

RADISSON BLU
HOTEL ENTRANCE

- 1 Two-way cycle route (part of LPTIP proposals) plus emergency access extension to 3.6m
- 2 Shade sails cut across landscaped planes creating nodes for incidental moments
- 3 Typical 'fractured plane' incorporating decked platform, filled lawn, ornamental planting wedges, Sudds interface and sloped cast stone wall with seating edges
- 4 Paving knitting into adjacent public realm treatment
- 5 Proposed cycle parking
- 6 Existing tree retained
- 7 Stepped cast stone seating edge focused at prominent spatial intersection
- 8 Directional paving cutting across linear spatial dominance
- 9 Semi-mature feature trees set within a grove of light canopied tree planting; interspersed with integrated lighting poles to provide night time animation
- 10 Hotel coach drop-off
