APPENDIX 6
DESCRIPTION OF ADVERTISING
(QUESTION 31)

Primary advertising medium is use of promotion staff on the street during operating hours. Promoter staff have to be a minimum age of 18 and promote in pairs using flyers whilst wearing a street promotion flyer badge issued by Leeds City Council.

A limousine service is used for picking up customers and not primary for promotions as it is not heavily logo'd but does have a simple removable banner approximately 4' long (See photos) so that customers know where they are taking the limousine to.

Examples of current flyers are at Appendix

Internet website is used to promote the club. This is not aggressively done and the website does not portray images of full frontal female nudity. There is a simple signup page where people can download a voucher for use in our club in return for their email address. Subscribers can automatically unsubscribe at any time and all email addresses are held on the server securely in an SQL database behind a Secure Socket Layer.

An age verification declaration page is at the front end of the website and also on the website email enquiry forms.

A Facebook business page and a Twitter account are used but they do not feature any of the dancers on these pages.

Radio and newspaper advertising is not used.
