### Comments Details

Commenter Type: Neighbour response

Stance: Customer objects to the Licensing Application

Reasons for comment:

Comments: 09/11/2023 5:44 PM I object to this licence to be granted for the reason of pollution and safety.

as a local resident we often have discarded rubbish, plastic and other debris from the nearby commercial units blowing over in to garden and other neighbours gardens. the adding of another site to sell alcohol which is usually packed in plastics, wraps and cardboard could become loose and contaminate the environment. We often litter pick fabrics and packaging from the nearby businesses within the Hilltop centre.

I haven't seen any advertisement of this place applying to sell alcohol and I often walk the dog up and down the road. I'm surprised this has gone unnoticed for a great deal of time as I would suspect other people would have made comments toward the licence. traffic which will increase around the small, dark narrow bends of houghley lane would add additional public safe issues as cars and trucks to and from the factories often speed up and down. we do not need more of this especially with young children around.

how many business need to sell alcohol in Leeds? is it something else we need in the area. We have an Aldi that sells low price alcohol and every other shop or service sell alcohol when will enough be enough?

[REDACTED] please take my comments in to consideration.
