

Equality, Diversity, Cohesion and Integration (EDCI) screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being or has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

This screening relates to decisions concerning the use of the Supplemental Substance Misuse Treatment & Recovery Grant, Supplementary Substance Misuse Treatment & Recovery Housing Support Grant and Inpatient Detoxification Grant in 2024/25, provided by the Office of Health Improvement and Disparities (OHID). The aim of the funding is to increase the number of people in treatment, reduce drug-related deaths, increase engagement of those leaving prison treatment services and improve service quality by increasing the staffing levels across treatment services and reducing caseloads.

The SSMTRG programme for this year builds on the expansion already underway, with spend approval now being sought for:

- Continuation of the funding for Public Health and Commissioning roles.

- Continuation of two Family Drug and Alcohol Court (FDAC) workers, employed by Barca Leeds, who will work closely with families during court proceedings, attending to the behaviours which led the local authority to bring the parent to court and supporting effective engagement in treatment.
- Continuation of funding for the St Anne's Residential Alcohol Detoxification and Rehabilitation Service.
- Continuation of three roles within the Integrated Offender Management support service provided by Change Grow Live to improve and enhance pathways between criminal justice settings (police custody suites, prisons and courts) and treatment.
- Continuation of funding for a Education Practitioner within Leeds Teaching Hospitals Trust, to act as a key point of contact for all ward staff on alcohol and drug issues.
- The direct award of a contract for an outreach and prevention service to address high impact high dependency street drinking and related anti-social behaviour.

- **How have you considered equality, diversity, cohesion and integration?** (**think about** the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

- **Key findings** (**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions** (**think about** how you will promote positive impact and remove/ reduce negative impact)
