“This Council acknowledges the Inspector’s proposed further Main Modifications to the Site Allocations Plan Remittal, which would delete the employment site at Barrowby Lane, Manston and see it remain as Green Belt Land.

Whilst this was not the submitted proposal made by Council, Council welcomes the end of this Site Allocation Plan process, helping to prevent and protect residents from speculative development across the city. Council notes it has worked within the framework of legislation and national guidance that currently exists from Government, but notes the pattern throughout the Site Allocation Process of repeated changes to that national guidance and framework by Government. Council also notes this lack of consistency, alongside the dysfunction at the heart of Government and lack of inter-Governmental communication, has caused Council unnecessary and unwanted difficulty in planning positively for homes and jobs the people in Leeds need.

Council welcomes the extensive consultation and engagement carried out throughout all stages of the SAP, giving everyone a chance to make their voice heard and have their view considered. Council has and will continue to involve local people in both plan making and decision making, something that is enshrined in the updated statement of community involvement.

Despite the damage caused to the planning system by 12 years of dither, mismanagement and U-turns by the Conservative Government, Council remains resolute in our commitment to continuing to work with the people of Leeds to deliver appropriate development.”

A Hayden
