

CALL IN REQUEST

Date of decision publication: 12/9/23

Delegated decision ref: D56747

Executive Board Minute no: **n/a**

Decision description: **Active Travel Tranche 3 - A660 Corridor**

Discussion with Decision Maker:

Prior to submitting a Call In, a nominated signatory must first contact the relevant officer or Executive Member to discuss their concerns and their reasons for wanting to call in the decision. Part of this discussion must include the Member ascertaining the financial implications of requesting a Call In.

Please identify contact and provide detail.

- Director/author of delegated decision report.
 Executive Board Member

Detail of discussion (to include financial implications)

We discussed how, in my opinion, that the decision is not good value for money and the director pointed out that ultimately the decision is one to be taken by WYCA.

Reasons for Call In:

All requests for Call In must detail why, in the opinion of the signatories, the decision was not taken in accordance with the principles set out in Article 13 of the Council constitution (decision making) (principles of decision making) or where relevant issues do not appear to be taken into consideration. *Please tick the relevant box(es) and give an explanation.*

X	Proportionality (ie the action must be proportionate to the desired outcome)
	Due consultation and the taking of professional advice from officers
	Respect for human rights
	A presumption in favour of openness
X	Clarity of aims and desired outcomes
	An explanation of the options considered and details of the reasons for the decision
	Positive promotion of equal opportunities
X	Natural justice

Explanation

The scheme is detrimental to the vast majority of road users whilst providing a small benefit to cyclists and pedestrians (and no significant benefit to buses) and therefore does not represent value for money considering that this scheme comprises two thirds of the entire cycling expenditure in the city.

Leeds City Council Scrutiny Support

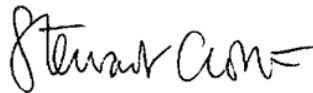

A Call In request may be made by a **minimum** of:
