Summary of main issues

1. To update ward members of the overall performance of the North East Divisional Community Safety Partnership and Neighbourhood Policing Teams for 2011/12
2. To provide an overview of the work undertaken by the partnership within the locality to reduce crime and disorder

Recommendations

3. The Area Committee is asked to note the contents of this report of the North East Divisional Community Safety Partnership.
4. Members are asked to continue supporting the Divisional Community Safety Partnership in relation to prioritising and tackling Burglary Dwelling during 2012/13 through partnership work at neighbourhood level.

1 Purpose of this report

1.1 The report will focus on the following key issues:

- Update Members on progress and outputs of the Neighbourhood Management Tasking Arrangements
- Report on Thematic Sub Groups and activities
- Report on the Performance of the NE Police Division and partnership
- Summary of ward crime statistics, public confidence and user satisfaction
- Report on multi agency 'Operation Champions'
- Report on agreed community initiatives funded via Proceeds of Crime confiscations (POCA).

2 Background information

This report provides Members of the Area Committee with an overview of the performance of the North East Divisional Community Safety Partnership and ward based Neighbourhood Policing Teams. It will also include details of the key initiatives that have been delivered in local communities to reduce crime and disorder. The report focuses upon the period 1st April 2011 to 31st March 2012.

3 Main issues

3.1 Performance Framework

3.2 The Divisional Community Safety Partnership (DCSP) will continue to develop activity and management performance against strategic outcomes of the city, defined by The Safer and Stronger Communities Board Partnership plan 2011-2015 which will focus on delivering the following strategic priorities:

- Reducing crime levels and its impact across Leeds
- Effectively Tackle and Reduce Anti-social behaviour in our Communities

3.3 We are currently awaiting ratification of the Safer Leeds performance targets and performance framework for 2012/13 (North East Police Divisional Targets are outlined in Appendix A)

3.4 Attached is an updated structure chart for the North East Divisional Community Safety Partnership (see Appendix B) with details of the relevant lead officers. The structure is continuously reviewed to ensure delivery against new priorities

3.5 **Operation Champion** – Several 'Multi agency operation days of action' have been carried out across the ward during 2011/12 and have been based around themes and deployed into areas of concern. Due to the successful embedding of partnership work and daily problem solving into core business and improved communication between partner agencies, the need for intensive six weekly planned operations has eased. We will continue to deliver operations during 2012/13 with a minimum requirement of four operations per year per Neighbourhood policing team.

3.6 **POCA**

3.7 Following the success of the project over the last four years, the North East Division allocated a total of £38,145 funding confiscated from criminals under the Proceeds of Crime Act to the Divisional Community Safety Partnership during 2011/12 to continue to support local groups with community projects/activities. In total, across the whole division, we approved and funded 99 applications and spent £28,519. The remaining balance was carried forward to the new financial year and has been spent during April/May. We have received numerous emails showing appreciation and thanks for support. Information regarding the awards continues to be advertised in the neighbourhood management / Neighbourhood Policing Team newsletters and on the police Neighbourhood Policing Team websites. We will be continuing the scheme into 2012/13 Appendix C provides a summary of projects funded in the Outer North East area.

3.8 **Public Confidence and Satisfaction**

3.9 North East Leeds continues to have the highest Public Confidence in Local Policing during 2011/12 at 62.0 % (March 2011) compared with the West Yorkshire force average of 54.6 %.

3.10 Operation Confidence commenced in February 2009 and is a contributing factor to the high rates of public confidence. The North East Division produces 11 neighbourhood management newsletters detailing partnership activity around crime and grime within the Neighbourhood Policing Team and delivers to 128,000 households three times a year. Feedback from residents continues to be positive and illustrates they are pleased to be kept informed around crime and grime issues. Funding has been secured for 2012/13 and contributions have been agreed by North East Police Division, East North East Homes, Safer Leeds Partnership and Aire Valley Homes.

3.11 **Joint Police Community Safety Officer Protocol between Leeds City Council and West Yorkshire Police**

3.12 In April 2011, the Council agreed to extend the existing arrangement with West Yorkshire Police Authority to retain the level of Police community safety officers (PCSOs) in Leeds. The investment by the Council was awarded on the basis of strengthening arrangements between PCSOs, Neighbourhood Policing Teams and Leeds City Council Services. One particular aim is to support the improved delivery of locally identified environmental priorities and this was supported at the Council's Executive Board in September 2011.

3.13 There are strong links between crime and disorder and environmental issues and this protocol is aimed at ensuring the quality of the local environment is incorporated into the work of crime reduction partnerships. It is important that the fear of crime, heightened by issues such as graffiti, litter and abandoned vehicles, is addressed. This protocol provides a coordination and tasking mechanism for Neighbourhood Policing Teams, Police community safety officers and Council Officers to jointly deliver better outcomes in respect of environmental issues and enforcement in localities. The North East Divisional community safety partnership is fully supporting the implementation of the newly agreed 'Environmental Improvement Zones. In North East the PCSOs and neighbourhood policing teams are playing a pro-active and re-active role in addressing environmental issues. In Feb /March 2012 the East North East environmental action team have delivered a six week training input on Divisional

training days to all PCSOs to ensure that they have a greater knowledge and understanding of environmental issues to enable them to contribute effectively. In addition the neighbourhood policing teams have teamed up with East North East Locality team staff to work together on monthly operations targeting waste carriers moving across our areas. This has been done by setting up road checks and routine stopping of waste carrier vehicles in order to complete checks on such vehicles.

3.14 Burglary Dwelling

3.15 Burglary Dwelling remains a key pressure in relation to allocation of resources both staffing and financial. Tackling burglary dwelling remains the key priority within the Division and across the whole of Leeds, we are working closely with Safer Leeds Strategic burglary group and partner agencies to maximise opportunities for closer working and sharing good practice and continue to deliver initiatives at a local neighbourhood level.

3.16 Overall a very successful Year, burglary dwellings are down 13.6% across the whole city on the same period last year (1207 less offences)

3.17 Overall Year to date offences for North East Leeds are down 18.4% on the same period last year. (669 less offences)

3.18 Ward Risk Matrix

3.19 The below table illustrates In Leeds there are currently nine strategic localities of concern. Within the Outer North East Committee area there are no wards currently highlighted as strategic areas of concern.

3.20 Alwoodley

3.21 The Alwoodley ward has seen a 12.8% reduction in burglary dwelling during 2011/12. All victims of burglary continue to be re visited by Police Community Safety Offices and have been offered trembler alarms that were funded by area committees the previous year. We have evidence that this equipment has successfully deterred burglars (ie run off when activated) and comments from residents illustrate that they are effective, easy to use, and provides them with some reassurance that they will not become a repeat victim.

3.22 **Wetherby**

3.23 At the end of the year the Wetherby Ward remains the lowest burglary rate across the city for 2011/12.

3.24 **Harewood**

The Harewood Ward has seen a reduction of 26.9% during 2011/12 and remains an area of low concern across the city.

A distraction Burglary Event took place at Shadwell Village Hall on 27th March. The Leeds based 'Feeling Good Theatre Company performed sketches and scenarios around the theme of Doorstep Crime, Distraction Burglary and Bogus Official Burglary. The event was organised by the Wetherby and District Crime Prevention Panel with special thanks to the Shadwell representative Pat Bullough. Between 50 and 60 people attended the event which was a great success, many commented how it had made them 'Think' about callers and review how they currently deal with doorstep traders. We are hoping to fund more events in the next financial year through Proceeds of Crime allocations.

3.25 **Most Active/Amber Nominals/Burglary Group**

3.26 Following a short pilot during the summer of 2011 we have now implemented a new sub group of the North East Divisional Community Safety partnership that manages most active and amber burglary offenders focussing initially in the strategic areas of concern that fall outside of the existing Integrated offender management system. A process has been drawn up using the principles of the Integrated offender management structure and support has been agreed with key partners including Youth Offending service, Signpost, Drugs offender Management Unit, Probation, Leeds Anti Social Behaviour unit, East North East Homes, Aire Valley Homes and North East Police Division. The work is now linking into the 100 Methodology at cluster level. The group meets on a monthly basis and looks at how best to manage individuals offending behaviour through offering support or taking enforcement action.

3.27 **Neighbourhood Management Tasking Key Achievements 2011/12**

3.28 The eleven neighbourhood management tasking teams continue to meet six weekly and are still firmly embedded into agencies day to day business and members continue to attend and support meetings.

3.29 This is not an exhaustive list of activities but includes key achievements from each of the neighbourhood management tasking teams within the Outer North East area.

3.30 **Wetherby / Harewood**

- Joint partnership work with Environmental enforcement team resulting in a successful prosecution of a company regarding illegal fly tipping at Yorkshire Airfield.
- Several joint operations with prison services at Wealston and Wetherby with regards reduction of drugs supply.
- Several joint operations with West Yorkshire Police and environmental enforcement using stop and search to target illegal waste carriers.

- Operation Champion - A58 (11-10-11) - Multi agency operation with Customs & revenue, DVLA, environmental enforcement, HMIC Warrants
- The Boston Spa youth club has been re launched as a partnership activity involving Leeds City Council Youth Service , Kings Church, St Mary's Church, West Yorkshire Police, Youth Services and Boston Spa School Extended Services. It has been successful in targeting young people identified as being most at risk of committing anti-social behaviour and engaging them in diversionary activities including sport and cooking. The youth club is held every Tuesday evening at Boston Spa Children's Centre and is open to all young people.
- Pre Christmas Patrols - A sensible drinking campaign targeted at younger drinkers was run by the Neighbourhood Policing Team in partnership with Wetherby Street Angels prior to Christmas. The Neighbourhood Policing team also increased patrols through additional funding from the ward members, and these patrols were doubled through using special constables. These initiatives proved successful in keeping order on the streets of Wetherby in the run up to Christmas.

3.31 **Alwoodley**

- Operation Burst - tackling Anti social behaviour in Moor Allerton area. Further target hardening, extended gating on Cranmer Bank shops.
- **Operation Bobby** – Proactive activity to tackle ASB/Drugs on Cranmer Bank estate, Moor Allerton library area (Alwoodley Ward), and Queenshills (Moortown Ward). Several young people have been identified as involved in anti-social behaviour and street crime. We are working closely with East North East Homes, Leeds Anti social behaviour team, Youth Services, local schools and other registered social landlords.
- **Operation Bellwether** – Ongoing work to tackle burglary across RAM. PCSOs conducting revisits, and offering crime reduction advice including fitting trembler alarms. Proactive work including additional night shifts has resulted in arrests of offenders and convictions at court.

3.32 **Thematic Sub Groups and Activities**

3.33 **CCTV – Leeds watch**

3.34 Leedswatch provides a monitoring service for public space surveillance cameras covering open spaces across Leeds. The CCTV control room is staffed, and cameras are recorded 24 hours per day, 365 days a year. The service also provides two mobile CCTV vehicles for deployment within communities across Leeds.

3.35 The main objective of the service is to reduce crime and the fear of crime through the use of CCTV technology, leading to improved crime prevention, and an increase in the detection and prosecution of offenders.

3.36 CCTV is one of a number of Service functions delegated to Area Committees. The Area Committee's role in relation to this function is to 'maintain an overview of the service in the Committee area and receive regular information about it.

3.37 The Leedswatch service works in partnership with a large number of internal and external partners such as; Urban Traffic Control (UTC), Emergency Planning, Leeds

Anti-Social Behaviour Team (LASBT), West Yorkshire Police, WY METRO and other local authorities across the West Yorkshire sub-region

- 3.38 There are currently a total of 7 public space surveillance CCTV camera's monitoring the Outer North East Committee Area, via the Central CCTV Control Room at Middleton, they are located in the following areas as follows:

Harewood, Collingham, High street - Wetherby, Westgate- Wetherby, Market Place - Wetherby, Wetherby Bridge, Wilderness Car park Wetherby

- 3.39 Within the last 12 months the mobile vans have been deployed for a total of 4 months within the Killing beck Policing Area and patrols have been deployed in specific areas highlighted by the police specifically in relation to identified crime 'hot spots'. The vehicles are evenly deployed throughout the year between the three policing divisional areas. The deployment of the mobile vans is co-ordinated by the police.
- 3.40 The LeedsWatch service this year has undertaken a critical role in the delivery of the Leeds Burglary Reduction programme, assisting with the identification and detection of offenders using the City wide LeedsWatch network, mobile CCTV vans and the West Yorkshire Police Automatic Number Plate Recognition (PAN) system to detect cross boundary offenders and supporting city wide and locality based operations.
- 3.41 The LeedsWatch service this year has undertaken a critical role in the delivery of the Leeds Burglary Reduction programme, assisting with the identification and detection of offenders using the City wide LeedsWatch network, mobile CCTV vans and the West Yorkshire Police Automatic Number Plate Recognition (APNR) system to detect cross boundary offenders and supporting city wide and locality based operations.
- 3.42 In total within the last 12 months there have been a total of 216 arrests recorded between April 2011 and March 2012 within the police North East Policing Area, covering a wide range of offences such as drugs, burglary, criminal damage, arson, assaults, robbery, theft including theft from motor vehicles, offensive weapon, public disorder and drink driving offences.
- 3.43 Within the Outer North East Committee Area there has been a total of one arrest recorded for an assault between April 2011 and March 2012 in relation to a wide ranging number of offences as listed above.
- 3.44 CCTV footage has been requested in relation to 1757 incidents within the North East Leeds Policing area for a various number of offences which provides evidence in relation to the criminal investigations relevant to identification of suspect(s) and a total of 40 incidents relate to the Outer North East Committee Area.
- 3.45 Improving the Out of Hours Noise Nuisance service – Noise nuisance is a major cause for concern across the city. This service was transferred from Environmental Services April last year. Work is still taking place to look at how closer working can be developed with the new anti social behaviours casework teams to deal with persistent offenders and to work in liaison with Customer Access and Performance in providing additional staff to assist in the logging of such out of hours noise nuisance calls.
- 3.46 Supporting the city's most vulnerable residents is also a priority. The LeedsWatch service is now responsible for providing a first response to Care Ring alarms. On call 24 hours a day, 7 days per week, this service responds to alarms from mainly elderly

clients who may have fallen or find themselves in need of support. Officers attend to the alarm call and contact emergency services, family members or other appropriate individuals, staying with the client to provide support and re-assurance until further help arrives. Improving the information and intelligence we provide to LeedsWatch customers is a key priority for the service. We are reviewing how this data is recorded, in the way in which we can provide accurate information to service users, to provide more detail and improve the services analytical and intelligence capacity.

3.47 LeedsWatch service is now responsible for the delivery of a number of additional service responsibilities. In order to ensure that the service is making the best use of its resources, a full service restructure has now commenced with a view to offering best value for the department. In particular discussions are still taking place with the Anti-Social Behaviour Teams, Environmental services, West Yorkshire Police and the ALMOs to look at how the various services can better linked together to improve service delivery, collate accurate information for service users and to provide a more pro-active response to issues of public concern, through improved collating of data / information and intelligence sharing between agencies..

3.48 **Hate Crime MARAC**

3.49 Co-ordinated multi agency working is recognised as the most effective response to all issues of crime and disorder, including agency responses to the victims and perpetrators of hate crime. The hate Crime Multi-Agency Risk Assessment Conference (MARAC) continues to meet monthly. The overall objectives of the group is to:

- Support and assist victims of hate crime in order to protect them and ensure that they are not re-victimised.
- Ensure that effective co-ordinated multi agency enforcement action is taken against perpetrators of hate crime to prevent their re-offending and to ensure successful prosecution outcomes at Court.
- Contribute to the “Hate crime reduction agenda in Leeds”.

3.50 Overall the Outer North East area has seen an increase of 20% in hate crimes reported, this equates to an increase of 3 crimes - a total of 18 crimes reported compared to 15 during 2010/11.

3.51 **Domestic Violence MARAC**

3.52 The North East Divisional MARAC continues to meet monthly to develop multi-agency interventions to support victims of domestic violence. Overall a very successful year in relation to reduction of repeat victimisation of cases managed through the MARAC.

3.53 **Leeds Anti social behaviour Team**

3.54 Prior to implementation of the multi-agency Leeds Anti-social Behaviour Team (LASBT) anti social behaviour was responded to across a range of agencies each working to differing thresholds and service standards, making direct comparison of city wide performance data difficult.

3.55 Customer satisfaction with the case outcome is influenced by many factors including the victims own expectations, and the complexity of the case. LASBT procedures are customer focused. For example, in supportively managing victim expectations, exploring potential solutions, and identifying and responding to individual needs.

LASBT works to resolve cases at the earliest opportunity. Customer feedback suggests that the process is working. Comments include *'efficient and professional, response received'* from an *'invaluable service'*.

- 3.56 Customer satisfaction data is collated at case closure through customer (victim) surveys, which seek customer satisfaction levels in relation to various aspects of the service (please refer to chart below)

City Wide - Annual Figures	2008/9	2009/10	2010/11	2011/12
% Satisfaction with the case outcome.	61.6%	66.1%	60.3%	75.0%
% Satisfaction rating with overall service	72.2%	73.7%	70.4%	81.3%

- 3.57 LASBT data for 2011/12 has been drawn from on a total of 540 surveys from 1562 named victims (an overall response rate of 34.6%) giving a 95% confidence level with a 3.41% confidence interval.

- 3.58 When compared with former ASBU survey responses, there have been significant improvements as a result of this joined up approach to anti social behaviour service delivery. LASBT data collated during 2011/12 will form the baseline from which future performance targets can be set. It is anticipated that performance data with regards to satisfaction in relation to outcomes and overall service will be available at ward level shortly.

- 3.59 The charts below outline the number of enquiries received, new cases opened and a summary of legal outcomes
