I wish to report the applicant for Carpatica 2 dad has recently submitted a license for the sale of alcohol premises. I do not believe the meet the threshold fitness and propriety conditions to take on such a responsibility. I say this because the applicant is already engaged in the sale of restricted alcohol liquors without the aforementioned license. He is also engaged in the sale of illegal, European contraband cigarette and tobacco products that he has obtained duty-free. The applicant store the alcoholic beverages and tobacco products safely in his vehicle that is parked besides the business premises. The applicant I believe has prior history and convictions in respect of such matters. He is using the services of an inside licensing committee staff to expedite his application in the name of another individual so that he is not implicated. In light of the circumstances, I strongly object to this named individual, [REDACTED] from being granted the privilege of a licensed to sell alcoholic beverages.

Dear sir, or madam.

[REDACTED] applied for a license to sell beers, wines and spirits for consumption of his premises at Carpatica 2.

I object to this license being granted on behalf of several local residents Within the vicinity of this blight on our landscape.

[REDACTED] Has made an application, not in his name, but somebody else is fronting his application because [REDACTED] has a tarnished reputation for selling bootleg, alcohol and cigarettes from his other shop Carpatica on Dewsbury Road and Leads.

[REDACTED] has committed various immigration violations and has such Wood not himself meet the fitness and proprietary requirements.

There are a number of residents who have complained about this man because he sells alcohol and cigarettes from his shop, but hides the stock in his car Which is parked just outside his shop. You will see this when you come to visit and inspect his premises, but we do not want him to be granted this license.
