

Report of: Head of Locality Partnerships

Report to: Inner West Community Committee
[Armley, Bramley & Stanningley, Kirkstall]

Report author: Patrick Mulcahy

Date: Tuesday 21st November 2023

To note

Inner West Community Committee Update Report

Purpose of report

1. To bring to members' attention an update of the work which the Communities Team is engaged in, based on priorities identified by the Community Committee. It also provides opportunities for further questioning, or to request a more detailed report on a particular issue.
2. This report provides regular updates on some of the key activities between Community Committee meetings and functions delegated to Community Committees, Community Champions roles, community engagement, partnership and locality working.

Main issues

Updates by theme

Children and Young People: Champions Cllr C Gruen (as lead) and Cllr H Bithell

3. The Children and Young Person Sub-Group hasn't met since before the last Community Committee Meeting. A planning meeting between Champions was held on 7th November where it was asked if members of the Inner West Community Committee could provide ideas for which topics/issues they would like the sub group to work on.

Environment: Champion Cllr A Rontree

4. The Environment Sub-Group Met on 8th November 2023 and welcomed items from the below.
 - CNT Operations and Action Days

- Waste strategy and Upcoming Review of Service
- HWRCs

Cleaner Neighbourhoods Team Update

General Staffing

5. The Team Leader for Inner West was absent from May 2023 – September 2023. The previous post holder has now relocated to another role and away from CNT. This has very recently released the post to be able to recruit to. The Area Manager will be the point of contact for any Partners and Ward Members until the position is occupied. This has meant that there have been some delays in responding to Ward Members and we know this will improve once the post is occupied.
6. There is x1 Environmental Action operative, which is vacant, and is waiting for approval.

Street Cleansing and Enforcement

7. The “Little Scotland” bin yard project continues, and the team, including the enforcement officer visits the area twice a month to assess and divert resources as they are needed. The complaints for this area/bin yard clearance have reduced and we hope to continue with this “maintenance” approach to keep complaints to a minimum. Checks are due later this month before Bonfire night.
8. We have x1 Street Warden within the West who links in with Enforcement Officers and the crews and has completed waste/recycling educational work in and around Ley Lane over the summer months following accumulations of waste and incorrect presentation of waste. This has significantly reduced the demand for CNT services and made a positive environmental impact for the community.
9. The Graffiti Team continue to remove any offensive graffiti tags and in most cases within 48 hours, any requests for service must be sent to WNWAction@leeds.gov.uk.
10. We have supported various Action Days throughout the summer in the Inner West wards. Any issues or improvements to how these Action Days work have been addressed locally in partnership with Housing and Ward Members. There are no further planned days until early 2024.
11. The annual De-leafing programme commences on the 23rd October 2023. Ward members have been communicated with about this and will be updated throughout the programme. This is the largest piece of work that we complete each year and we use existing resources from within the team.
12. An electrical recycling bin has been placed in Armley Leisure Centre carpark as requested by a local environmental group.
13. There is still a large amount of work being completed across the West of Leeds by the various Litter Free Groups and this is really appreciated. We continue to support this work by providing the purple bags which are delivered by CNT staff to the nominated bag holders and

collecting the waste when left.

14. The team swept Stanningley Road in September and organised for the bus lane cameras to be deactivated for a short time to enable us to sweep and clear the channels.

Parks and Countryside Update

15. West Park Fields New Play Area - Kirkstall Members helped fund a new play area at West Park Fields which is on the boarder of Kirkstall and Weetwood. This is now open and feedback from residents has been good.
16. Jailey Fields – New Wortley Community Centre and the Communities Team are now carrying out consultation regarding new play equipment for Jailey Fields.
17. Cragside Rec – Parks are pricing up for some improvements including removing the old play area are repairing the path and areas under the fitness equipment – still awaiting some of the prices.
18. Kirkstall Abbey Fencing – Fencing along Vesper Lane is being considered to try to prevent travellers accessing. An application to Historic England has been made to which Parks have received a response to but there is still some discussion to be had before a decision is made – still awaiting decision from HE

Employment, Skills & Welfare: Champions Cllr J McKenna & Cllr T Hinchliffe

19. An update from Employment, Skills and Welfare can be expected every 6 months as per the agreement with the service. The last update was received for the October 2023 meeting.

Community Safety: Champion Cllr T Hinchliffe

LeedsWatch

20. An update from LeedsWatch can be expected every 6 months as per the agreement with the service.

Anti-Social Behaviour

21. An update will be provided for the next meeting.

West Yorkshire Police

Kirkstall

22. We are continuing to work with the Kirkstall ward councillors, members from Leeds City Council Anti-social behaviour team, Housing services and the police will be running some 'days of action' These days will involve partners visiting the local community and discussing any issues or concerns they may have. This is vital work as not everyone is able to come to community meetings. There will also be skips that the local community can use on the day.
23. ASB involving off road motorbikes and quad bikes continues to be a concern for residents in the local area, there are several operations planned with the Leeds Off Road motorbike team

to target those committing a nuisance and offending on motorbikes.

24. Officers in Kirkstall are working closely with partners such as housing and LASBT to protect those most vulnerable within our community. Several partial closure orders have been obtained to protect vulnerable people and officers continue to check and take positive action against those that are breaching the orders.
25. Work ongoing in the lead up to Halloween and Bonfire Night to reduce the number of incidents during this busy time. We are working closely with LASBT, housing, youth services and other agencies.

Bramley and Stanningley

26. Officers have focused on targeting Anti-Social vehicle use and off-road bike/quad use, speeding and inconsiderate parking in and around identified hot spot areas within the Bramley area. Partner agency work is ongoing with tenancy action being taken on addresses where off-road bikes are being stored. Numerous operations with traffic officers and the Off-Road Bike Team have taken place, with several stolen bikes having been recovered. More such operations are planned.
27. Officers continue to work to disrupt and engage with nuisance youths at the Bramley shopping centre, particularly utilising Misuse of Drugs and Anti-Social Behaviour legislation. Several individuals have been issued with Anti-Social Behaviour Injunctions with conditions to not attend the Shopping Centre, plus non-associations attached to the Injunction. Two individuals are now subject to Criminal Behaviour Orders and any breaches are proactively and swiftly pursued.
28. Partner agency work is ongoing to protect vulnerable victims of cuckooing. Several addresses now subject to Partial Closure Orders with compliance checks conducted on a regular basis. Several days of action around tackling ASB in the Bramley area have been organised with partner agencies.
29. Work ongoing in the lead up to Halloween and Bonfire Night to reduce the number of incidents during this busy time. We are working closely with LASBT, housing, youth services and other agencies.

Armley

30. Partnership working in New Wortley due to increases in youth disorder, drug dealing and damage. We continue to work with partner agencies and are formulating an action plan to tackle the issue. The police have carried out several drug warrants over the last few weeks and increased visibility in the area.
31. Ward officers have continued to monitor Armley Leisure Centre and immediate vicinity due to an escalation in Youth ASB. Reports have since reduced.
32. In conjunction with Leeds City Council and the Canal and River Trust, Ward Officers are looking to tackle ASB along the canal tow path and surrounding area.

Health and Wellbeing & Adult Social Care: Champions Cllr K Ritchie and Cllr A Parnham

Covid-19 Information -Autumn Update

33. Nationally there has been an increase in some COVID-19 indicators. While case rates have continued to rise, rates remain low overall with no evidence to date of infection leading to serious illness. In this update we'll outline what we know so far and what action we are taking.
34. We've been receiving a lot of questions about the new COVID (BA.2.86) variant, as people would like to know how it compares to other variants and what the implications might be for public health. It is important to note that to date only a small number of cases have been identified across the world, and we will need more data to draw any conclusions about the effect of these mutations on how transmissible it is and the severity of the variant.
35. The new variant is a sub-variant of Omicron, whilst this is being monitored closely this is not a variant of concern, however this may be causing some of the growth but evidence is still emerging. It's normal for viruses to mutate and change, and more widely we're still getting to grips with how the healthcare system responds to the ebb and flow of seasonal cases. As more data becomes available on this variant, we'll have a better understanding of how it interacts with our immune systems and how to optimise our protection and as well as actions we can take to keep the most vulnerable safe and live our lives as normally as possible.
36. The Department of Health and Social Care (DHSC) announced the winter vaccination programme has been brought forward as a precautionary measure to deliver greater protection against the potential impact of the new Covid variant, BA.2.86.

Priority Neighbourhoods

Armley Festival

37. On a glorious sunny Saturday afternoon on 9th September, the summer period was brought to a spectacular close with this year's Armley Festival. Led by Armley Action Team with funding support from the Inner West Community Committee, the event was a fantastic celebration of community, arts and entertainment for the residents of Armley to enjoy. People turned out in their hundreds to enjoy the music, food, stalls, entertainment and activities on offer, all supported by an army of brilliant volunteers working in sweltering temperatures. Another fantastic festival and a big thank you to Armley Action Team, all the volunteers, and the Inner West Community Committee for their funding support.

Jailey Fields Play Space

38. Through local engagement with residents and groups in the New Wortley area partners have been made aware of a need for a play space on Oak Road Rec, locally known as Jailey Fields. Young people on the Youth Board at New Wortley Community Centre started this journey with their ambition to "Make Jailey a Park" and undertook some engagement with local people at the New Wortley Festival. This ambition is also shared by the New Wortley Residents Association. There is a clear demand for play spaces that young people can access locally, and children have also indicated that they would like better access to nature through play.
39. Following this excellent work by the Youth Board, a partnership has been formed to work towards this ambition. The partnership includes Leeds City Council officers from Parks,

Communities Team and Active Leeds, as well as representatives from New Wortley Community Association and New Wortley Residents Association. The initial aim is to undertake community engagement and co-produce a funding bid to Veolia.

40. Armley Ward Councillors have committed in principle to contributing S106 funding towards a commuted sum for ongoing maintenance costs should the proposal be successful. Communities Team and Active Leeds officers have been undertaking engagement with local people which began at New Wortley Festival in the summer, followed by a meeting with members of New Wortley Youth Board, attendance at New Wortley CC 'stay & play', a visit to Castleton Primary School, and finally the creation of an online survey which will be open until 17th November.
41. Partners will be meeting in the run up to Christmas to consider all the engagement responses, finalise a scheme design and progress the funding bid. Further updates will be provided to Ward Members through the monthly briefings and to the IWCC through future reports.

Ministry of Boxing at Armley Leisure Centre

42. The Communities Team and Armley Leisure Centre staff have worked closely with the Ministry of Boxing to develop a weekly offer for young people. The sessions take place on Thursdays at the Leisure Centre, where up to 24 young people can benefit from free Boxing training sessions, including technique, shadowing work, footwork, cardiovascular activity, endurance work and partnership working. The young people also have the opportunity to get some food after the session. This provision started on 21st September and is currently funded until 14th December. The provision has been joint funded by the Inner West Community Committee and Get Set Leeds Local. Provision for young people at the Leisure Centre is particularly important, as it has been a target for youth anti-social behaviour.

Armley Children, Young People and Families Partnership

43. The Communities Team have started an Armley Children, Young People and Families partnership, which brings together third sector providers, the faith sector, and a variety of LCC services. The partnership will work on a variety of collaborative projects, including the development of a Youth Space at Armley Leisure Centre. This work builds on the existing provision to try to engage local young people. This is an exciting new partnership for Armley that will contribute towards the Priority Ward Partnership Plan, and complement the work around Safer Cleaner Greener, Armley Town Street and Health and Wellbeing.

Leeds City Council Youth Service

44. The WNW Team engaged with over 1300 young people during the summer and delivered 25 trips and visits between July and August. The team staffed 16 days of an arts programme covering all 3 inner west wards whilst continuing to deliver 45 weekly sessions including 9 Community Fun Days. Staff went above and beyond and worked long days and weekends to ensure young people had something enjoyable and positive to do during the school break.
45. The WNW team continues to deliver over 45 sessions per week with most aiming to give young people something positive to do as opposed hanging around the streets. Ongoing challenges around young people's involvement in anti-social behaviour have been jointly

managed through our involvement in area tasking and partnership opportunities. The WNW Youth Service Team continues to respond to issues highlighted in PWA Tasking Meetings by delivering mobile sessions in areas with reported youth nuisance. The WNW Team continue to work closely with the neighbourhood policing teams with some very positive intervention and partnership.

46. This quarter the Inner West Youth Committee enjoyed a team building activity at Kirkstall Valley Farm learning about farming and enjoying the outdoors. Our Youth Committee Members are the voice of young people from Inner West Leeds and help make decisions and recommendations towards services aimed at them. From community consultations through to social action projects our young leaders are an active group who welcome new members and new ideas. Recent examples of youth participation include: Yearly Youth Activities Fund Consultation Surveys, Youth Voice and Influence Sessions, Youth Summits, Consultations around the Council's Best City Ambition Plan, Consultations round housing planning, parks, Youth Action Projects, Youth Voice Community Cohesion Surveys, Service User Questionnaires over summer, Youth Voice Takeover Event, and young people's interview panels
47. We continue to work with partners to provide sporting opportunities including the Tuesday Armley Basketball Project with LDMA at Armley Leisure Centre, a new basket project at Leeds West Academy and several new boxing and self defence projects in Kirkstall and Armley.

Town Centres Update

48. Lack of shoppers remains the key problem in priority neighbourhoods though this does not seem to be such an issue in wealthier areas. This starkly reveals the pressures faced by residents and businesses in priority neighbourhoods. Some aspects of cost of living are subsiding however key ones are not and so many residents do not have the money or confidence to return to shopping. Pre-pandemic, funding would be found to produce and circulate posters encouraging people to "shop local" but in the current economic climate no-one has the money to fund such an initiative in priority neighbourhoods. (This is however occurring through town teams in some other areas of Leeds.) The Neighbourhood Centres Co-ordinator (NCC) managed to get an article into the Yorkshire Evening Post promoting local shopping and is seeking follow-up articles. Meanwhile the Armley Action Team and West Leeds Dispatch editor continue to do positive work featuring regular full-page articles from local shopkeepers.
49. The community and Armley Action Team arranged the annual festival which was one of the most successful in recent years. The NCC helped on the day and assisted with enabling Denison Hall to become involved with the festival staging a special event on the day when it became a mermaid's cave. A meeting is being held with Denison at the end of October to discuss next steps in partnership work to secure an ever-brighter future for the hall.
50. A tour of the town centre was requested by Highways as they determine the best route forward on future layout for Town Street between Branch Road and Theaker Lane. Community Team representatives including the NCC joined in the walk to highlight issues and opportunities and hear of the initial thoughts. More recently the NCC introduced the newly appointed Capable Guardian Co-ordinator Craig Hemingway to many businesses he will be link9ing with along the street. Patrol staff are currently being appointed for the three priority

neighbourhood centres of Armley, Harehills and Dewsbury Road.

51. In early October the NCC called in at businesses on Kirkstall Road to see how trade was going and ensure any which have opened since the last visit were made aware of the weekly Update information emailed to businesses outside the city centre. In accordance with this article's opening paragraph, businesses on Kirkstall Road were more buoyant than those on Town Street. A similar repeat visit to businesses in Bramley will be undertaken in November.

Updates from Key Services

Community Hubs

52. The service continues to go from strength to strength helping the customer across the Inner West.
53. We launch Welcome Spaces at all our sites on the 30th of October this is the same as the Warm Space provision that we did last year, anyone is welcome to come into the sites, take a bit of time out and help themselves to free tea and coffee.
54. At the same time, we are also launching an art doctor activity where there will be various art activities for customers to take part in whilst they are in the sites or alternatively to take away, this is an activity that is aimed at adults however young people will also be able to take part.
55. As they did last year, Armley and Bramley Community hubs and Libraries will be distributing coats as part of the winter coat appeal, if anyone needs a warm coat, they are able to pop in and pick one up from the rail for free.
56. With the ESIF contract winding down the Job Shops are starting to focus on returning to the same function they did pre covid helping anyone who comes into the centres in finding work. We are seeing an increased footfall in all our sites, in addition to the Job Shops at Armley and Hawksworth Wood we also do a pop up at Bramley Community Hub on Thursdays.
57. We continue to have several partners doing surgeries within the hubs including, Money Buddies, NWCC, Barca and many more. Barca are aiming at bringing a recipe station for a few weeks to Bramley Community Hub in the new year.
58. The wellbeing hub at Armley is proving to be a success, this is a space that has been designated to work with the NHS to provide some of their services such as Maternity and 0 – 19 Children's Health where there is a need for extra space in the community.
59. We continue with our regular events with each hub hosting weekly story time and digital drop ins where our librarian team are on hand to provide advice and assistance on all things digital. In addition to our social zones where there is a structured activity placed each day with the help of our partners, we are also hosting weekly groups for ABCD promotion, Mental health support, ESOL sessions, Sewing, Mens Mental Health Art Group, LGBTQ and What's your Game? Games groups.
60. We are in the process of planning Christmas events at each of our sites with Armley being on the 14th of December and Bramley on the 19th of December.

Housing Leeds

Annual Tenancy Contact Update

61. The new Annual Tenancy Contact process continues to go well within Inner West. We are now in year two of our three-year program to visit all residents in their home. We continue to

pick up support and safeguarding issues highlighted from these visits and have put some important intervention in place for these residents.

62. We have a two-pronged approach to visits, we will visit 33% of our tenants this year as well as all those believed to require additional support, this roughly equates to a further 11%. Plans are in place with local housing officers to ensure we meet these targets. Inner West are in a really good position and to date have completed 2,311 successful visits, against a target of 4,633 which equates to 49.88% and is comparable with the rest of the city.

Walkabouts

63. The purpose of an estate walkabout is to ensure Housing Leeds provide an excellent and consistent estate management service to all our tenants and communities. The walkabout provides opportunity for all customers and interested parties to walk around their estate with members of staff from Housing Leeds, and other Leeds City Council departments to monitor our performance and recommend improvements to the environment of our estates.
64. The most recent set of walkabouts have been positive across Inner West and seen a much more joined up approach with Local ward members and residents attending these as well.
65. Should you wish to get involved or are interested in becoming a 'block champion' for your High-Rise block/ walkabouts, you can help by coming along and pointing out areas of concern or sharing your ideas on how to improve your estate/Block. If you are interested, please contact Housing Leeds on 0113 378330, or via email on housinginvolvement@leeds.gov.uk . Alternatively, you can talk to your local Housing Officer.

Anti-Social Behaviour

66. All teams within Inner West continue to work together with LASBT and West Yorkshire Police to help tackle and reduce crime related activity and Anti-Social Behaviour within our areas.
67. The main themes are neighbour disputes mainly linked to noise. Again, these have been topical given we have just been through the summers period and would expect this to reduce over winter. We do have some more serious incidents of crime in hot spots area, but local teams are working with partners to tackle these elements at ASB.
68. Given the time of year, we have already held meetings with external service providers regarding Bonfire night and combatting any impromptu or not official bonfires. Over the last few years numbers are down so hopefully this will continue with our targeted work. if you do see anything which could constitute a bonfire then please report this to LCC.
69. We still encourage all residents to report all Anti-Social Behavior breaches by calling 0113 222 4402 (Weekdays, 9am to 5pm, except Wednesdays when we're open from 10am), Outside of office hours (6pm – 3:30am and weekends) – call 0113 376 0337 or reporting this online via Report antisocial behaviour or hate crime - leeds.gov.uk If you've been a victim of crime you should report this to the police on 101, or 999 if it's an emergency.

Good News Stories

Armley

70. District Heating (DH)/Ground Source Heat pump (GSHP). installation has now come to an end at Wortley Heights & Towers. We have also managed to get the contractors to do some work for us as part of the social fund for disturbance to residents. All raised planters have been ripped out ready for a HAP to be submitted for new bedding plants and a tarmacked area to the rear side of the Heights for thermoplastic markings.
71. GSHP works to Burnsall Croft & Grange will now commence in financial year 24/25.
72. Work well underway to introduce a children's play area in between the Clyde blocks, this will also incorporate thermoplastic markings for child to play on. Should this prove successful then the idea is replicate this at the Wortley blocks.
73. Armley are all but fully staffed now, we currently just have 1 vacancy at housing Officer level.
74. The Reema engagement sessions have gone well and now have contacted around 75% of residents.
75. Positive piece of work on the garage front for Armley to help generate more income for LCC after letting out a more garages since we last met.
76. Housing Officer income working hard to support tenants in financial hardship to maximise their income, tapping into food parcels and fuel vouchers. Food parcels now kept on site locally for delivery to those customers who cannot travel.
77. Patch Blitz's where Housing Officers have all been out and visited and carried out Annual Home Visits on different patches which has proved successful – future ones also planned. This allows us to check property condition and offer advice, assistance and signposting to those in need.
78. Capital Justification form submitted to our Planned Works team to see if we can access funding to help improve the visual aspect of our estates and internally within our blocks like painting and new flooring.
79. Planned works have started a new project to change the locks to the communal doors on our A1F flats to help improve access.

Bramley and Stanningley

80. 5 Patch Blitz's where Housing Officers have all been on estates and carried out Annual Home Visits on different patches which has proved successful – future ones also planned. We are identifying and supporting people with struggling with the cost of living crises and making referrals to relevant services for support.
81. BARCA funding received for fuel vouchers for family's struggling with debt, Housing have been working with Barca to establish customers meet the criteria and issuing vouchers to support.
82. 1 Housing Officer Vacancy to be recruited to.

83. Bramley have welcomed, 2 new staff to the team, 1 Housing Officer and 1 Housing Assistant to the team since September.
84. ASB action day on the Rossefield estate, attended by Housing Officers, LASBT, Police and Alison Lowe
85. Cost of living event took place at Moorsides which was attended by other organisations, councillors and Housing Officers and we are working with partners to book additional sites. Several people were assisted with, debts benefit advice, food and fuel and employment and skills links.
86. Garage Blitz carried out by all of the Housing Office Team, to advertise and let garages. Customers contacted with garage application to establish if they would like to sign up to a garage within Bramley.
87. Project undergoing to replace locks to communal doors, drying rooms and cupboard in a number of blocks and retirement life schemes within Bramley to improve access.

Kirkstall

88. Full block refurbishment of Moor Grange Court high rise still expected completion of this scheme by the end of this financial year. Scheme includes external wall insulation and updates to ventilation system as well as refurbished walkways.
89. Work commenced on ground source heat pumps and sprinklers in the Clayton high rise blocks which will enable residents to reduce their utility bills and assist in fire containment should one occur.
90. Two Housing Officer vacancies and one Housing Assistant vacancy being recruited to.
91. Housing Officer Income working hard to support tenants in financial hardship to maximise their income, tapping into food parcels and fuel vouchers. Food parcels now kept on site locally for delivery to those customers who cannot travel.
92. Communal electrical installation starting soon to Queenswood Drive maisonettes.
93. Painting to communal areas affected by fire safety and electrical works at Queenswood Court and Heights on site.
94. Action Day completed on Cragstides area. Several tons of waste removed from site, Housing Officers on site to assist residents dispose of their waste and tidy their gardens. This will enable us to focus our efforts on those that didn't take this opportunity to maintain their gardens and appropriate enforcement action will be taken in line with our laid down procedures.
95. Housing Officers actively contacting tenants to arrange home visits to check in on property condition and offer advice, assistance and signposting to those in need.

Community Engagement: Social Media

1. **Appendix 1** provides information on posts and details recent social media activity for the Inner West Community Committee Facebook Page.

Corporate Considerations

Consultation and Engagement

1. The Community Committee has, where applicable, been consulted on information detailed within the report.

Equality and Diversity/Cohesion and Integration

2. All work that the Communities Team are involved in is assessed in relation to Equality, Diversity, Cohesion and Integration. In addition, the Communities Team ensures that the wellbeing process for funding of projects complies with all relevant policies and legislation.

Council Polices and City Priorities

3. Projects that the Communities Team are involved in are assessed to ensure that they are in line with Council and City priorities as set out in the following documents:
 1. Vision for Leeds 2011 – 30
 2. Best City Plan
 3. Health and Wellbeing City Priorities Plan
 4. Children and Young People's Plan
 5. Safer and Stronger Communities Plan
 6. Leeds Inclusive Growth Strategy

Resources and Value for Money

4. Aligning the distribution of community wellbeing funding to local priorities will help to ensure that the maximum benefit can be provided.

Legal Implications, Access to Information and Call In

5. There are no legal implications or access to information issues. This report is not subject to call in.

Risk Management

6. Risk implications and mitigation are considered on all projects and wellbeing applications. Projects are assessed to ensure that applicants are able to deliver the intended benefits.

Conclusions

7. The report provides up to date information on key areas of work for the Community Committee.

Recommendations

8. The Community Committee is asked to note the content of the report and comment as appropriate.

Background documents¹

9. None.

¹ The background documents listed in this section are available for inspection on request for a period of four years following the date of the relevant meeting Accordingly this list does not include documents containing exempt or confidential information, or any published works Requests to inspect any background documents should be submitted to the report author.
