Add “This Council also believes legislative changes are needed to enable our nation to deal with Climate Change.” after the first sentence.

Add “need a new mandate to deliver on climate change, therefore council” after “vital services and” in the second sentence.

The amended white paper will read:-

This Council believes the people of Leeds deserve public services they can rely on, including local council services, the NHS, Police, Fire and Rescue, and Schools. This Council also believes legislative changes are needed to enable our nation to deal with Climate Change. Council believes the current Government has no mandate to impose further cuts to public spending on these vital services and need a new mandate to deliver on climate change, therefore council calls upon the Prime Minister to call a General Election as soon as possible.
