## **Outer North East Community Committee - Finance Report**

---

### **Purpose of report**

1. This report provides the Community Committee with an update on the budget position for the Wellbeing Fund, Youth Activity Fund, as well as the Community Infrastructure Levy Budget for 2019/20.

### **Main issues**

2. Each Community Committee has been allocated a wellbeing budget (revenue and capital) and Youth Activities Fund which it is responsible for administering. The aim of these budgets is to support the social, economic and environmental wellbeing of the area and provide a range of activities for children and young people, by using the funding to support projects that contribute towards the delivery of local priorities.
3. A group applying to the Wellbeing Fund must fulfil various eligibility criteria, including evidencing appropriate management arrangements and financial controls are in place; have relevant policies to comply with legislation and best practice e.g. safeguarding and equal opportunities and be unable to cover the costs of the project from other funds.
4. Wellbeing funding cannot be paid retrospectively. An application form must be submitted and approved by the Community Committee before activities or items being purchased through wellbeing funding are completed or purchased.
5. The amount of wellbeing funding provided to each committee is calculated using a formula agreed by Council, taking into consideration both population and deprivation of an area.

6. Capital (CRIS) injections are provided as a result of council assets being sold. 5% of the sale price (up to a maximum of £100k) of a council asset is pooled city-wide and redistributed to the Community Committee areas on the basis of deprivation. The Community Committee will receive a new capital injection every 6 months.
7. Each Community Committee has also been allocated a Community Infrastructure Levy budget. For each CIL contribution, Leeds City Council retains up to 70-80% centrally, 5% is needed for administration and 15-25% goes to be spent locally. The money will be vested with the local Town or Parish Council if applicable, or with the local Community Committee and spend decided upon by that body. This local money is known as the 'Neighbourhood Fund' and should be spent on similar projects to the Wellbeing Fund (capital).
8. Projects eligible for CIL funding in the Outer North East this means that the money for Alwoodley, Harewood and Wetherby will be administered by Aberford & District, Alwoodley, Bardsey Cum Rigton, Barwick in Elmet & Scholes, Boston Spa, Bramham cum Oglethorpe, Bramhope and Carlton, Clifford, Collingham with Linton, East Keswick, Harewood, Scarcroft, Shadwell, Thorner, Thorp Arch, Walton, Wetherby.
9. It was agreed at Outer North East Community Committee that CIL monies for Alwoodley, Harewood and Wetherby would be spent in the ward it was generated in.
10. Be community events; environmental improvements; crime prevention initiatives, or opportunities for sport and healthy activities for all ages. In line with the Equality Act 2010, projects funded at public expense should provide services to citizens irrespective of their religion, gender, marital status, race, ethnic origin, age, sexual orientation or disability; the fund cannot be used to support an organisation's regular business running costs; it cannot fund projects promoting political or religious viewpoints to the exclusion of others; projects must represent good value for money and follow Leeds City Council Financial Regulations and the Council's Spending Money Wisely policy; applications should provide, where possible, three quotes for any works planned and demonstrate how the cost of the project is relative to the scale of beneficiaries; the fund cannot support projects which directly result in the business interests of any members of the organisation making a profit.
11. Any request for funding would involve discussions with appropriate ward members. Where projects do not have support from the Community Committee and are not approved, applicants are offered further discussions and feedback if this is requested.
12. In order to provide further assurance and transparency of all decisions made by the Community Committee, any projects that are not approved will be reported to a subsequent Community Committee meeting.
13. Sometimes urgent decisions may need to be made in between formal Community Committee meetings regarding the administration of wellbeing and youth activity budgets and also regarding the use of the Community Infrastructure Levy (CIL) Neighbourhood Fund which has been allocated to the Community Committee. Alongside the Committee,

designated officers have delegated authority from the Director of Communities and Environment to take such decisions.

14. The Community Committee has previously approved the following 'minimum conditions' in order to reassure Members that all delegated decisions would be taken within an appropriate governance framework, with appropriate Member consultation and only when the following 'minimum conditions' have been satisfied
15. At the first meeting of the 2016/17 municipal year, the Committee agreed the following 'minimum condition' in order to reassure Members that all delegated decisions would be taken with appropriate Member consultation and only when such a condition has been satisfied:
16. *'That all 3 Ward Members must be in agreement (unanimous) for a delegated decision to be approved'*. (Minute No. 17(v), 13<sup>th</sup> June 2016). This was re-confirmed at the first meeting of 2018/19, that: *'all 3 Ward Members must give their unanimous approval for a delegated decision to be approved (via a Ward Member meeting or email)'*. (Minute No. 13(v), 11<sup>th</sup> June 2018).
17. Given that this condition has now been in operation for 3 years, the Committee is invited to review it and consider whether any amendments or additions are required, prior to agreeing such 'minimum conditions' for operation in 2019/20.
18. Members are asked to review the minimum condition as set out in paragraph 16 of this report, consider whether any amendments or additions are required, and approve such conditions for operation in 2019/2020. These conditions would need to be satisfied prior to an urgent delegated decision being taken in between formal Community Committee meetings in respect of the administration of Wellbeing and Youth Activity budgets and also the use of the CIL Neighbourhood Fund which has been allocated to the Committee.
19. Members are reminded that the necessary scrutiny of applications to satisfy our own processes, financial regulations and audit requires the deadline for receipt of completed applications to be at least five weeks prior to any Community Committee. Some applications will be approved via Delegated Decision Notice (DDN) following consultation with Members outside of the Community Committee meeting cycle.

### **Wellbeing Budget Position 2019/20**

20. The total revenue budget approved by Executive Board for 2019/20 was **£66,650** approved for the Outer North East Community Committee. **Table 1** shows a carry forward figure of **£116,047.69** which includes underspends from projects completed in 2018/19. **£104,191.09** represents wellbeing allocated to projects in 2018/19 and not yet completed. The total revenue funding available to the Community Committee for 2019/20 is therefore **£78,506.60**. A full breakdown of the projects approved or ring-fenced is available on request.

21. It is possible that some of the projects may not use their allocated spend. This could be for several reasons, including the project no longer going ahead, the project not taking place within the dates specified in the funding agreement, or failure to submit monitoring reports. Due to this the final revenue balance may be greater than the amount specified in Table 1.

22. The Community Committee is asked to note that there is currently a remaining balance of **£74,799.75**. A full breakdown of the projects is listed in Table 1 and is available on request.
