 Total Weight 0.121 gram  
 Drug Found METHYLMETHCATHINONE (MEPHEDRONE)  
 Legal Status Class B

Signature.....

**Continuation of Statement by Kirsty Ann WALSH**

**Explanatory Notes**

Multiple packages in an item have been reported together when they are of similar size and appearance.

Legal Status refers to the classification of the drug found under the provisions of the Misuse of Drugs Act 1971 (as amended).

*As an abbreviated statement, this comprises a limited summary of specific findings; it does not necessarily cover all items received and/or examination conducted. This statement can be converted, and if appropriate, combined with other findings, into a full evaluative statement containing more details about the work undertaken and the likely strength of the evidence in the specific circumstances of this case. This would be necessary were I to be required to attend court when broader aspects of my findings would be likely to be raised. The standard turnaround time for production of such a statement has been agreed as 14 days.*
