

To whom it may concern,

It has been brought to our attention that the KASA shop in Belle Isle is under threat of losing its license. This came as a great surprise as KASA, its owners and staff are very well thought of in the local community. They support sporting events such as those held by the boxing experience which helps keep children and young adults off the streets. The sporting events give people focus and dedication that keeps them away from less desirable pass times and also brings the community together in support of their friends and family. Non of this would be possible without the support of local businesses such as KASA.

We, the Boxing Experience, would ask that you re-consider this decision and help support our local businesses.

Dear sirs

I would like to take this opportunity on behalf of all at Hunslet Warriors juniors to thank the Casa management for their kind support and sponsorship in particular helping our under 14*s team with the purchase of a new playing strip for the 2012 season.

As we are all aware in today's economic climate times are difficult but the kindness shown by Casa has been second to none.

In particular with reference as our area is marked with low social opportunities with high petty crime and drug related occurrences in inner city South Leeds.

With over 250 children playing rugby since setting up in 1999 we are more and more relying on support from local companies as a totally voluntary organization. Brilliant work from a local company based in Belle Isle helping young local children !

Kind regards

Steve Bisby

Dear Sirs,

Many thanks for the sponsorship of £900 which you kindly donated to our Under 14 team. This has been put towards the purchase of playing and training kit, along with equipment and match balls.

Hunslet Warriors was established in 1994 and operates 12 teams at junior and open-age levels. Over 200 youngsters are involved in training and representing the club in competitive league and cup competitions. Coaches and support staff give their time free of charge and, other than sponsorship such as yours, the club is entirely self financing. The purpose of the club is to involve children and youths of the area in healthy sporting activities and to instill a sense of responsibility and teamwork.

The generosity of your organization demonstrates to local people your involvement in the community and a concern for the physical development of its young people.

Yours faithfully,

Pam Crosby

Reference – Kasa Belle Isle

I have known KASA Belle Isle for the past 4years both through my involvement with the Hunslet Old Boys ARLFC as both a sponsor and a supporter.

KASA and its staff has attended the club on match days and training evenings providing us with bottled water for the players to use during training sessions and at half time.

KASA shop is well respected by everyone involved with the club and they have always supported us when we have needed they help. It would be a great lose to Belle Isle if they were to close.

Yours Sincerely

Frankie Brown
