

Appendix 2: Overview of Health and Wellbeing Strategy Refresh engagement

Between September 2022 and early July 2023, the following groups have been engaged with around the Health and Wellbeing Strategy (HWS) Refresh. The purpose of the engagement was to explain the approach of the HWS Refresh and to ask stakeholders for their initial views on the direction of travel of the refreshed strategy and how it should be delivered. Some of these groups such as the Leeds Health and Wellbeing Board have been involved in several engagement sessions in the development of the HWS refresh.
