This Council acknowledges that during this spring and summer the refuse service has continuously underperformed and has now dipped below any reasonable standard, taking into account and accepting the many complexities around service delivery in Leeds.

Council further accepts that attempts to instigate positive change through scrutiny have proved largely ineffective and that the necessary tools to drive forward improved delivery are already, broadly, in place.

With that in mind, Council therefore resolves to immediately form a cross-party working group to work with the service to bring about meaningful and sustainable change.

Council commits to working collegiately to ensure that the mechanisms that are currently in place to support improved service delivery are fully adhered to and adopted and to further ensure that the people of Leeds are obtaining the best possible service.
