

## Appendix 2

The Safer Leeds Performance and Intelligence Team (including Police and LCC analytical staff) support the ongoing work reviewing local, regional, and national data and trends on a regular basis and reporting updates to the SLE. Reporting is presented around 3 core categories, encompassing all 9 priority areas. The table below summarises the measures monitored and current performance trends:

Priority Area	Relevant Measures	Key Performance Headline(s) (Comparison Jul22-Jun23 to Jul21-Jun22)
<b>PERSONAL SAFETY AND SAFEGUARDING</b>		
Domestic Violence and Abuse	Domestic Violence Incidents	Leeds reported DVA Incident volume has seen no significant change
Violence and Sexual Crime	Violence against the person and sexual offences	Little overall change in volume, although violent offences with injuries have reduced slightly
People with Multiple Needs	Monthly Rough Sleeper Counts	There have been recent increases in numbers of identified rough sleepers.
Exploitation and Radicalisation	Contextual/ Qualitative	N/A
<b>SOCIAL AND COMMUNITY IMPACTS</b>		
Illicit Drugs and Substance Misuse	Drug possession and supply offences Needle and Drug Paraphernalia [environmental]	Leeds Drug offence volume has increased: however, a rise in drugs offences is often an indicator of increased police proactivity.
Hate Crime	WYP Hate incidents	Racially / religiously hate incidents have reduced, although Disability and Transphobic incident volumes have increased slightly.
ASB and Public Order	WYP ASB Arson and Criminal Damage offences Public Order offences ASB incidents [LCC] Deliberate Fires [WYFRS]	Police ASB, Arson and Criminal Damage, and Public Order Offences have all decreased. However, WYFRS deliberate fire incidents have seen an increase, as have LCC recorded ASB reports.
<b>NEIGHBOURHOOD CRIME AND OFFENDING BEHAVIOURS</b>		
Offending Behaviours	Theft Offences Robbery Burglary	There have been increases in Theft and Robbery Offences. Domestic Burglary is stable, although commercial offences have reduced.
Organised Crime and Street Gangs	Contextual/ Qualitative including knife related incidents (WYP and LTHT)	Levels of identified knife related crime and A&E admissions are stable.

West Yorkshire Police (WYP) is a critical partner in the SLE and our strong partnership working with the police is crucial to all aspects of achieving our shared priorities. Reflecting the significance of WYP role and influence in the partnership, a separate update has been included at appendix 1 including specific crime data/ figures.
