Health and safety services are of the opinion that your application contains insufficient information about how you intend to meet the licensing objective/s.

We therefore confirm that we are submitting a formal representation against your application on the grounds of public safety.

As discussed earlier today, health and safety services are of the opinion that the said objectives could be met should you be prepared to incorporate an additional measure within your operating schedule, and the removal of an inappropriate measure that you inadvertently indicated for inclusion.

Please find enclosed a document which at Part 1 contains the suggested measures which this authority considers are proportionate and appropriate to the nature of your application.

Should you be in **agreement** with the suggested measures then please signify this by completing and signing **Part 2** of the enclosed form and return the complete document to this office as soon as possible, but no later than 15 November 2011.

Upon receipt of your consent at Part 2, it will be taken that you signify your wishes for the licensing authority to amend your operating schedule to incorporate the proposed measures.

Alternatively should you **disagree** with the proposed measures, then please complete **Part 3** and again return the complete document to this office as soon as possible, but no later than the stated date.

PART 1 - to be completed by the Responsible Authority

Health and Safety Service

Proposed controlled measures under the Licensing Act 2003

Name & Address of Premises: Listce Bar/Nightclub, 8 Church Walk, Leeds, LS2 7EG,

Having considered the application under the Licensing Act 2003 for the above premises, the health and safety service considers that the following measures are proportionate and necessary in order to promote the Public Safety licensing objective:

Measures proposed:

No	
	Public Safety 8 :- First Aid
6PF066 – to be included	A suitably trained first aider or appointed person will be provided at all times when the premises are open.
6PF068 – to be removed	Staff holding a current qualification issued by a recognised national body in rescue and life safety procedures will be stationed and remain in the vicinity of the water at all material times.

The health and safety service is satisfied that the proposed measures are not adequately dealt with by other legislation.

By signing the declaration enclosed overleaf the applicant agrees to incorporate the proposed measures as conditions within the operating schedule for the said premises.

Upon the satisfactory completion of the declaration the health and safety service will provide notice to the licensing authority that our representation is withdrawn in accordance with schedule 10(a) of the Licensing Act 2003 (Hearings) Regulations 2005.

Signed:
