

OUTER WEST AREA COMMITTEE WELL BEING FUND – SMALL GRANT APPLICATION

Date :	30 th April 2013
Reference number :	OW/13/05/S
Organisation :	LCC WNW Locality Team, (Henshaw Depot, Focus Way, Yeadon, LS19 7BY)
Name of Project :	Covert surveillance cameras
Funding Requested:	£490.00

Summary of Project:

The WNW Locality Team (LCC) provides both a street cleansing and environmental enforcement team which deal with fly-tipping. They are involved in both the removal and the enforcement side.

The grant is to purchase two mini surveillance cameras for fly-tipping sites. These are movement triggered and capable of taking photos both at night and during the day. The cameras can be attached to trees or other fixings, appropriate signage will be installed and official authorisation will be sought to place these.

The cameras will be moved to and around the wards and placed in areas where there are specific fly-tipping issues reported. They will capture evidence to enable enforcement officers to take action against those responsible and the publicity from prosecutions will hopefully help to deter future fly-tipping to reduce the amount of necessary clear ups and save resources.

Costs

2x mini covert outdoor cameras inc 5x 32gb memory cards and batteries	£490.00
Total	£490.00

A large proportion of the community will benefit from this mobile resource with potentially 12 officers involved in use of the equipment.

Members will be able to nominate sites for the cameras to be used, and updates will be made available via reports to the Environment Sub Group.

Area Committee Priority Met:	Sustainable Economy and Culture, Safer and Stronger Communities, Health and Wellbeing
Total costs:	£490.00
