Summary of main issues

1. Scrutiny Boards are responsible for ensuring that items of scrutiny work come from a strategic approach as well as a need to challenge service performance and respond to issues of high public interest.
2. This report provides information and guidance on potential sources of work and areas of priority within the Board's terms of reference. In consultation with the relevant Director(s), Executive Board Member(s) and Partnership Chair, the Scrutiny Board is requested to consider and confirm the areas of Scrutiny for the forthcoming municipal year.

Recommendation

3. Members are requested to use the attached information and the discussion at the meeting to:
 - (i) confirm the areas of Scrutiny for the forthcoming municipal year
 - (ii) authorise the Chair, in conjunction with officers, to draw up inquiry terms of reference for subsequent approval by the Scrutiny Board.

1.0 Purpose of this report

- 1.1 To assist the Scrutiny Board in effectively managing its workload for the forthcoming municipal year, this report provides information and guidance on potential sources of work and areas of priority within the Board's terms of reference.

2.0 Background information

- 2.1 Scrutiny Boards are responsible for ensuring that items of scrutiny work come from a strategic approach as well as a need to challenge service performance and respond to issues of high public interest.
- 2.2 The alignment of the Scrutiny Boards to the Strategic Partnership Boards continues to promote a more strategic and outward looking scrutiny function that focuses on the City Priorities, as set out within the City Priority Plan 2011 to 2015.
- 2.3 The City Priority Plan was established to replace the Leeds Strategic Plan. This city-wide partnership plan summarises the key outcomes and priorities to be delivered by the Council, and its partners, over the next 4 years. As such they are the "must-do" priorities or "obsessions" for each partnership and may be supported by more detailed action plans as the partnerships sees fit.

3.0 Main issues

Alignment with the Strategic Partnership Boards

- 3.1 As set out within its terms of reference, this Scrutiny Board is authorised to review or scrutinise the performance of the Safer and Stronger Communities Board. In doing so, the Scrutiny Board will review outcomes, targets and priorities within the Business Plan and "Best City...for communities" priorities, as set out within the City Priority Plan. These priorities are as follows:
 - Help protect people from the harmful effects of tobacco.
 - Support more people to live safely in their own homes.
 - Give people choice and control over their health and social care services.
 - Make sure that people who are the poorest improve their health the fastest.
- 3.2 The Scrutiny Board will also act as 'critical friend' to the [shadow] Health and Wellbeing Board. In line with this approach, the Scrutiny Board will assess how well the Partnership is working in practice, with particular focus on how well it has increased the pace of change in relation to a specific priority area and also more generally in terms of tackling poverty and addressing inequality within Leeds.
- 3.3 In determining items of scrutiny work this year, the Scrutiny Board is encouraged to explore how it can add value to the work of the Partnership in delivering on the city priorities.
- 3.4 To assist the Scrutiny Board, a copy of the terms of reference of the shadow Health and Wellbeing Board is attached (Appendix 1). Members will also be presented with the Executive Summary of the Joint Strategic Needs Assessment (JSNA) 2012.

Other sources of Scrutiny work

- 3.5 As well as the focus on partnership scrutiny, Scrutiny Boards have and will continue to challenge service directorates and local NHS bodies. The Scrutiny Boards' terms of reference are determined by reference to Directors' delegations and local NHS organisations.
- 3.6 The Scrutiny Board may therefore undertake pieces of scrutiny work in line with its terms of reference, as considered appropriate. Such pieces of work may arise from the Scrutiny Board's performance monitoring role. However, other common sources include requests for scrutiny, other corporate referrals and areas identified through discussions with local NHS bodies.

Areas of Scrutiny work brought forward from the previous year

- 3.7 At its meeting on 16 May 2012, the previous Scrutiny Board agreed its final inquiry report into **Reducing Smoking in Leeds**. Members will note that this is one of the specific priority areas identified within the City Priority Plan. The Scrutiny Board will receive a formal response to this inquiry at a future meeting.
- 3.8 At its meeting on 16 May 2012, the previous Scrutiny Board also considered and noted outline principals and recommendations relating to the Board's inquiry into **Reducing Health Inequalities in Leeds**. These are being used to form the basis of the Scrutiny Board's draft final report, which will be reported to a future Board meeting, which in turn should inform the development of the Joint Health and Wellbeing Strategy for Leeds.
- 3.9 The previous Scrutiny Board also considered the **Transformation of Health and Social Care Services**. The draft scrutiny report is presented elsewhere on the agenda. It should be noted that that report identifies a series of future reports in relation to this area.
- 3.10 The previous Scrutiny Board also undertook an inquiry into the **provision of services for the blind and visually impaired people across Leeds**. The outcome of this work was presented to the Executive Board in February 2012, with the Scrutiny Board subsequently being requested to maintain an overview of progress in this area. Such work should be factored into the discussion around the Board's work schedule for the current year.
- 3.11 At its meeting in February 2012, the Executive Board was presented with **Adult Social Care's draft local account 2010/12 (Living life, your own way)**. The local account (attached to this report for information) was approved by Executive Board, which also requested that the Scrutiny Board maintain an overview of the areas for improvement identified in the local account.
- 3.12 Again, such work should be factored into the discussion around the Board's work schedule for the current year.

4.0 Corporate Considerations

4.1 Consultation and Engagement

4.1.1 It is recognised that in order to enable Scrutiny to focus on strategic areas of priority, each Scrutiny Board needs to establish an early dialogue with the Director(s) and Executive Board Member(s) holding the relevant portfolios and also the Partnership Chair.

4.1.2 Appropriate representatives (or their nominees) have been invited to attend today's meeting to discuss potential areas of scrutiny work this year.

4.2 Equality and Diversity / Cohesion and Integration.

4.2.1 The Scrutiny Board Procedure Rules now state that, where appropriate, all terms of reference for work undertaken by Scrutiny Boards will include 'to review how and to what effect consideration has been given to the impact of a service or policy on all equality areas, as set out in the Council's Equality and Diversity Scheme'.

4.3 Council Policies and City Priorities

4.3.1 The terms of reference of the Scrutiny Boards promote a more strategic and outward looking Scrutiny function that focuses on the City Priorities. As set out in paragraph 3.1 above, this particular Scrutiny Board is authorised to review or scrutinise the performance of the [shadow] Health and Wellbeing Board. In doing so, the Scrutiny Board will review outcomes, targets and priorities within the Business Plan and "Best City...for health and wellbeing" priorities, as set out within the City Priority Plan.

4.4 Resources and Value for Money

4.4.1 Over the last few years of Scrutiny Board work, experience has shown that the process is more effective and adds greater value if the Board seeks to minimise the number of substantial inquiries running at one time and focus its resources on one key issue at a time. This view was echoed within the findings of the KPMG external audit report 2009 on the Scrutiny function in Leeds.

4.4.2 Before deciding to undertake an inquiry, the Scrutiny Board is advised to consider the current workload of the Scrutiny Board and the available resources to carry out the work.

4.5 Legal Implications, Access to Information and Call In

4.5.1 This report has no specific legal implications.

4.6 Risk Management

4.6.1 There are no risk management implications relevant to this report.

5.0 Conclusions

5.1 Scrutiny Boards are responsible for ensuring that items of scrutiny work come from a strategic approach as well as a need to challenge service performance and respond to issues of high public interest. In consultation with the relevant Director(s), Executive Board Member(s) and

Partnership Chair, the Scrutiny Board is requested to consider and confirm the areas of Scrutiny for the forthcoming municipal year.
