### Issues and approach

The main issues in the area are bins on street, flytipping, litter and waste in gardens

To tackle these issues where possible the EIZ is visited and walked on a daily basis. We have organised a joint clean-up day for all the alleys. We have also stencilled all the refuse/wheely bins and replaced and lifted any contaminated/damaged bins. We are monitoring refuse bin collections as the consequences of late/missed collections in this zone are greater than other areas.

In the next 6 months we plan to serve a blanket S46 legal notice on all residents but this will be when the non-collection issues have been resolved. This legal notice will then allow us to immediately take action and fine those who do not keep their waste contained.

We will continue to investigate any fly tips and arranged to have them removed and serve Litter Clearance Notices for waste in gardens.
