Is the decision eligible for Call-In?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Does the report contain confidential or exempt information? If relevant, Access to Information Procedure Rule number: Appendix number:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

**Summary of main issues**

1. The Draft West Yorkshire and Harrogate Sustainability and Transformation Plan (WY&H STP) was submitted to NHS England on 21 October 2016. The draft plan, alongside a public summary for consultation, was subsequently published on 10 November 2016.
2. The WY&H STP was subsequently considered at the West Yorkshire Joint Health Overview and Scrutiny Committee (JHOSC) at its meeting on 18 November 2016.
3. The WY&H STP highlighted that over recent months the leadership and staff of the West Yorkshire and Harrogate health and care organisations have been working together on how to respond to the significant health and care challenges faced across West Yorkshire and Harrogate.
4. The WY&H STP also highlighted that, while underpinned by the six locality plans (covering Bradford District and Craven, Calderdale, Harrogate and Rural District, Kirklees, Leeds and Wakefield), a range of work / activity was also being undertaken collectively, across the wider STP area. This work / activity being determined by one or more of the following:
  - Services cut across the area and beyond the six local places.
  - There is benefit from doing the work once and sharing, so we make the best use of the skill and expertise we have.
  - Working together can deliver a greater benefit than working separately.

5. On this basis, the following areas / priorities have been identified in the WY&H STP:
  - Prevention
  - Primary and community services
  - Mental health
  - Stroke
  - Cancer
  - Urgent and emergency care
  - Specialised services
  - Hospitals working together
  - Standardisation of commissioning policies.
  
6. The purpose of this report, is to introduce some specific and more detailed information in relation to the 'Cancer' priority. Appended to this report are the following documents:
  - Report on the Cancer work stream within the West Yorkshire and Harrogate STP.
  - Cancer in West Yorkshire – Summary Report (April 2016)
  - Cancer in West Yorkshire – Information Pack (January 2017)
  
7. Appropriate NHS representatives have been invited to the meeting to discuss the details of the draft STP in more detail and address questions from members of the Joint Committee.

### **Recommendations**

8. That the Joint Committee considers the details presented and agrees any specific scrutiny actions and/or future activity.

### **Background documents<sup>1</sup>**

9. None.
