## **Outer East Community Committee - Finance Report**

## **Purpose of report**

1. The report provides the Community Committee with an update on the budget position for the Wellbeing Fund, Youth Activity Fund, Capital Budget, as well as the Community Infrastructure Levy Budget for 2022/23. It also provides the committee with an update on organisations funded by the Community Committee and how their project delivery will be affected by the Coronavirus pandemic.

#### Main issues

- 2. Each Community Committee has been allocated a wellbeing budget (revenue and capital) and Youth Activities Fund which it is responsible for administering. The aim of these budgets is to support the social, economic, and environmental wellbeing of the area and provide a range of activities for children and young people, by using the funding to support projects that contribute towards the delivery of local priorities.
- **3.** A group applying to the Wellbeing Fund must fulfil various eligibility criteria, including evidencing appropriate management arrangements and financial controls are in place; have relevant policies to comply with legislation and best practice e.g., safeguarding, and equal opportunities and be unable to cover the costs of the project from other funds.
- **4.** Wellbeing funding cannot be paid retrospectively. An application form must be submitted and approved by the Community Committee before activities or items being purchased through wellbeing funding are completed or purchased.

- **5.** The amount of wellbeing funding provided to each committee is calculated using a formula agreed by Council, taking into consideration both population and deprivation of an area.
- 6. Capital (CRIS) injections are provided as a result of council assets being sold. 5% of the sale price (up to a maximum of £100k) of a council asset is pooled city-wide and redistributed to the Community Committee areas on the basis of deprivation. The Community Committee will receive a new capital injection every 6 months.
- 7. Each Community Committee has also been allocated a Community Infrastructure Levy budget. For each CIL contribution, Leeds City Council retains up to 70-80% centrally, 5% is needed for administration and 15-25% goes to be spent locally. The money will be vested with the local Town or Parish Council if applicable, or with the local Community Committee and spend decided upon by that body. This local money is known as the 'Neighbourhood Fund' and should be spent on similar projects to the Wellbeing Fund (capital).
- 8. In the Outer East Community Committee, the CIL money for Allerton Bywater Parish Council, Great and Little Preston Council, Kippax Parish Council, Ledsham Parish Council, Ledston Parish Council, Micklefield Parish Council and Swillington Parish Council will be administered by each individual Parish Council, whereas monies for Cross Gates & Whinmoor, Garforth, Methley and Temple Newsam will be administered by the Outer East Community Committee.
- **9.** It was agreed at Outer East Community Committee on the 2 October 18 that CIL monies for Cross Gates & Whinmoor. Garforth, Methley and Temple Newsam would be spent in the ward it was generated in
- 10. Projects eligible for funding by the Community Committee could be community events; environmental improvements; crime prevention initiatives, or opportunities for sport and healthy activities for all ages. In line with the Equality Act 2010, projects funded at public expense should provide services to citizens irrespective of their age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation: the fund cannot be used to support an organisation's regular business running costs; it cannot fund projects promoting political or religious viewpoints to the exclusion of others; projects must represent good value for money and follow Leeds City Council Financial Regulations and the Council's Spending Money Wisely policy; applications should provide, where possible, three quotes for any works planned and demonstrate how the cost of the project is relative to the scale of beneficiaries; the fund cannot support projects which directly result in the business interests of any members of the organisation making a profit.
- **11.** Any request for funding would involve discussions with appropriate ward members. Where projects do not have support from the Community Committee and are not approved, applicants are offered further discussions and feedback if this is requested.
- 12. In order to provide further assurance and transparency of all decisions made by the Community Committee, any projects that are not approved will be reported to a subsequent Community Committee meeting. Sometimes urgent decisions may need to be made in between formal Community Committee meetings regarding the administration of wellbeing and youth activity budgets and also regarding the use of the Community Infrastructure Levy (CIL) Neighbourhood Fund which has been allocated to the Community Committee. Alongside the Committee, designated officers have delegated authority from the Director of Communities and Environment to take such decisions.

- **13.** The Community Committee has previously approved the following 'minimum conditions' in order to reassure Members that all delegated decisions would be taken within an appropriate governance framework, with appropriate Member consultation and only when such conditions have been satisfied:
  - a) consultation must be undertaken with all committee/relevant ward members prior to a delegated decision being taken.
  - b) a delegated decision must have support from a majority of the community committee elected members represented on the committee (or in the case of funds delegated by a community committee to individual wards, a majority of the ward councillors); and
  - c) details of any decisions taken under such delegated authority will be reported to the next available community committee meeting for members' information.
- 14. Members are reminded that the necessary scrutiny of applications to satisfy our own processes, financial regulations and audit requires the deadline for receipt of completed applications to be at least five weeks prior to any Community Committee. Some applications will be approved via Delegated Decision Notice (DDN) following consultation with Members outside of the Community Committee meeting cycle.

### **Wellbeing Budget Position 2022/23**

- **15.** The total revenue budget approved by Executive Board for 2022/23 was £93,440 for the Outer East Community Committee. Table 1 shows a carry forward figure of £99,897.40 which includes underspends from projects completed in 2021/22. Allocated wellbeing projects in 2021/22 is £26,805.76 and not yet completed. The total revenue funding available to the Community Committee for 2022/23 is therefore £166,531.64. A full breakdown of the projects approved or ring-fenced is available on request.
- **16.** It is possible that some of the projects may not use their allocated spend. This could be for several reasons, including the project no longer going ahead, the project not taking place within the dates specified in the funding agreement, or failure to submit monitoring reports. Due to this the final revenue balance may be greater than the amount specified in Table 1.
- **17.** The Community Committee is asked to note that so far, a total of £112,604.38 has been allocated to projects, as listed in Table 1.
  - a) The Community Committee is also asked to note that there is a remaining balance of £54,456.17 in the Wellbeing Revenue Fund.

#### **Projects for consideration and approval**

#### **Wellbeing Budget**

The following projects are presented for Members' consideration and approval:

**19. Project Title**: Youth Intervention Programmes

Organisation: West Yorkshire Fire & Rescue Service

**Total Project Cost**: £9,685.00 **Amount Proposed** £4,842.50

Wards covered: Cross Gates & Whinmoor (£2,421.25) and Temple Newsam (£2,421.25)

**Project Summary**: The funding will be used to support youth intervention programmes aimed at all age groups but specifically those young people who are most at risk of becoming disengaged with education and society through anti-social behaviour (ASB) or dangerous driving. The programmes have been developed to challenge perceptions and encourage young people to take responsibility for their actions. The programmes will equip young people in a full Fire Kit and provide use a dedicated Youth Fire Engine. Young people will learn practical fire-fighting skills, such as use of pumps and hoses, so they can lead in team building scenarios which simulate the fire service's response to incidents associated with criminal activity such as attacks of fire fighters.

#### **Community Committee Plan Priorities/Objectives**

• Best City for Communities.

• Best City for Children & Young People

**20.** Project Title: Community Fridge

**Organisation:** Connecting Crossgates

**Total Project Cost:** £4,469.50 **Amount Proposed** £1,916.50

Wards covered: Cross Gates & Whinmoor (£1,725.00), Temple Newsam (£135.00) and

Kippax & Methley (£56.50)

**Project Summary:** With the cost of living rising dramatically the community fridge was launched in October 2022 with funding from Hubbub in partnership with St James' Manston C of E and is located at Manston Parish Church Hall. People can either donate surplus food or drop in to get some food once a week, members choose 12 items at a set affordable fee of £3.50 per visit. Unlike a food bank, the community fridge is more like a pantry which is open to all, no referral needed. This seeks to avoid stigma and helps build community cohesion. Choice and payment ensure dignity is a key feature. The project is not just about cheap affordable food but also about encouraging our community to share food and avoid waste.

#### **Community Committee Plan Priorities/ Objectives**

- Best City for Communities.
- Best City for Health & Wellbeing.

#### **Monitoring Information**

**21.** As part of the funding agreements, all projects which have had funding approved by the Community Committee are required to provide update reports on the progress of their project. These reports are so that the Community Committee can measure the impact the project has had on the community and the value for money achieved.

There following project was delivered in Temple Newsam Ward:

a) Red Kite Learning Trust, TNCP: School Holiday Programme

**Project Monitoring Summary:** The organisation provided access to better chances and opportunities in life due to increased and improved local provisions and facilities for children and young people, including the most vulnerable groups. All aspects of the project supported physical and emotional health and wellbeing through fun and inclusive activity programmes, which encouraged creative expression, improved confidence, self-esteem, and positive relationships.

A wide variety of positive activities were delivered including 15 events/ trips that were co-ordinated over Easter, May, and Summer 2022. Informal learning opportunities took place over the school holidays with visits to wildlife centres/ farms to teach young people about animals/ nature; Art and History at Temple Newsam House; confidence building at Go Ape/ Kayaking and Canoeing. Positive community cohesion brought families together at community venues such as local schools for activity sessions. Positive family time was promoted among children and young people with parents/ carers encouraged to attend activities in the local community, Family Support workers worked alongside parents to achieve this outcome. Regular contact took place with vulnerable families over the school holidays, particularly where safeguarding and child protection was a cause for concern.

Activities delivered as part of this project included:

- Two Trips to Cannon Hall Farm.
- Donkey Sanctuary Visit.
- Canoeing and Kayaking.
- Tour and Activity at Temple Newsam House.
- Two Family Creativity Workshops at Temple Newsam House.
