

**Inner East Area Committee 2012-13
Well-being Small Grants**

Appendix B

Project Name	Organisation	Amount Requested	Project Summary
Chapelton & Harehills Forum-women's event	LCC Area Support Team	£500	The aim of this project is to bring women together from the communities of Chapelton & Harehills to celebrate diversity, learn about each others cultures, learn new skills and promote community cohesion. It is intended that this event will be the first in a series. This initial event will encourage informal networking, and will promote health and well being activity in its widest sense e.g. healthy eating, exercise, alternative therapies, advice, pamper treats. It will also be used as an opportunity to consult with women on what topics and activities they would be interested in for future events
Film Club	LCC Youth Service	£500	The Youth Service are aiming to deliver in all of the three Community Centres in Seacroft, a film club. Within Leeds, it is estimated that there used to be 53 cinemas, but as we see the larger organisations taking more of a leading role in the big screen and each cinema catering for 10 to 20 cinema screens within their complex. We are now down to 7, additionally to this the cost of going to the cinema has risen and most of the young people have not been to a cinema for a long time or at all. This funding will pay for a projector and refreshment bar.
Bike racks for Roundhay Road	Ethical Property Company	£496.59	This funding is to erect bike racks outside of the Roundhay Road Resource Centre building to enable the tenants there to cycle to work. The racks would be placed on Roundhay Road and would be available for any one travelling to the area to use. The project will hopefully encourage more people to cycle to work as well as visitors to cycle to the Resource Centre.
