will contain a schedule of the temporary structures to be installed on site including details of the dimensions / loadings, history of use and details of the suppliers / installation arrangements.  
  
The locations of all temporary structures will be identified on the site plan.
81. All temporary structures shall be suitable and fit for their intended purpose and installed in accordance with the manufacturer's instructions.
82. No additional temporary structures will be allowed on the site other than those for which the details have previously been submitted to and approved by the Responsible Authorities.
83. Completion certificates for all temporary structures will be obtained prior to the admission of the public to the licensed site.  
  
Certificates will be maintained on the site for inspection by any authorised officer and retained for a period of 6 months after the event.
84. Regular safety inspections of temporary structures shall be undertaken. A written record of these inspections will be kept.  
  
The records will be maintained on site for inspection by an authorised officer and retained for a period of 6 months after the event.
85. A supervision policy will be maintained to prevent people from inappropriate behaviour, including climbing which may lead to a fall from height.
86. Regular safety checks of guardings to fires and open flames will be undertaken.
87. All floor surfaces will be suitably slip resistant, kept in good condition and free of obstructions to prevent slips, trips and falls.
88. 28 days prior the event Environmental Health Services shall be provided with a full list of food concession units detailing their names, addresses, type of operation and proposed locations within the licensed site. The licensee or sole franchise holder shall ensure that no other food concessionaires other than those already notified are admitted to the licensed site.
89. At the request of an Environmental Health Officer, any food operation not complying with the food hygiene and Health and Safety at Work legislation shall be closed down.
90. The provision of and location of all refreshment/ concessionaire facilities shall be positioned well away from the stage and not obstruct access to any exit from the Licensed Site.
91. All concession units shall remain stationary whilst the public are on the site and shall remain stationary for a minimum of 30 minutes once the public have left the site.

92. Concessions will be made aware that the movement of any vehicles, including golf buggies, on the licensed site whilst the public are present is strictly prohibited. Any concessions ignoring this requirement will be rejected from the site.
93. No catering vehicles approved to be on the site shall be parked down a slope, unless the vehicles have been adequately chocked.
94. The preparation and serving of hot food and drink will be positioned to prevent the risk of scald and burns to the public.
95. Medical provisions calculated on the attendance figures for the event will be supplied in accordance with the current version of the HSE Event Safety Guide (Purple Book, or to any other standards / numbers as agreed with the Responsible Authorities.
96. The Event Management Plan will contain a Medical Plan, which will include details of the medical provider, a breakdown of the numbers, qualifications and experience of medical personnel. The Medical Plan will also have particular reference to the quantity and quality of the first aid points, including the size, location, signage electricity, lighting, flooring, water supply and access by emergency vehicles.  
  
First aid points will be identified on the site plan.
97. If paramedics are to be deployed their registration numbers must be provided to the appropriate Ambulance Authority at least 28 days prior to the start of the event
98. Public access to any part of the licensed site will be subject to confirmation that the Medical Provider and adequate first aid cover is in place.
99. The Medical Co-ordinator shall be provided with details of the intended programme of acts and activities and shall ensure that any alterations to the programme are notified immediately.
100. A written procedure for dealing with unwell members of the public will be in place including those who appear to be affected by alcohol or drugs. All relevant staff will be appropriately trained in such procedures.
101. The Event Management Plan will contain a written health and safety policy covering all aspects of the safe use of strobes, lasers, smoke machines or any other special effects.  
  
All relevant staff will be appropriately trained in
102. The use of strobes and similar effects shall be displayed on event advertising media (including electronic publicity) and displayed on the event tickets and upon entry to the site.
103. Details of all Lasers to be used during the event must be provided to the Leeds City Council Health and Safety team no later than 28 days prior to the event.
104. Special provisions for disabled persons, namely access and egress. Car parking, sanitation facilities and viewing areas where appropriate shall be provided.  
Such facilities will be identified on the site plan.
105. The Event Management Plan shall contain a procedure for the safe evacuation of disabled persons. Staff will be trained in the procedure and a record kept of such training.
106. The Event shall be carried out in such a way to comply at all times with the Code of Practice on Environmental Noise Control at Concerts (published 1995 by the Noise Control Council ISBN Z 900103 51 5).
107. A noise propagation test shall be undertaken and completed in the morning prior to the start of

the music event, or the day before the event. Appropriate control limits at the sound mixer position and adjustments to sound amplification equipment will be fixed as a result of the testing. The sound system will be configured and operated in a similar manner as intended for the event. The sound source used for the test will be similar in character to the music likely to be produced for any major music event.

108. An Independent noise consultant to assess the positioning of sound sources pre event and to monitor noise throughout the event must be present. Any testing of sound equipment will not take place before 10:00hrs and will last for a maximum of 2 hours on any one day. The noise consultant will be available throughout the duration of the event and will have complete authority to ensure licence compliance without interference from the Premises Licence Holder or any other party on behalf of the event and will have an on site team to monitor noise throughout the event. The noise consultant will maintain a noise log which will be available at all times for inspection by an authorised officer.
109. Bottles will not be placed in the external receptacle after 23.00 hours to minimise noise disturbance to adjoining properties.
110. Waste collection, plant and machinery, deliveries, and other activities that might generate noise will be located as far as possible from residential properties and other noise-sensitive properties.
111. The rating level of noise from plant and machinery will be no higher than 5dB below the lowest background level at the most affected noise sensitive premises during the operation of the plant. Plant and machinery will be regularly serviced and maintained to continue to meet the rating level.
112. All lighting on the site shall be of a suitable intensity and positioning. All lighting on or at the site will be operated in a manner which will not cause a nuisance to nearby properties
113. The site will be operated in a manner which will prevent unwanted odours causing a nuisance to persons in the immediate area or nearby properties.
114. The Event Management Plane will contain a Litter & Waste Management Strategy. The Strategy will identify :
  - " Location and number of containers
  - " Emptying and replacement schedule
  - " Steps to remove litter throughout the event
  - " Standby procedures to address any identified refuse accumulations e.g. overflowing receptacles
  - " After event cleaning schedule
  - " Steps to prevent litter from being dropped offsite
  - " Steps to remove litter along roads, entrances and exits adjacent to the site
  - " Arrangements for waste produced by traders
  - " Methods proposed to evidence that the above steps have been taken.
115. The site will have an adequate supply of litter bins. Notices requiring customers to use the litter bins will be displayed prominently at the site. Litter bins will be emptied regularly.
116. All materials used to promote or market the event are to be displayed lawfully. The Licensee will take measures to encourage agents, servants, employees or any party acting on his/her behalf to display promotional materials lawfully.  
(E.g. By way of a contractual agreement.)
117. All reasonable steps will be taken to ensure that activities promoting or publicising the event do not cause littering. Measures to remove such litter as and when it occurs shall be put in place.
118. Sufficient sanitary accommodation units, washing facilities and hand wash/sanitation units and drinking water facilities will be placed in suitable locations around the licensed site in accordance with guidance laid out in the current HSE Event Safety Guide.

119. The Event Management Plan will include a water and sanitation management strategy. This shall contain the following:
- " Location, numbers and types of drinking water points
  - " Sources of water supply
  - " Methods of sterilisation of taps and erected systems prior to use
  - " Methods and frequency of ongoing cleaning, sanitising.
  - " Monitoring of water points throughout the event.
  - " Drainage of water point areas
  - " Water quality sampling regime before and during the event.
  - " Methods proposed to evidence that the above steps have been taken.
  - " Location, numbers and types of sanitary accommodation.
  - " Disabled facilities
  - " Male/Female split.
  - " Washing facilities provided.
  - " Methods and frequency of emptying, cleaning and monitoring of the sanitation facilities throughout the event.
  - " Methods and frequency of refilling and monitoring of hand sanitisation units
  - " Drainage of sanitation areas
  - " Methods proposed to evidence that the above steps have been taken.

Once agreed, the contents of the strategy will be followed throughout the event

The locations of such facilities will be identified on the site plan.

120. Sufficient drinking water points will be placed around the licensed site for the adequate supply of free, potable and wholesome drinking water for visitors throughout the event. Provisions will be made for an alternative supply of drinking water in case of failure of planned sources of drinking water.
121. All sanitation and drinking water supplies shall be in position and serviced prior to the admission of the public to the site.
122. The sanitary accommodation units, washing facilities and hand sanitisation units will be monitored on a regular basis throughout the event; the frequency of maintenance and monitoring will take account of peaks and troughs in demand for the facilities throughout the event.  
Monitoring will include checks on adequacy of numbers of sanitary units and washing facilities, checks on cleaning and sanitisation of the units, checks for leaks, damage, flooding and blockages. Any problems identified will be addressed straight away and a record kept of all corrective actions.
- Records of such checks will be maintained on the licensed site and produced for inspection by any authorised officer of the Responsible Authorities.
- The Licence Holder will retain copies of such records and certificates for a period of 6 months following the event.
123. Sanitary accommodation units will be regularly emptied throughout the event by a competent Licensed Contractor. To ensure public safety during the emptying of sanitary units, emptying procedures will conform to site safety rules as outlined in any Risk Assessments and site safety plans.
124. A traffic management plan will be provided to the satisfaction of all relevant agencies. This will include details of:
- " Traffic Routes
  - " Traffic Regulation orders
  - " Traffic Signage
  - " Car Parks
  - " Management of vehicle gates
  - " Traffic Spotters
  - " Tow Away Facilities

- " Advanced information in the media
- " Use of Public Transport /Coaches
- " Pedestrian Access Facilities

The plans of the licensed site shall identify routes for emergency vehicles around the licensed site and the location of car parks. This plan should be supplemented with area maps identifying traffic routes to the site, access & egress points to car parks and the identified access/egress routes for emergency vehicles (unless this information may be contained on the same site plan).

125. All vehicular access points into the Licensed Site shall be provided to a standard appropriate for the nature and volume of traffic and shall be laid out and constructed to the satisfaction of the Responsible Authorities.
126. Designated areas will be used for car parking. Such areas will be adequately stewarded, illuminated and signed.
127. Where entertainment of an adult nature is to take place, the Licence Holder will provide clear signage that the event is not suitable for under 18's.
128. Where the event consists of children's activities and/or has crèche/lost children's facilities, the Licence Holder will ensure that the necessary background checks including relevant police checks on all potential staff are carried out. This will be demonstrated in the Event Management Plan. The Licensee will report any child related concerns to the police he/she has about potential staff, existing staff and customers
129. All staff will receive training to the procedures for dealing with unaccompanied and lost children on the site to prevent them from harm. Such training and procedures will be demonstrated in the Event Management Plan.
130. Children will be restricted from viewing films in accordance with the recommendations of a competent body (Usually the British Board of Film Classification) or the Licensing Authority. Notices will be displayed both inside and outside the premises stating the classification of any film or trailer.

### **Annex 3 – Conditions attached after a hearing by the licensing authority**

#### **General – all four licensing objectives**

131. To restrict the number of events to three per calendar year.
132. A full detailed event management plan, which should be event specific, must be submitted and found to be satisfactory by all relevant bodies at least 28 days prior to each event.
133. A fire safety risk assessment must be carried out for the premises as required by the Regulatory Reform (Fire Safety) Order 2005 the risk assessment must be carried out by a competent person and the significant findings recorded.
134. A copy of the fire risk assessment must be made available to the authority no later than 28 days prior to any proposed events.

#### **The prevention of crime and disorder**

135. In relation to the V1 outdoor risk assessment, Code OE9, shall be amended to reflect that Event Management Plan shall be submitted to all Responsible Authorities not later than 28 days prior to the event commencing.

#### **The prevention of public nuisance**

136. The licensee will provide a point of contact to the Environmental Health Section for the duration

of the event by nomination a named person and telephone number.

137. The noise level shall not exceed 65 decibels over a 15 minute period at 1 metre from the nearest noise sensitive property, or a level set by Environmental Health Section. This includes sound levels being monitored continuously throughout the entire event, by a representative for the promoter.
138. The sound system shall be managed and operated in a responsible manner at all times.
139. Designated qualified personnel shall be present at the sound control position for the duration of the event for the purposes of ensuring that condition 3 is complied with.
140. Access to the sound control position shall be afforded to the representatives of Leeds City Council as they deem appropriate at any time throughout the event and during any sound checks.
141. The telephone complaints hot line will be made available for the duration of the sound checks and concerts. The Environmental Health Section will be informed of any complaints that arise as soon as reasonably possible.
142. A competent and suitable experienced noise control consultant and noise control team will be appointed for events where necessary. The need for a noise control consultant will be agreed with the Licensing Authority prior to the event.
143. The Licence holder will ensure that all aspects of the operation of the event and provisions made by the event are in compliance with the event management plan as they relate to the prevention of public nuisance.
144. A letter/flyer shall be delivered to local residents and ward members three weeks before the event, which shall include the following information:

The dates and times of the set up and breakdown activities.  
Dates and times of sound checks and tests of the public address system.  
Times of background music.  
Times for the main performance and any other support act.  
Details of the hot line number.

The contents and proposed areas of distribution of the letter/flyer shall be agreed with the local authority.

#### **Annex 4 - Plans**

The plans for these premises are as those submitted with the application. A copy of which is held by Leeds City Council Licensing Authority.
